

## NATO Ministers Endorse Western Arms Proposals

Ike Tells Conference May 16 Talks  
Won't Produce Quick Results

Istanbul, Turkey — (AP) — NATO foreign ministers, meeting within the confines of a city under martial law, today endorsed western proposals on disarmament to be put to the Soviet Union at the summit.

U. S. Sec. of State Christian A. Herter read to the conference a special message from President Eisenhower warning that the western big three meeting with Soviet Premier Nikita S. Khrushchev opening in Paris May 16, probably will not produce any quick or spectacular results.

**Difficult Problems**  
Eisenhower cautioned against hoping for too much. He said the Paris meeting is only one more "in what may

## Fisherman Dies In Wolf River

Weyauwega Man  
Falls From Boat  
Pulling in Anchor

Weyauwega — Alan Hecker, Jr., 34, of Weyauwega, fell from his boat and drowned in the Wolf river near Gill's Landing while trying to weigh anchor about 2:41 a.m. Sunday.

Insulated clothing brought Hecker's body to the surface and Emil Lipke of Lind Center, fishing nearby, was able to recover it. Lipke's boat drifted a half mile to the Louis Strange resort where other fishermen helped him bring the body ashore.

Hecker was pronounced dead from drowning by Dr. L. P. Maasch, Weyauwega, deputy coroner after the fishermen vainly attempted to revive Hecker with artificial respiration.

Dr. Maasch said Hecker apparently struck his head on the boat when he fell after standing up to pull in the anchor. Hecker's watch stopped at 2:41. There was a bruise across the bridge of Hecker's nose.

## Dr. Dooley Leaves For Cancer Exam

Nairobi, Kenya — (AP) — Dr. Thomas Dooley, the cancer-stricken American physician who organizes hospitals in underdeveloped nations, left today for the United States for another medical checkup.

Dooley, who runs a clinic in Laos, stopped off here to visit a clinic directed by an American-trained African, Dr. Mungali Njoroge.

Dooley, whose home is in St. Louis, Mo., underwent an examination in Bangkok in March and said "no extension of my cancer was found."

## Durfee Sworn in as Claims Court Judge

Washington — (AP) — James R. Durfee of Antigo, Wis., was sworn in today as a judge on the U. S. Court of Claims.

The oath was read to him by Chief Judge Marvin Jones. Durfee succeeds Judge Benjamin H. Littleton, retired, in the \$25,000-a-year lifetime job.

## Value of Using Brand Names Being Stressed

This is Brand Names week, a week set aside to explain and emphasize the value of buying and using name brand products. The maker of a brand name product and the retailer who sells it stake their reputations on the quality of the product.

## Chessman Dies In San Quentin Gas Chamber

Execution Ends  
12-Year Fight of  
Convict-Author

San Quentin, Calif. — (AP) — Caryl Chessman died today in the San Quentin prison gas chamber.

Word that the cyanide pellets had dropped into the acid in the prison's gas chamber was flashed to waiting reporters by a Chessman secretary who had an open telephone line to the execution room.

The potassium cyanide pellets dropped into the acid in the death chamber at 12:03 (CDT) and Chessman was pronounced dead at 12:12 (CDT).

Last minute decisions by the supreme courts of California and the United States doomed Chessman to death just 10 minutes before the execution. Supreme Court Justice William Douglas refused to consider an appeal by Chessman's attorneys. The California supreme court earlier voted 4 to 3 to deny a last-minute stay of execution.

Federal Judge Louis E. Goodman told newsmen he would have granted a 30 minute stay of execution to hear Chessman's 11th hour appeal. A petition was filed with Goodman only five minutes before the execution hour. While he was in his chambers he heard the pellets had been dropped.

With the last denial Warden Fred Dickson and his associates left their offices for condemned row where the convicted man waited 13 steps from the gas chamber which he had escaped for nearly 12 years by an unprecedented series of legal maneuvers.

Chessman died under a double conviction of kidnapping for robbery with bodily harm, the official legal description of perverted sex attacks on two women in Los Angeles lovers' lanes in January 1948. These crimes he denied.

**Nine Death Dates**  
Nine times his death was set, and eight times he thwarted it.

Seven times the courts granted stays to permit new appeals. The eighth time Gov. Edmund G. Brown issued a reprieve to avoid hostile demonstrations against President Eisenhower in Latin America and to push an abortive effort to abolish capital punishment in California.

The persistence and brilliancy of the campaign of appeals which Chessman conducted from his cell in death row made his name a household word around the world.

In prison he wrote four books. One of them, "Cell 2455, Death Row," became a best-seller in many languages.

## End Death Row

Some Children Joined with their parents Sunday evening on a vigil near San Quentin prison as protesters against the execution of convict-author Caryl Chessman. Many maintained an all night death watch, holding down in sleeping bags.

# Istanbul Lawyers Join Drive Against Premier

Former President Herbert Hoover shook the hand of Walter Soder, 12, of Hartford, Conn., at a New York ceremony Sunday in which Hoover laid the cornerstone of a new building to be used as headquarters of the Boys' clubs of America. The former president has served as board chairman of Boys' clubs for 25 years.

## Heavy Politicking Ushers in Week Filled With Primaries

D.C., Alabama, Ohio, Indiana and  
Florida Have Balloting Tuesday

Washington — (AP) — A weekend flurry of heavy politicking has ushered in a week crammed with primaries.

Voters in the District of Columbia, Ohio, Indiana, Alabama and Florida will ballot in primaries tomorrow. Texas will have a primary Saturday.

To set the stage, presidential candidates and their supporters roamed various parts of the country, meeting voters, attacking each other, and praising or condemning the Eisenhower administration.

In Chicago yesterday, Vice President Richard M. Nixon said he had no intention of divorcing himself from the record of the administration.

He talked of a new farm program. "We must break away from what we have," Nixon told a news conference. "Everyone agrees it's wrong."

Nixon was replying to a prediction made at a Democratic rally in Washington Saturday night. There, House Speaker Sam Rayburn of Texas said Nixon would disavow the administration record when he became the Republican nominee.

**What About Draft?**  
"But he won't get away with it," Rayburn said.

Another prominent Republican, Gov. Nelson A. Rockefeller of New York, was in Chicago yesterday. On his arrival, reporters fired questions at him.

Would he accept a draft at the Republican convention? "The possibility is so remote, it is not worth speculating about," he replied.

Whom would he like to see as the next president? Rockefeller, who has not endorsed Nixon, grinned and remained silent.

The West Virginia primary attracted attention again as the state Teachers union endorsed Sen. Hubert H. Humphrey of Minnesota last night.

Humphrey, opposed by Sen. John F. Kennedy of Massachusetts in the May 10 primary, said "I am always pleased when I get the help of honest working people."

But Kennedy said "I'm sure that the people of West Virginia are not going to let Jimmy Hoffa determine who should be the Democratic nominee for president." Hoffa, a foe of Kennedy, is president of the National Teachers Union, which says it has not endorsed any one in the primary.

## Crack Fake Money Ring; 3 Arrested

Naples — (AP) — Italian police today said they had cracked a ring dealing in counterfeit U. S. currency. Officers said they arrested a U. S. marine sergeant and two Italians several years ago.

The three and two Italians arrested at Genoa were charged with distributing counterfeit money. Police said the men received it from counterfeiters operating outside of Italy, possibly in Geneva or Paris.

Police identified the marine as Manuel Pintor, 31, of San Antonio, Texas. He was assigned to the U. S. aircraft carrier Forrestal, which often calls at Naples. He was taken into custody before the carrier sailed four days ago.

The two Italians deported from the United States as undesirables were identified as Giuseppe Grisali, 53, and Matteo Palmero, 48. Police said they had served prison sentences in the United States, possibly Trenton, N. J., and Sing Sing, N. Y. Like Pintor, the two were arrested in Naples.

## Press Sounds Warning

# Chessman Case Makes Headlines in Europe

London — (AP) — The impending execution of Caryl Chessman, the California sex criminal, spread black headlines across the length and breadth of Europe today.

Editorials warned of adverse political effects on American foreign relations if the death sentence is carried out.

Even in London, with newspapers devoting thousands of words to Princess Margaret's wedding next Friday, Chessman's last hours were front-page news.

In Paris, the conservative Figaro said editorially: "All the moral benefit of President Eisenhower's trip to South America will be suddenly destroyed this morning if Chessman is executed."

The German Daily Frankfurter Allgemeine commented: "If Chessman dies, California justice will have done serious damage to law and the dignity of man."

## First Support for Youths Seeking Menderes Ouster; Students Clash With Troops

Istanbul, Turkey — (AP) — Turkish students, who have been carrying on virtually alone a campaign against Premier Adnan Menderes' government, won the support of prominent Istanbul lawyers in new demonstrations today.

Troops dispersed a series of antigovernment gatherings. About 3,000 youths shouting "freedom! freedom!" clashed with soldiers guarding the broad plaza in sight of the NATO meeting place.

About 100 attorneys—dressed in long, black judicial robes—gathered in the Istanbul palace of justice (high court) singing patriotic songs and shouting "liberty." They had planned to march on the new city hall where NATO ministers are meeting.

Turkish troops moved into the palace of justice and arrested at least 30 lawyers six of them women, at bayonet point. The rest were forced to leave the building and dispersed.

**500 Students**  
The incident in the court took place as 500 students marched silently down both sides of Istiklal Caddesi, the city's main business street, toward Taksim square.

The students intended to demonstrate in the square, site of a monument to Turkey's war dead. But troops threw a ring around the square and pushed the students back into winding side streets.

The demonstration by the 3,000 youths, mostly students, was the day's first incident in this martial law-ruled city.

The soldiers pushed the demonstrators back with the butts of their rifles. Suddenly the crowd broke and scattered into several small side streets. Officials and newsmen watched the clash from the windows of the city hall.

There was no shooting, although Premier Menderes had warned yesterday that more anti-government demonstrations would not be tolerated, and a government announcement said the army had been ordered to fire on demonstrators if necessary to disperse them.

**Local Crisis**  
Neither Menderes nor President Celal Bayar were on hand at the opening NATO session to welcome the ministers, presumably because they were busy with the local crisis.

The crowd was quiet and orderly as it gathered on a vacant tract opposite city hall to turn to Page 7, Col. 1.

## Ike to Deliver Major Policy Speech Tonight

Washington — (AP) — President Eisenhower will make a major foreign policy address tonight.

The address at a dinner sponsored by the committee for international economic growth and the committee to strengthen the frontiers of freedom will be broadcast on radio and television.

## Clark Knew of Aide's Payola

Testified Former  
Producer Told Him  
Last November

Washington — (AP) — Disc jockey Dick Clark testified today he has known since November of payola received by the former associate producer of his "American Bandstand" television show.

Clark said Anthony Mammarella, who has since resigned from the show, told him at a late-hour meeting the night of Nov. 14, 1957, that he had accepted money from record-producing companies.

Clark, Philadelphia disc jockey with a big teenage audience, denied any intention of misinforming the committee of its investigators about Mammarella's activities. Last Friday, testifying about a particular instance of alleged payola received by his former associate, Clark said he had learned of it only the day before.

The house legislative oversight subcommittee called Clark back today because some questioners were not satisfied at a 4-hour session Friday.

**Sworn Statement**  
One of the subcommittee's own investigators, James K. Kelly, started off today's session by testifying that the American Broadcasting company relied solely on a sworn statement by Clark in announcing publicly that it had investigated and learned Clark had never taken payola.

Kelly also quoted Clark as having said "I don't want to know" about questionable activities of Mammarella.

Clark confirmed that he had made such a statement. But he said Kelly "made an honest error" in evaluating it because of the time element.

**Former Dictator of  
Venezuela Predicts  
Fall of Government**

Miami, Fla. — (AP) — A prediction that the Venezuelan government is doomed was made here by former Venezuelan President Marcos Perez Jimenez.

Perez Jimenez, in an interview in the Miami Herald, said the government of President Romulo Betancourt "is sure to fall — if not in a few weeks, at least within the next few months."

The former president lives in exile in Miami Beach. He was ousted by a military junta on Jan. 23, 1958.

Perez Jimenez said the recent unsuccessful revolt against the Betancourt regime "was only one in a series, and there are more to come."

**Respite From Cold  
To Linger One Day**

Wisconsin — Partly cloudy and cool over state tonight and Tuesday. Outlook for Wednesday: Partly cloudy to cloudy and cool with a few showers.

Appleton — Temperatures for the 24-hour period ending at 9 a.m. today: High 58, low 45. Temperature at 10 a.m. today 50. Barometer reading 30.57 inches with wind west-southwest at 11 miles an hour. Total precipitation 1.38 of an inch.

Sun sets at 7:30 p.m., rises Tuesday at 6:40 a.m.; moon sets Tuesday at 1:30 a.m. President stars are the Twins, Virgo planets are Jupiter, Saturn and Mars.

# Reds Blast U.S. in Rallies On May Day

**President Eisenhower Hanged in Effigy in Japan Demonstration; Giant Parade Held in Moscow**

By The Associated Press  
The United States was blasted in both hemispheres as millions of workers celebrated and communists paraded their armed might on May day.

Cuba's Prime Minister Fidel Castro proclaimed "our country or death" in an angry 3 1/2 hour harangue to between 250,000 and 500,000 shouting Cubans who turned a May day rally into an anti-United States demonstration. But the crowd was far below the 1 1/2 million the Castro regime had hoped to bring out.

Tokyo demonstrators hanged President Eisenhower and Prime Minister Nobusuke in effigy and blanketed the capital with placards denouncing ratification of the new U.S.-Japan security treaty.

**Workers' Holiday**  
On both sides of the Iron Curtain, parades, rallies and speeches marked the workers' holiday established 61 years ago by the International socialist congress. The United States celebrates on the first Monday in September.

## Students Defy Martial Law In Korea

**30,000 Demand New Elections for National Assembly**

Seoul, Korea —(U)— Nearly 30,000 South Korean college and high school students today defied the martial law ban on demonstrations to demand election of a new national assembly.

There were 15,000 demonstrators in Taegu and 12,000 in the southern port of Pusan. The demonstrations were orderly, and troops and police did not interfere with them.

**Schools Open**  
High schools opened today for the first time since the nationwide uprising which overthrew President Syngman Rhee last week.

The martial law commander, Lt. Gen. Song Yo-chan, warned his men would take "strict action against future demonstrations." Many students in Seoul, who led the blood-soaked demonstrations that brought down Rhee's graft-ridden, dictatorial regime, boycotted classes and met in assemblies which demanded their school heads resign because of close association with the Rhee regime.

**Applaud Marches**  
In Pusan and Taegu, the populace politely applauded the student marches or "were indifferent, apparently because they had seen and participated in many demonstrations of late," a report to one Korean paper said.

Gen. Song told a news conference that he made the army's decision not to fire on the demonstrators against Rhee because he felt the students had "justifiable grievances." But he declared there was no need for demonstrations now as there is a new education minister to deal with their complaints. Most of the shooting during the demonstrations against Rhee was done by the police. At least 450 persons were killed and 800 or more wounded.

man "militarism and policy of revenge."

Pope John broadcast from the Vatican a sharp rebuke of atheistic communism and called on workers to emulate St. Joseph the Carpenter of Nazareth. The pontiff did not mention communism by name, but he spoke of "mistaken ideologists that on one hand exalt uncured liberties and on the other suppression of personality."

Sleek Russian Rockets were displayed in the May day parade Sunday in Moscow's Red square. However, none of the new terrifying weapons mentioned by Premier Nikita Khrushchev in a speech to the supreme Soviet in January made their appearance.

## Youth Begins Fight to Escape Electric Chair

**Dennis Whitney, 17, Has Admitted Killing Seven in Robbery Spree**

West Palm Beach, Fla. —(U)— Dennis Whitney, 17-year-old Californian whose frontier-type pistol snuffed out seven lives in a casual coast-to-coast robbery spree, began a court battle today to save himself from death in Florida's electric chair.

The red-haired youth went on trial on a first degree murder charge in the killing of Mrs. Virginia Selby, 62, a Hialeah, Fla., grandmother

whose body was found March 4 in bushes near Jupiter, 80 miles north of Miami.

Whitney confessed that he shot Mrs. Selby with a long-barreled .22 caliber pistol when she hit him in the face with a hammer after he had commandeered her car in Miami. He admitted he also killed three men in Arizona, two in Florida and one in California.

**Ruled Sane**  
The hope of an insanity plea was gone for Whitney. It was squashed Sunday night by psychiatrist's report that the sullen teenager was sane when he killed Mrs. Selby, and is sane now.

State Atty. Phil O'Connell will demand the death penalty. Charles A. Nugent, court-appointed defender of Whitney, said he hoped to prove that the slaying of Mrs. Selby was a case of second or third degree murder.

If Whitney gets any sentence but death, Dade county (Miami) authorities want to try him for the killing of two service station attendants.

**Youth Jitters**  
A dragnet was tightening around Whitney for the Miami killings when he stalked into a department store parking lot and climbed into Mrs. Selby's car the night of March 3. One of three service station attendants he admitted shooting had survived to describe Whitney to police.

An artist's conception of Whitney had been printed in a Miami newspaper and it was such a close likeness the jittery youth knew he had to get out of there, he said.

He hadn't minded much about shooting the others, he told police. In his robberies which netted a total of \$500, he said he killed for no particular reason even when there was no resistance.

But he didn't want to shoot Mrs. Selby, he said. He ordered her to get out of the car. Stubbornly, she refused and rode with him to her death on a lonely road.

A posse tracked Whitney across marshy land from Mrs. Selby's body and cornered him on a canal bank where he surrendered, dropping his gun. The wound over Whitney's left eye, inflicted by Mrs. Selby when she found a hammer under her car seat, has healed and now there is only a pale scar to mark it.

**Knowles to Seek State Post Again**  
Eau Claire —(U)— Warren Knowles of New Richmond, lieutenant governor of Wisconsin for two terms before he was defeated in 1958, today announced he would again seek the post.

Knowles told the 200 delegates attending the Wisconsin Federation of Young Republicans meeting here that he will seek the party's endorsement for the office when it holds its convention.

Rep. Albert Quie (R-Minn.) keynoted the gathering, stating the Republican administration will now stand in judgment on its record since 1962. He said it is a record under which no new nation fell to the communist yoke.

Quie said the Korean war resulted from the lack of foresight by former President Harry S. Truman and other Democrats in Washington. Delegates put off until Sunday any endorsement proceedings.

## Protestors in Death Watch Near Prison

**Oppose Chessman's Scheduled Execution. At San Quentin**

San Quentin, Calif. —(U)— Protestors against today's scheduled execution of Caryl Chessman sang, prayed and slept through an all night death watch at San Quentin's prison and in Sacramento.

Several hundred persons, including movie actors, professors and psychiatrists took part in the protest against capital punishment and Chessman's death sentence for kidnapping, robbery and sexual assault.

During the night, many of the demonstrators went home as chilling winds and low temperatures swept in.

**Camp Fires**  
By 2 a. m. only about 75 persons remained at the police roadblock a quarter of a mile from San Quentin's main gate. Some of the demonstrators had bedded down in sleeping bags. Some huddled around two small camp fires.

Sunday, nearly 800 persons were massed at the roadblock and heard pleas that Chessman be saved and capital punishment banned.

At Sacramento, demonstrators picketed the governor's mansion. They sang "Battle Hymn of the Republic," "The Star Spangled Banner," "John Brown's Body," and "Swing Low, Sweet Chariot."

The protestors, many of whom demonstrated at San Quentin earlier in the day, said they hoped Gov. Edmund Brown would grant them a mass audience. But the lights in the governor's mansion went out and his aides assured newsmen nothing would happen in the Chessman case before morning.

Many of the marchers at the mansion and at the capitol wore blankets.

**Some in Favor**  
Not all the pickets were against capital punishment. There were signs saying, "The Fate He Deserves," and "Justice at Last."

At both the prison and the

## 'Soaring 60s' Could Become 'Slump 60s', Sec. Mueller Cautions

**Commerce Chief Warns Against Federal Spending, Borrowing**

Washington —(U)— Secretary of Commerce Frederick H. Mueller cautioned today that the "soaring 60s" could turn into the "slump 60s" if the government pursues a course of borrowing and spending.

In an address prepared for the 48th annual meeting of the United States Chamber of Commerce, Mueller predicted 1960 would be the most prosperous year, and the 1960's the most prosperous decade, in history.

But this will depend, he said, on keeping private enterprise free from "excessive government-made burdens and from a fatal dose of inflation."

Several thousand businessmen and guests, opening the 3-day chamber convention, were to hear also an informal talk by President Eisenhower.

**Private Initiative**  
Mueller said he was proud to speak for a Republican administration which strives to "maintain a climate favorable to private initiative."

"During the last seven years, the American people have had more jobs, more new homes, new schools, new hospitals and higher income than in any previous seven years," Mueller said.

"The gross national product is close to \$500 billion — the all-time record . . . business responsibility today is to help America to stay on that right course."

But the secretary told the delegates that the \$230-billion federal debt, plus future commitments on government projects, plus the liabilities building up against government retirement and pension funds and other obligations, "amount to a mortgage on future earnings of nearly three-fourths of a trillion dollars."

"Yet with all those obligations hovering over this decade, the spendthrift chorus has not yet lost its voice," Mueller said adding:

"Today, a new crop of theorists has arisen who proclaim the discredited notion that excessive spending projects by government and unwarranted interference with private business is the best way to stimulate growth."

Actor Marlon Brando, TV performer Steve Allen and actress Shirley MacLaine carried clemency pleas to Sacramento. Later Brando appeared at the prison. He asked Chessman through a note for permission to make a film of the condemned man's life. Chessman agreed to the film, which will star Brando.

**Dinner-Dance Tonight**

## John Eisenhowers to Hold White House Fete

Washington —(U)— The president's son and daughter-in-law are taking over the White House tonight for a dinner and dance for their friends.

Maj. and Mrs. John Eisenhower will entertain with dinner at 8 p.m. in the state dining room.

Afterwards, for the first time in several years, there will be gala dancing in the huge east ballroom under glittering chandeliers.

President and Mrs. Eisenhower are expected to stop in to say hello to the merry-makers. They have turned over the formal state rooms of 1600 Pennsylvania avenue to the younger Eisenhowers for the first time in their seven years of White House residence.

Invitations to the affair, which went out weeks ago, call for black tie.

**Expect 50 Guests**  
The White House said about 50 guests are expected, but withheld any further information, explaining that it is a private, personal party and set.

Washington observers of the social scene note that it has been a long, long time since there has been a White House dance strictly for the younger generation.

That's the way Maj. Eisenhower wants it.

Maj. Eisenhower, 37, and his 33-year-old wife, Barbara, now live with their four children at Gettysburg, Pa., in a converted schoolhouse on the edge of the Eisenhower farm.

Like many American young married couples, they have preferred small, informal parties in the past with army friends and neighbors.

This will be their first grand scale entertainment and it brings dancing back to the White House.

In past years, White House receptions have included dancing almost until midnight in the gold and white ballroom. But that stopped with the 1957 social season. After that, President and Mrs. Eisenhower cut out formal receptions and limited their official entertaining to formal state dinners, followed by musicals—without dancing.

In past years, White House receptions have included dancing almost until midnight in the gold and white ballroom. But that stopped with the 1957 social season. After that, President and Mrs. Eisenhower cut out formal receptions and limited their official entertaining to formal state dinners, followed by musicals—without dancing.

Washington observers of the social scene note that it has been a long, long time since there has been a White House dance strictly for the younger generation.

That's the way Maj. Eisenhower wants it.

Maj. Eisenhower, 37, and his 33-year-old wife, Barbara, now live with their four children at Gettysburg, Pa., in a converted schoolhouse on the edge of the Eisenhower farm.

Like many American young married couples, they have preferred small, informal parties in the past with army friends and neighbors.

This will be their first grand scale entertainment and it brings dancing back to the White House.

In past years, White House receptions have included dancing almost until midnight in the gold and white ballroom. But that stopped with the 1957 social season. After that, President and Mrs. Eisenhower cut out formal receptions and limited their official entertaining to formal state dinners, followed by musicals—without dancing.

# Democrats Warned About Prejudice

Lucey in the Open as He Blasts Party Leaders Opposing Kennedy

Post-Crescent Madison Bureau

Madison — In an extraordinary speech, the head of the state Democratic party has demanded that Democrats of the country nominate Sen. John Kennedy of Massachusetts for the presidency or run the risk of an appearance of religious prejudice.

Lucey Patrick M. Lucey, Madison real estate dealer and self-assertive chairman of the state Democratic party machine, was a principal speaker at a Louisiana Democratic rally in New Orleans during the weekend. He distributed his prepared remarks here before delivery.

No Neutral, He In the address he shed all semblance of neutrality in the developing contest for his party's presidential nomination. During the recent Wisconsin presidential primary contest between Kennedy and Sen. Hubert Humphrey, Lucey was known to favor Kennedy, but refrained from open espousal of the Massachusetts contender.

Lucey described Kennedy as virtually the ideal candidate, a sure winner against Vice President Nixon, and a man who proved in his Wisconsin victory margin his vote-getting abilities in doubtful territory. Lucey claimed that Humphrey should have been favored in the Wisconsin election because of his powerful backing by most of the party politicians, farm groups, organized labor and other influential forces.

Prejudice Issue But Lucey conceded that the party is far from unanimous about Kennedy and then added: "If the candidate's religion accounts for our reluctance, the Democratic party is fast becoming the chief victim of its own prejudice."

Lucey also ridiculed the fact that backers of all other candidates are eager to get Kennedy on the ticket as the vice presidential nominee. "They seem to think Kennedy can beat Nixon by proxy while propping up a less popular candidate," he said scornfully.

"At this moment for the

# Magazine Editor Cited For Series

Albert Wilson  
Wrote on Paper  
Industry in USSR

Albert W. Wilson, Wilmette, Ill., editor of "Pulp and Paper" and "Pulp and Paper International," won first prize in the Associated Business Publications editorial achievement contest with a series of articles on the Russian paper industry.

Wilson wrote of his first-hand experiences and observations while touring Russian mills and research institutes. He had conferences with the state planning commission, which controls Russia's international activity in the wood-pulp and paper markets.

He said it would take Russia eight to 10 years to catch up to the United States in manufacture and consumption of paper, but added the Russians are determined to catch up. It will take them three to four years to catch up to Canada, he noted.

Wilson estimated the Russians would go ahead of England, Germany and Japan this year, but the per capita use of paper in Russia will remain lower because of its larger population.

The editor described a new Russian process for making paper without water, the conventional forming material. The Russian process draws wood pulp fibers onto a screen by vacuum, then bathes them in rosins or other sizing materials.

**Experienced Writer**  
Wilson is a native of Seattle and a graduate of University of Washington school of journalism. After graduation he became sports columnist and writer for the New York Evening World. Then he spent 13 years in Europe, the Near East and Africa as correspondent for the Chicago Tribune and later the Associated Press.

He covered the Ethiopian War for Associated Press and was stationed at its London bureau for three years.

In 1942 he became editor of "Pulp and Paper."

Wilson spent three months in Europe last year for the new companion magazine, "Pulp and Paper International," and will return to Europe again this year.

# Religion Called Overstressed in West Virginia

## Kennedy's Faith Plays Greater Part in Primary Without Issues

BY SAMUEL LUBELL

In interviewing typical voters in five West Virginia counties this reporter has been impressed by one striking paradox. Repeatedly miners, farmers and city residents have declared, "We're for Humphrey because we don't like that other fellow's religion."

Yet, when questioned further, the overwhelming majority of these Humphrey supporters say they would vote for Sen. John F. Kennedy in November if he got the Democratic nomination for president.

In fact, Kennedy's potential losses to Vice President Nixon because of anti-Catholic feeling seem likely to be lower in West Virginia than through the country generally.

Where in Wisconsin and the South my interviews earlier this year showed that roughly one of every four to five Democrats would break against a Catholic nominee in a national election, among the registered Democrats to whom I talked in West Virginia only one in nine would balk at voting for Kennedy.

### Primary's Different

These findings raise the question whether the religious controversy that seems to have engulfed West Virginia is not being misunderstood at least in part.

What is being overlooked, I believe, is the crucial difference between a primary contest with two not dissimilar Democrats and a general election.

In a general election partisan loyalties and conflicting issues come into play to combat feelings of religious preference. But one striking feature of the Kennedy-Humphrey primary battle is the fact that most West Virginia voters see little difference between the two men other than their religion.

"They're both good Democrats," runs a common reaction. Or, "they're both making the same promises" to ease West Virginia's heavy burden of unemployment.

Some resentment against Kennedy's part in the passage of the Landrum-Griffin bill is voiced by more ardent trade unionists in Charleston and in some—though not all—mining camps.

### Issues Lacking

Every now and then a voter will say he favors Kennedy because "Humphrey promised to put a Negro into the cabinet."

But more often the preference for one man or the other is justified by little more than that "he's too young," or "he's a little older," or "Humphrey was the first to

come into the coal fields," or "someone left a Kennedy newspaper on my doorstep."

The importance of this lack of deeply felt issues in the primary contest is underscored when one asks people how they intend to vote in November. Then religious preferences do get subordinated to expressions of intense party loyalty or bitter economic discontent.

In Garrison, for example, I was interviewing one elderly miner when his wife asked, "Tell me, is it true that Franklin Roosevelt was a Catholic? That's what people are saying."

His husband quieted her, explaining, "Roosevelt's son has been campaigning for Kennedy, so a silly rumor has started that Roosevelt was a Catholic."

### Laborers Democratic

Both the miner and his wife

### Class Lines Deepen

In short, it would be a mistake to interpret the anti-Catholic agitation that has come to dominate the West Virginia primary as indicating that political feelings are unchanged from 1928 when Al Smith lost the state.

The main cementing force of Democratic strength in West Virginia is the sharp sense of economic class consciousness among miners and other workers. This line of economic cleavage was born largely out of the depression and the New Deal and it has been sharpened anew by the prevailing unemployment in the coal fields.

The paradox posed by the May 10 primary is that these economic feelings have not really come into conflict in the contest between Kennedy and Humphrey. As a result, even mildly felt religious preferences have been blown up far beyond any possible November importance.

## Weekly State Highway Maps Again Available

Special Wisconsin highway maps available to the public and showing the location and status of road construction projects and detours on the state trunk highway system will again be published each week beginning May 10, it was announced today by the state highway commission.

Information on the progress of each road improvement project is gathered every Friday in all of the 71 counties by the commission's nine district offices. This information is then graphically transferred to copies of the state map on Monday and the marked maps are then mailed on Tuesday to subscribers. The maps are published

## Charge Boy Used Abusive Language To Policeman

Ronald Kuettel, 18, route 2, Hortonville, denied in municipal court Friday a charge of using abusive and profane language to a state policeman.

The incident took place in Hortonville Dec. 11, after a basketball game between Hortonville and Shiocton.

State Patrolman Argil Zabel said that while he was parked in near the school a carload of teenagers drove past and shouted an obscene name at him. He said he stopped the car to warn the youths, but Kuettel, who was sitting in the front seat, continued to call him names.

When he attempted to arrest Kuettel, Zabel said a crowd of teenagers gathered and it was necessary for Hortonville Police Chief Ira Dominowski to assist in keeping the crowd quiet.

Judge Oscar J. Schmieg set Kuettel's bond at \$18.95 for trial July 29.

nose. Hecker was fishing with a Chicago woman. Dr. Maasch said there would be no inquest.  
Reported at 4:15 a.m.  
The drowning was reported to the sheriff's office at 4:15 a.m. by Mrs. Kenneth Thompson, Weyauwega police chief's wife. Charles Keeney and George Meating, deputy sheriffs, investigated.  
Hecker was born Jan. 23, 1926, in Chicago. He served in the air force during World War II and was a member of the Arndt-Bruley American Legion post here that will provide a military escort for the funeral.  
Funeral services will be at 2 p.m. Tuesday at the Bauer Funeral home with the Rev. Noah Bess, Waupaca, in charge. Burial will be in Oakwood cemetery, here. Friends may call at the funeral home after 7 p.m. today.  
Hecker is survived by his father, Alan, Sr., Chicago; one son, Gary, Weyauwega, and his grandmothers, Mrs. Elizabeth Bruley, Weyauwega, and Mrs. Walter Hecker, Chicago.

# Herbert Hoover Seals Wish Into Cornerstone

New York — Herbert Hoover has a wish for the America of a half century from now.  
In a note sealed Sunday in the cornerstone of a building across from United Nations headquarters, the former president hoped that the year 2010 will find America "morally and physically stronger."  
He donned white gloves and handled a trowel at the ceremony. The cornerstone, to be opened in 2010, is for a new Boys Club of America headquarters named after Hoover. He has been chairman of the boys clubs board for a quarter century.

# Body of Youth Found in River

La Crosse — The body of William Kreutz, 17, of La Crosse, was found Sunday in the Mississippi river near the spot where he and a companion disappeared Wednesday night.  
Authorities continued to drag the river for the body of Parris Engler of La Crosse, who also was 17.  
The youths lost their lives when their 10-foot skiff apparently overturned.

# Chessman Case Headline Topic Over Europe

**CONTINUED FROM PAGE 1**  
said "Chessman will die with dignity." he said, "it still might do some good."  
Another French editorial said:  
"It is clearly essential for Washington that Chessman's life be spared. For once in history, political necessity might save a human life."  
Belgian newspaper headlines were factual. There was no editorial comment although in the past the papers have called for mercy for Chessman.  
The director of a British advertising agency, Dennis Bernard, telephoned the White House early today, pleading for clemency for the condemned man.  
"If enough people phone the White House," he said, "it still might do some good."  
There was a similar outcry in Europe prior to the reprieve granted by Gov. Edmund G. Brown last Feb. 19.

# Man Found in Sium Worth Much Money

San Francisco — Clinton Fleming, 88-year-old retired railroad worker, collapsed Sunday in a cafeteria in a section of town filled with down-and-outers.  
In his tattered clothing, hospital attendants found nine \$1,000 U. S. savings bonds, 13 \$500 bonds, \$400 in cash and a bank book revealing his total worth at close to \$30,000.  
"I worked 28 years for the railroad and I saved what I earned and invested it wisely," Fleming said later. "I never married, you see."

# Painter Charged in Murder of 2 Persons

Sydney, Australia — A 32-year-old painter was charged in court today with murdering a man and wife whose headless bodies were found in their home 120 miles north of Sydney.  
The defense counsel told the court the accused, Terrence Patrick O'Connor, "denies he had anything whatever to do with the killing." He was held without bail for trial May 18.  
The bodies of Sidney Shelley and his wife were found April 23. Mrs. Shelley's head was recovered from a harbor Saturday. Shelley's is still missing.

# Politicking Heavy as Primaries Draw Near

**CONTINUED FROM PAGE 1**  
by this vice president?" Truman asked at a Democratic rally in Washington Saturday night.  
"All I can say is, there are some things worse than retirement."

The lineup and latest developments in tomorrow's primaries included:  
District of Columbia—Humphrey and Sen. Wayne Morse of Oregon are the only names listed on the Democratic presidential preference ballot. But a slate pledged to Adlai Stevenson is entered on the ballot for the nine delegate votes to the Democratic national convention.  
On the republican side, all delegate candidates are pledged to Nixon.

Indiana — Kennedy and Nixon have no opposition, but their totals will be compared. The primary will bind Indiana's delegates to them on the first ballot at the national conventions.  
Republicans have launched a last-minute, massive attempt to drum up votes for Nixon. Kennedy has campaigned intensively in the state.

Ohio Primary  
Ohio—On the Republican ballot, former Sen. George H. Bender, pledged to vote for himself, is a candidate for convention delegate. All other candidates are pledged to Nixon.

On the Democratic side, all candidates for delegate spots are pledged to Kennedy. There is an intra-party battle, however, which may bring out the Democratic vote.  
Alabama — Voters choose mainly between a slate of presidential electors pledged to support the national Democratic party and a states rights slate threatening to bolt the party if the convention adopts a stiff civil rights plank and nominates a strong civil rights man.

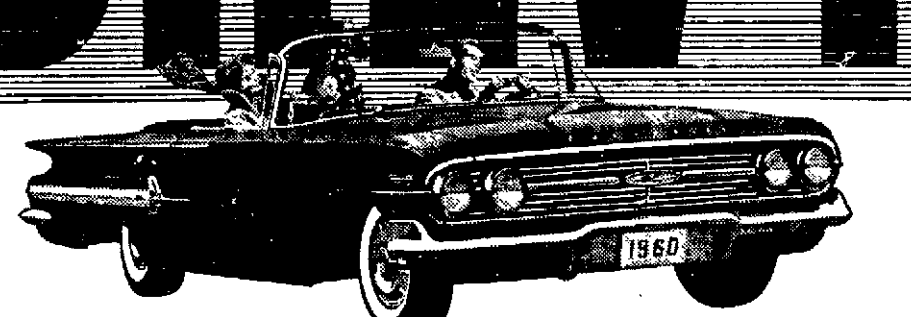

Florida—The primaries will nominate candidates for governor, congress and the state legislature.  
In other weekend political activity, former President Harry S. Truman gave his theory on why some Republican congressmen are retiring this year. It turned out to be a slap at Nixon.  
"How would you feel if you had to run for congress as a Republican on a ticket headed

# School-Bus Bill Becomes Law in New York State

Albany, N.Y.—The controversial school-bus bill increasing the distance that New York public schools must transport pupils of both public and private schools was law today.  
But cities will be exempted from its provisions. This will

represent a major change in the legislation, subject of strong religious pressures.  
Gov. Nelson A. Rockefeller said he signed the legislation with the understanding it would be amended to exclude cities before it took effect Sept. 1, 1961.  
Cities Protest  
Most of the protest against the bill came from cities that do not now provide transportation. The law will apply essentially to districts that now provide transportation. These must offer it equally to public and private schools. Most of the latter in the state are Roman Catholic parochial schools.  
The districts will be required to transport pupils up to 10 miles each way. The present maximum is 8 miles.

# FIRST CHOICE CHEVY

The Impala Convertible with Body by Fisher

# Gap Between Broadway, Concert Music Too Wide, Says Conductor

BY W. G. ROGERS  
AP Arts Editor

New York — "The gap between the music of the Broadway theater and the long-hair concert hall," said Franz Allers, "is much bigger than it should be."

It's a subject close to Allers' heart, and who could be better informed? He has worked both sides of the fence. For "My Fair Lady's" full four years he has been conductor of that fantastically successful musical, and yet his entire background is long-hair.

Czech-born Allers may be, as he says, "a happy guy," and indeed he acts it when he talks, but he is also a dedicated one.

He worries about several gaps, not only between popular and classical but also, for instance, between the entire contemporary audience and contemporary music all across the board.

He attended a New York City ballet performance recently, and recalled what fresh new music was played for those dancers and that audience, and how naturally it was accepted.

Once Ballet Conductor "Maybe the ballet audience is a younger one," he conceded — he used to conduct Ballet Russe de Monte Carlo. "And that younger audience is ready to be entertained artistically rather than just entertained, period."

"Every now and then you realize there is a receptive modern audience out there somewhere. Consider Aaron Copland, Arthur Honegger and Virgil Thomson, among other contemporaries, who have written for the movies. The movies were successes, and not in spite of the modern compositions, either."

"And it isn't only the Broadway audience that does not get contemporary music. Our representative operatic stage, the Metropolitan, is just as far behind."

**Behind Times**  
Alban Berg's "Wozzeck" was more than a quarter century old before Met audiences heard it. Stravinsky's "Rake's Progress" didn't sell after two or three performances. You can't blame management for this. The distance between what the public was brought up on and what the modernist composers want to give it this minute is too great.

"It's the same in modern art. Modernism is not questioned at all in functional design, but put on an exhibition of modern art and the audience is lost."

due to the economics of the theater, to the incredibly rising costs. All entertainment is geared to the long run, to the big audience.

**No Hackneyed Music**  
Is it tiring to conduct the same thing so much so long? "There is no hackneyed performance. Consider a 'cellist; with his small repertoire he must have played any one of several pieces more times than I've conducted this musical. Does he sound tired? Neither does the 'Fair Lady' company."

"I can't tell you how proud I am of my gang," said Allers. "Some of the first chairs are occupied by men from leading symphony orchestras. We experiment with new effects, but carefully, for the danger is that we become mannered."

"Of course, there is one problem that a conductor doesn't have on a concert platform. Here my 30 musicians are strung out in a thin line all across the front of the theater. The men over on the right would like to hear what the men way over on the left are playing, but they can't. So I have to give them a very clear beat. They respond, too. They play against each other, with the same intimacy as the musicians in a chamber orchestra."

## 'Gunsmoke' Starts Sixth Season on TV

Dodge City Moves To Paramount Lot, Only Major Change

BY BOB THOMAS  
AP Movie-TV Writer

Hollywood — They're off and shooting in the sixth season of the apparently unbeatable "Gunsmoke" series.

Dodge City has moved from California studios to the Paramount television lot, but otherwise there seems to be no change in the setup for the Saturday night show. Dodge is still as dusty, Matt Dillon as trusty, Chester as gimpy and Doc as grumpy. Not to mention Kitty, who is still Amanda Blake.

"No, we're not planning any changes this season," said big Jim Arness as he rested between gunplay. "We've gone along pretty well the way we are, so why tamper with it?"

Jim seemed unruffled about facing another eight months of intensive film making to complete another season.

"Sure, it's hard work sometimes," he said, "but the rewards are pretty great, too. There's a lot of independence involved. I like that; it's one of the reasons the acting life appealed to me."

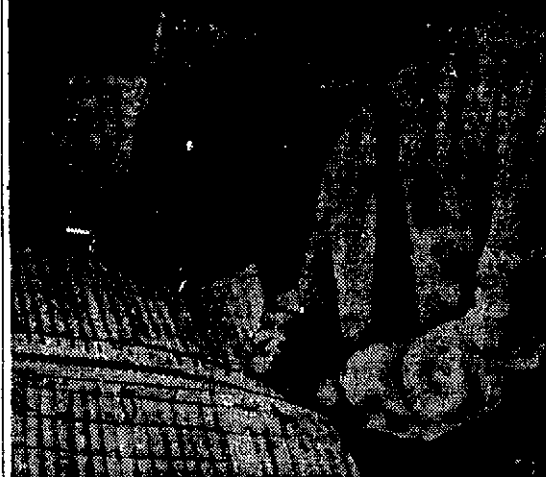

"How long can 'Gunsmoke' last? I wish it could go on indefinitely. Realistically, I would imagine it could last another two or three years; that's what people connected with the business tell me. I guess eight years would be about the limit for a successful show. Then I would hope that I could get another series."

Jim's satisfaction with his lot is unusual in the TV corral. It is also something new with him. He was fixing to get out of the Dillon role, but last season the producers made him a new deal for a better share of the returns. Now he can afford a new ranch and yacht to take care of what little spare time he has on land or sea.

He admitted that a year or two ago he fretted about doing feature movies. Now he takes a more realistic view.

"There's no use worrying about it because producers won't hire a TV star for an important role in an important movie," he said. "Oh, they'll give you big roles in small pictures or appearances in big ones, just to cash in on the name value. That doesn't interest me."

"The movie bosses think the public won't pay to see an actor they can see for free on television. I think they're wrong. I've had people pay \$6.50 a seat at rodeos just to see me make a 10-minute appearance."

Franz Allers, Shown at work in his New York studio, has been the conductor of "My Fair Lady" for its full four years on Broadway. His musical background has been in the classical field.

At Ellison Bay

## Rudolph Ganz, Leo Steffens To Teach Concert Pianists

Two eminent piano artists will provide advanced training to concert pianists at the Clearing in Ellison Bay during the week-long master class in piano Aug. 7 to 13.

Rudolph Ganz, president emeritus and faculty member of Chicago Music college of Roosevelt university, and

Leo Steffens, member of the University of Wisconsin music faculty, will give individual instruction and critiques to 30 concert pianists, advanced college and high school students.

The vacation school for piano artists is part of the UW music extension program in Door county. The program is becoming the center of advanced musical study in the midwest and combines a week of study with a vacation in Wisconsin's resort area.

Ganz, internationally known for more than 50 years as pianist, conductor, composer, and master-teacher, is from Zurich, Switzerland, where he received his early music training. Teaching and performing in the United States since 1908, he is often heard and seen on television and radio.

Since 1946 Steffens has taught private pupils and classes in applied piano techniques at the UW. He has been

Three historic sites in the state operated by the Historical Society of Wisconsin opened Sunday for the season.

They are Old Wade House at Greenbush, located on State Highway 23, between Fond du Lac and Sheboygan; Villa Louis, the home of Wisconsin's first millionaire, Hercules Dousman, at Prairie du

Chien; and the home, farm and estate of Nelson Dewey, Wisconsin's first governor, one mile north of Cassville on the Mississippi river. Stonefield Farm and Craft museum is located at the Cassville site.

Conducted tours are made at each of the three sites, open from 9 a.m. to 5 p.m. until Oct. 31.

The Circus World museum at Baraboo will open for its second season May 14.

## Woman Tortured by Agonizing Itch

"I nearly itched to death for 7 1/2 years. Then I found a new wonder-cream. Now I'm happy," says Mrs. D. Ward of L.A. Here's a blessed relief from millions of agonizing itches, eczema, hives, and other skin troubles. It's LANA-CARE. The fast-acting, soothing medicated cream kills harmful bacteria, soothes itching, and relieves all skin troubles. Don't suffer another minute. Get LANA-CARE today at all drug stores.

# Creativity Lacking in TV, Says Writer

## Comedy Big Problem, Only Few Stars Manage to Survive

BY CYNTHIA LOWMY  
AP TV-Staff Writer

New York — One of the curious aspects of television: Although it is basically concerned with entertainment, it has shown little creativity in the theatrical areas.

TV borrowed the form — the time schedules and commercial structure — from radio. Its material and dramatic forms come largely from Broadway and motion pic-

tures. Its great stars, if they didn't come into TV with big stage or movie names, at least had their basic training there.

Perhaps one of the big problems of the medium is the development of comedy, a gossamer product which often is so topical and attuned to the times that a month-old quip is as dated as yesterday's newspaper.

**Comedy Difficult**

TV eats up comedians almost as voraciously as it consumes manuscripts. Some of the big ones have retired — or been retired, victims of over-exposure or tired material. Only a few have managed to survive more than a few seasons. And if there is a crop-shortage in the medium, it is in their replacements.

Dorothy Loudon, one of the season's low bright, funny finds, suspects she knows the reason for the sad plight of the funnyman and funnywoman.

"The main trouble is in production and direction," she insists. "Everybody is so nervous and they never want to give you enough time to set anything up properly. Even in a nightclub you have 30 or 35 minutes. You can start slowly and build, carrying the audience along with you. In television they give you three minutes or five minutes and expect you to have everybody screaming."

## Man Says He Chased Stalin's Robber Gang

Springfield, Ohio — John Samosky, 76-year-old tailor, claims the distinction of once having chased Joseph Stalin, Samosky, who left Russia in 1910, was born in Lithuania in 1884 and was drafted into the Russian army at the age of 21. On the morning of Sept. 5, 1907, as a lieutenant, he commanded an infantry company which he says fired on Stalin's gang, being sought for a \$150,000 bank wagon holdup. Stalin escaped.

# Who Pays for Political Campaigns?

Gov. Nelson told newsmen recently that Wisconsin needs a stronger law on political corrupt practices. He pointed to some of the activities during the recent presidential preference primary as indicating this need. However, he was saying nothing new. The same practices have been noted by other governors and indeed by many citizens in years past. They have been pointed out in disgust but nothing has been done to improve the law.

Gov. Nelson noticed that an advertisement published in weekly newspapers paid for by the Square Deal for Humphrey committee had stirred up considerable controversy because of its anti-Catholic tone. Because of the commotion created, it soon was determined that the advertisement had been placed by a former state Democratic chairman now living in Florida. Some others connected with the committee became known because they denounced the ad and resigned from the group.

Only recently, Miss Audrey J. Thompson of Milwaukee, secretary of the committee, filed a financial statement as required by law. Her report indicated that persons identified as H. Green and I. Green had contributed sums of \$700 and \$730, respectively, for the committee's work. The total spent for the advertisement was \$1,428.28. That is all the information available and all required by law. Obviously no one knows who H. Green or I. Green is and there is no way of finding out.

However, as Gov. Nelson said, and as many others have pointed out in the past, the people of Wisconsin are entitled to know who these gentlemen are and, further, they are entitled to know who the contributors to the campaign are.

There have been many surface indications that the money spent in the Hum-

phrey-Kennedy battle for the Wisconsin Democratic delegation ran far above the expenditures of any similar campaign in recent years. In fact, it may be an all time high record of spending for Wisconsin. In the heat of the campaign, when each side was accusing the other of spending and complaints were made of inadequate reporting of expenses, both Sens. Humphrey and Kennedy promised to make full reports to the Wisconsin people. However, the final reports have been filed and there is no indication whatsoever that any improvement in reporting has resulted from these promises. There are serious doubts, in fact, that either of the senators could have conducted the campaign that he did with the sum of money he has reported under the Wisconsin law.

Obviously the people of Wisconsin can have any kind of political reporting law they want. That being the case it appears probable they do not want too strict a reporting law. Certainly the politicians welcome a little leeway in reporting. It is difficult to raise money for political purposes and quite obviously strict reporting of such contributions could make them more difficult to obtain. Since money is absolutely essential to the conduct of a campaign there may be a feeling that too severe restrictions upon giving would tend to limit campaigning and therefore limit the information available to the voter.

Probably, before any more restrictions can be written into the corrupt practices act, it will be necessary to make contributing to political campaigns respectable. Once it can be made known that contributing to campaigns is as much a civic duty and as honorable an undertaking as giving to charity, there will be less trouble about regulating the reporting.

# Russians in Foreign Aid

When the Russians began to get into the foreign aid and technician business, some American observers predicted they would reap mostly resentment and bad feelings. In Iraq today this seems to be at least partly true, according to a New York Times reporter in the area.

Oddly enough one of the charges made against the Russians is that they live too austere. Arab peasants may suffer the most abject poverty and the communists exploited this when Iraq's king was overthrown and murdered. But the Arabs seem to feel that there should be some splendor among the leaders, and the living of many of the sheiks of the desert have set a high standard. According to some disappointed Arabs, 35 of the Russians live in one small house, "live on bread and Coca-Cola," or sit around at cheap restaurant tables sipping water.

More serious are the charges that the Russians have failed to solve overnight the myriad of economic problems of Iraq. Apparently the Soviet Union underestimated the number of technicians needed, most of them don't speak Arabic, and they are bewildered by much of the oil machinery put into operation by American and British technicians. The inability of the Rus-

sians to fill all the roles is indicated by the long lists of ads run in British papers for doctors, nurses and teachers to work in Iraq.

On the other side, it appears that, while the United States government still is regarded with suspicion, Americans in general are liked.

Actually there is a psychological background for this change of heart in that recipients of aid do not generally love the benefactor. The distaste with which Americans and Britons have been held in various poverty stricken nations when they have tried to bail them out has not been due entirely to British bungling or naivete. A certain amount of grudging acceptance must be expected if only to maintain self-respect for those who are in need.

All this does not mean that Iraq suddenly will become an ally of the west or toss out the communists, who are very active within the nation despite official discouragement from the Iraqi government. But Iraq's neutrality may, to paraphrase George Orwell, become a little more neutral. And the Russians presumably will learn some lessons which can help them if they move into another Middle Eastern nation to sow good will, credit and communist infiltrators.

# What's Wrong With the Constitution?

Remembering that Gov. Nelson has gotten precisely nowhere with at least one major proposal for getting rid of a section of the state constitution, there will be those who wonder whether his creation of a constitutional revision study commission may be a publicity vehicle for his own political designs.

There will be many others also, we must suppose, who will tend to agree with him that because the basic law of the state was written in 1848 it is time to consider whether we should not have a new model. It is a part of the philosophy of the times, and an unfortunate one, in our view, that something that is old is necessarily worthless and must be replaced.

What does the governor say is wrong with the present constitution?

He is strangely vague in his elaborate announcement of his revision commission and its assignment. He relates that there have been scores of proposals for change lately. He relates also that some of them have been approved and have become effective.

Yet those are precisely the reasons why we should be careful to avoid impulsive, politically motivated and ephemeral purposes. The present constitution provides its own machinery for amendment. When the

legislature declines to endorse amendments, or the people in a referendum, isn't that enough reason to suppose they are not wanted?

And when the legislature does approve changes, as it has done several times in the last decade, and the people ratify them, isn't that sufficient proof that the mechanics of change are adequate when there is need and demonstrated will?

Persons concerned with the stability and the continuity of our political institutions will observe this study commission cautiously. If there are early proposals for getting rid of the debt clause, or the prohibition of works of internal improvements, or the other favorites of those special interests that have not been able to have their way through the regularly established channels of revision, there will be a suspicion cloaking this commission that will be hard to dispel.

Gov. Nelson says there long has been agitation for a basic constitutional overhaul in Wisconsin. Yet he is aware of the legislature's powers and obligations in this respect. He was a member of that legislature for 10 years. To our recollection, he never moved for the summoning of a constitutional convention through ordinary legislative channels.

# What Others are Saying

## Use of Special Charges By Government Increasing

From The Municipality Magazine

The expanded use of special charges and fees is one of the definite trends we see developing in Wisconsin local government. The use of charges of municipalities for water, electric and other utility services has been an accepted practice for many, many years. Today we witness many cities and villages resorting to other types of special charges for specific types of services rendered.

Probably the most significant trend has been in the use of special assessments. By 1957 special assessments by local governments yielded over \$15 million in revenue as compared to \$2 million about 10 years before that time.

and using licenses for more purposes, are making more use of admission charges for the use of recreation and park facilities, and some are even utilizing a relatively new state law to require the payment of fees when zoning matters are appealed. These are only a few examples of the various types of fees and charges which are being used.

This trend is apparently the result of 2 factors: (1) governing bodies are concluding that those citizens who receive special services from their local governments should pay at least a portion of the cost, and (2) increased revenues from special charges tend to relieve some of the pressure on the local property tax.

Smoothing the Way to the Summit?

# People's Forum

## Too Late to Accept Bid to Tax Meeting, GOP Legislator Says

Editor, Post-Crescent:  
Mr. Robert Moses,  
Eau Claire, Wis.

Dear Mr. Moses:

We regret that your open invitation, (Letter in Post-Crescent of April 20 to meeting April 30) to Republicans to attend your tax meeting was called to our attention too late for us to make arrangements to attend.

In the future, may we suggest that a direct invitation sent directly to Republican spokesmen would undoubtedly produce better results than your haphazard attempt to obtain free publicity in the letters to the editor column of various newspapers.

Meanwhile, in regard to the anti-sales tax purpose of your meeting, may we point out that under 20 years of

Republican leadership in the past, no sales tax was ever seriously proposed or considered. In fact, since surpluses instead of deficits were the rule under Republican leadership in the past, no substantial increases or new taxes were necessary. Instead, the present Democrat governor inherited a \$17.5 million surplus from the previous Republican administration.

On the other hand, it wasn't until Democrat Gov. Nelson interdicted the highest budget in the history of the state — 25 per cent higher than any previous Republican budget — depleted the \$17.5 million surplus, and created a \$23.5 million Democrat deficit that it became necessary to even consider substantial new taxes.

Moreover, it is significant that the only proposal you and your committee have made to bail out the Democrat financial mess is to collect 1960 and 1961 tax both in the same year. Presumably if still more money is needed in 1961, you will propose to collect 1962 and 1963 taxes in 1961 — a trick of collecting taxes in advance,

similar to the one resorted to by Gov. Soapy Williams in Michigan. Gov. Williams decided not to run again after he put the State of Michigan in the kind of mess that required this type of advance-tax-collection financing.

In all fairness, Democrats did propose another kind of tax. Edwin Larkin of Eau Claire, a Democrat who is on Gov. Nelson's Blue Ribbon Tax committee, proposed to tax cooperatives — a proposal that should interest you as a representative of cooperatives.

Please extend our greetings to the members of your audience. We are sure they will be intrigued by your plan to make up a \$23.5 million Democrat deficit by an alleged "reduction" of present taxes, whose present inadequacy is the very reason for the deficit in the first place.

Willis J. Hutnik  
Ranking Republican member of the State Legislature in Northwestern Wisconsin

# Looking Backward

## Southerners Bolt Convention

100 YEARS AGO

Quoted from the Appleton Crescent for the week of May 5, 1880.

The Louisiana delegation at Charleston, together with most of the South-Western States, bolted and left the Democratic convention because that body refused to affirm it to be the duty of Congress to intervene in the Territories for the protection of Slave property whenever the Territories refused or neglected to award such protection.

A pure abstract law question to be decided in the U. S. Courts and which should have no place in the party platform. Immediately thereafter the Louisiana State Central Committee telegraphed to Charleston that the Fire Eaters were misrepresenting their constituents and that the electoral

vote of the State was sure for the Democratic nominee.

25 YEARS AGO

Monday, April 23, 1935

Urged by President Roosevelt to enact his full "Reconstruction program, congressional leaders strove mightily to break the legislative jam that was holding back NRA, social security and other big administration measures in the senate.

President Roosevelt and organized manufacturers found themselves in agreement over the brightness of recovery prospects but sharply divided as to what cards the New Deal should play next.

Ald. Philipp Vogt was elected secretary of the Outagamie county relief group. He succeeded Ald. Fred Olm of Kaukauna who no longer was a member of the committee.

Dr. H. M. Wriston, president of Lawrence college, and Mrs. Mabel Shannon, member of the Appleton school board, gave talks at the annual meeting of boards of education and city superintendents at Madison.

Organization of the Outagamie county unit of the Wisconsin Association for the Disabled was to be effected at a meeting of interested persons, Dr. J. B. MarLaren was temporary chairman of the county organization.

16 YEARS AGO

Monday, May 1, 1950

The threatened nationwide tieup of telephone service averted by agreement by the striking maintenance and installation men to resume negotiations.

Rep. Karsten (D-Mo) suggested that an inquiry be made to determine whether the communism charges of Sen. McCarthy constitute "a hoax, a delect, or a fraud upon the American people." A new streamlined point-

# Wyngaard Answers Kennedy's Complaint

BY JOHN WYNGAARD

Madison — There is no greater critic of the American press than the politician who cannot handle it as he wishes.

There is no one more aware of the problems — and weaknesses — of the American press than the professional newspaperman, or more ready to acknowledge how far is the gap between the ideal and the possible under the laws of economics and others that apply to journalism as to all other human pursuits.

The most significant political campaign in recent American history was put on the front steps of the voters of Wisconsin, so to speak, when Sens. Kennedy and Humphrey brought their ambitions to the Wisconsin people earlier this year for a test ballot.

Now that the affair has ended, both camps are making broad indictments of the failure of the Wisconsin press in that event, Sen. Kennedy most particularly.

Sen. Kennedy told a convention of newspaper editors a few days ago that he was disappointed at the shallowness of his press coverage in Wisconsin, bluntly indicted the newspapers for emphasizing the trivia and the frills, and subordinating or ignoring the significance in his campaign and particularly his speeches.

There are several things that ought to be said in rebuttal.

First, Kennedy was making the speech to the wrong audience.

Editors didn't cover his bout with Humphrey. They know no more about what happened on the campaign trail, as a group, than do the men who put the stories into type, or the circulation managers who saw that the papers got delivered.

Reporters covered the campaign and they did a more extensive, conscientious and expensive job than in any other primary this state ever has seen.

Sen. Kennedy grumbles that they concentrated on the sidelights and ignored his main themes on policy and his program.

Sen. Kennedy wasn't talking like that when he campaigned here and wanted the good will of reporters. Moreover, he knows very little about the function of the American press if he believes that the reporter is going to file each day the same repetitive little homilies about

politics that the man from Boston was reciting, almost as if by rote. Every reporter who covered Kennedy had the same experience. After a day or two there was nothing new that was left to say, and the tendency was to concentrate on the incidentals. It was not their doing. It was Sen. Kennedy's conception of how to run a campaign.

HUMPHREY TOO

Sen. Humphrey made a greater effort to make serious addresses to the voters. But covering him quickly became monotonous, too. Anybody who had heard Humphrey four or five times had heard virtually all that he had to say.

If these men were disappointed by the flavor of their publicity, they need not long seek those responsible. Who elevated the "bean feed," so called, into a symbol of proletarian democracy? Who made of the parlor coffee party a political rite? Who imported Allan Ameche and Jackie Robinson to lecture to the athletics-enamored voters of the state? Who played the raucous Sinatra recording in every village square of the state for six weeks? Was the drenching of the state with bill-boards and television spot announcements an appeal to the reasoned judgment of the Wisconsin electorate? Who brought into this state the deceptive invitational — reception gimmick? Who made of the fast handshake a fundamental part of the appeal for votes of candidates for the highest office in the world?

It is the function of the press to relate the nature of public life as it is, not as it ought to be. Anything that was lacking in the story of the presidential campaign in Wisconsin as it was told for the most part can be laid to the men who controlled its character.

# Park Falls Keeps Lurid Books Hidden

From The Amery (Wis.) Free Press

Park Falls citizens have taken action to police newsstands and remove undesirable paperback books from open counters. They may be obtained in that northern Wisconsin city by asking the clerk for them — if you are an adult.

Frankly, the idea sounds appealing to us having a growing family. It seems rather senseless to pervert young minds with some of the trash that is now selling both as paperback and as recognized literary works on the best seller lists.

It's a sad commentary on the depth of our reading public that one must "sex up" a volume to make it sell. Literary works in today's market place seem to thrive on the exploitation of lust, bordering on the carnal.

Unfortunately in this great nation of ours, it is difficult to control any publication for fear of endangering our freedom of the press. Rather than legislate, it is much safer to allocate the role of "police" to aroused citizens. Actually, the movement is probably one that could cope very well with the problem in any community.

Spring Comedians

From The Manchester (N. H.) Sunday News

Spring wouldn't be so bad, if it weren't for the apparently unquenchable opinion among comedians that the head cold and the income tax are funny.

# GRIN AND BEAR IT

By Lichy

"We're a team, Figgly! . . . and if you've heard them before, an organization man laughs at the organization's jokes!"

# Science Shrinks Piles New Way Without Surgery Stops Itch—Relieves Pain

New York, N. Y. (Special) — For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain — without surgery.

In one hemorrhoid case after another, "very striking improvement" was reported and verified by doctors' observations.

Pain was relieved promptly. And, while gently relieving pain, actual reduction or retraction (shrinking) took place. And most amazing of all — this improvement was maintained in cases where doctors' observations were continued over a period of many months!

In fact, results were so thorough that sufferers were able to make such astonishing statements as "Piles have ceased to be a problem!" And among these sufferers were a very wide variety of hemorrhoid conditions, some of 10 to 20 years' standing.

All this, without the use of narcotics, anesthetics or astringents of any kind. The secret is a new healing substance (Bio-Dyne) — the discovery of a world-famous research institution. Already, Bio-Dyne is in wide use for healing injured tissue on all parts of the body.

This new healing substance is offered in suppository or ointment form called Preparation H. Ask for individually sealed suppositories or Preparation H ointment with special applicator. Preparation H is sold at all drug counters. Satisfaction guaranteed or money refunded.

## Stamps in the News Collectors Waiting for New 50-Star Flag Issue

BY SYD KRONISH  
AP Newsfeatures

Stamp collectors all over the world will be anxious to obtain the long-awaited U. S. 50-Star flag stamp scheduled for issuance July 4 at Honolulu, Hawaii.

The new design showing the flag flying in the breeze will be vertical and borderless. The 48-Star (1957) and the 49-Star (1959) stamps were horizontal with borders.

Featured in blue and red on white, in the center, is the flag flying toward the right attached to an uncolored staff at the left of the design. The value, 4 cents, in blue appears below the flag.

Collectors desiring first day cancellations of the stamp may send their addressed envelopes, together with remittance to cover cost of the stamps to be affixed, to the Postmaster, Honolulu, 13, Hawaii. The outside envelope to the postmaster should be endorsed "First Day Covers 4-Cent Flag Stamp." Collectors should remember that this is a vertical stamp and therefore the covers should be addressed low and as far to the left as possible.

## Natural Gas Hearing Set

Firm Wants to Convert Present Waupaca System

Post-Crescent Madison Bureau

Madison—Conversion from butane-air gas to natural gas service in the city of Waupaca will be considered by the state public service commission at a hearing here on May 31.

The conversion has been proposed by the Milwaukee Gas Light company, owner of the Waupaca utility. The improvement would cost about \$65,000 and would follow completion of the new transmission facilities from Marshfield to Neenah planned by the Michigan Wisconsin Pipe Line company, a natural gas carrier.

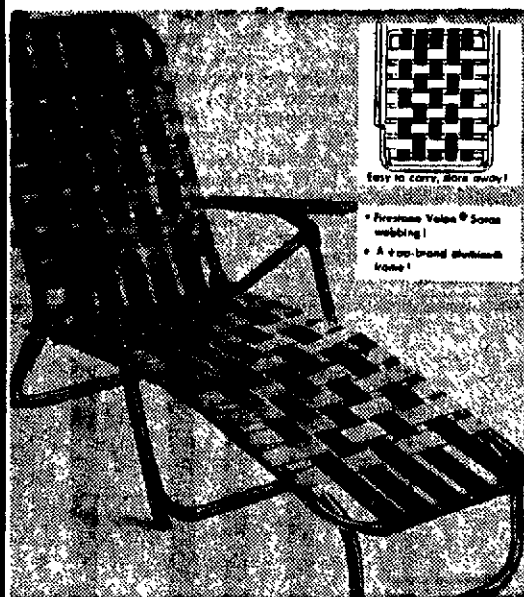

## Auto Hits Tree; Driver Not Injured

The right front side of a car driven by Donald J. Barribeau, 27, of 804 S. State street, was damaged at 11:45 p.m. Friday when it went out of control and struck a tree in the 1000 block of N. Badger avenue. Barribeau was not injured.

# Tax Revision Ends In Generalizations

## Commission Study Stalemates as Politics, Disagreements Continue

BY JOHN WYNGAARD  
Post-Crescent Staff Writer

Madison — After weary months of study and deliberation, Gov. Gaylord Nelson's tax revision commission is faltering toward generalized conclusions about basic remodeling of the state and local government revenue system.

But the results of cautious weekend work here are so nebulous that there is virtually no chance that the legislature will get a concrete tax re-tailoring package when it reconvenes May 16. The tax reform question will be considered seriously only after the fall elections — in the legislature of 1961.

**First Declaration**  
The commission — at the insistence of Democratic members — wrote into its first statement of findings a declaration that:

"Fundamental revision in revenue-gathering should not be undertaken until a mature and informed judgment can be made as to whether a fundamental revising in revenue distribution is also required."

Sponsors of that reservation admitted that it will result in an indefinite delay in

compiling the final report, and while the Republicans on the commission restrained themselves and merely expressed negative votes, it is almost certain that Republicans on the campaign stump this summer and fall will complain that the commission is stalling.

**Here's The Problem**  
Heart of the commission's problem and the reason for its cautious procedures is a visible division of its members on the touchy question of a sales tax or higher income tax to produce the multi-million dollar sums it proposes to blueprint to cover expanding governmental costs, and to replace other present taxes — notably the real and personal property tax.

But the commission has not yet had a clear-cut vote, and in its weekend final declaration it straddled the question. The bulk of additional revenue required, said the report non-committally, must come "through a broader-based income tax, sales tax or some combination of the two."

**Upper Income Tax**  
Significantly, the statement continued that the ultimate tax program must tax "more heavily the first few thousands of dollars of taxable income beyond basic exceptions."

The preliminary statement also observed that "the resulting tax should not depart too radically, in fact and appearance, from the prevailing pattern of other state and local revenue systems."

Thus there appeared to be an implication, some tax observers thought, that whatever the final proposal is it won't ask for a more progressive state income tax pattern. The present Wisconsin personal income tax is one of the most steeply graduated in the country and its maximum effective rates are near the top among the income tax states.

**Sales Tax**  
The commission also gave some slight comfort to the arguments of some sales tax advocates when it observed that the tax pattern for which it is striving would "add to the state's good economic factors: a balanced tax structure that will compare favorably with the neighboring states in order to attract, keep and expand business and employment, thereby increasing personal income."

Other objectives of the commission in its labored first progress report suggested broad-scale revision of traditional financing methods in the state, but again in such vague terms that their meaning cannot yet be assessed.

Their prospects may remain highly uncertain, moreover, until the commission decides how it proposes to extract from the taxpayers the huge sums involved in them.

**Chief Items among revisions:**  
The transfer to the state of the management and financing responsibilities of the \$75 million public assistance program now operated by localities and counties, which would reduce local costs more than \$22 million yearly and correspondingly boost obligations of the state treasury.

**Property Tax**  
Increase state subsidies for local schools, and maintain the present highway subsidy rate unchanged, pending further and independent studies.

Direct relief from taxes on personal shelter, owned and rented, but in uncertain amounts and through uncertain means. Discussions indicated that the homestead ex-

emption concept may give way to a form of income tax credit for real property costs of shelter owned and rented.

Enabling legislation for the expansion of local and county taxing authority in such likely spheres as motor vehicles, special sales taxes, hotels and motels, and amusement admissions.

Complete elimination of personal property taxes on farm livestock and merchants and manufacturers stocks.

Higher, but unstated, taxes on "special luxury items" such as tobacco products and alcoholic beverages including beer.

**Severe Dissension**  
Continuation of the present corporation income tax, and extension of taxation "to those businesses which are at now bearing their equitable share of the tax burden," without detailing or describing them. Some of the propositions

disappointing votes that their ultimate reception in the legislature may be cool. The personal property tax proposal was given a thin endorsement of nine to seven.

Legislative politicians on the commission reacted accordingly to form.

Two of them, Republicans Huhregate of Sheboygan and Merriam of Janesville, voted against the report because it failed to endorse a sales tax. Sen. Lynn Stalbaum of Racine, a Democrat, voted against it also, apparently because it might be interpreted as a gesture in favor of the sales tax.

Assemblyman Hardie of Jackson county, Democratic leader of the assembly Democratic majority, assented with reluctance after he announced his continued loathing for the idea of a sales tax. Assemblyman Pomeroy of Wausau, leading Republican

sales tax champion in the legislature, voted for the general report although he was obviously disappointed by its failure to come to grips with the central revenue gathering issue.

**Final Vote**  
The final vote of approval was 11 to 8. Edmund Fitzgerald of Milwaukee, retired head of the Northwestern Mutual Insurance company, presided at the amicable final drafting session during the weekend in the absence of Chairman Miller Upton who had his difficulties earlier in making presentations of the issues before the commission.

While observers were satisfied that the vote against a previous "package" proposal including a sales tax might have been changed had Upton permitted separate votes on the separate questions it contained, it has become apparent lately that the commission would be fatally divided on the

sales tax issue under any circumstances.

While a clear-cut vote on a sales tax as a means of property tax relief might provide a small majority in favor of such action, a narrow majority would not be persuasive in the legislature, according to political authorities, and it would also have a doubtful value for the educational purpose which Gov. Nelson regards as one of the principal gains from the commission work.

The proceedings have shown that the members of identifiable partisan leanings have not changed their attitudes on the sales tax question during their year of study, and that some of them may have stiffened. Two labor representatives stand adamantly opposed.

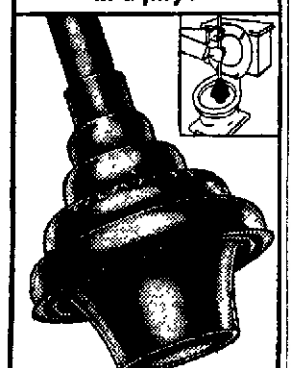

Several business representa-

tives and Republican legislators are favorable. All Democratic legislators are either opposed, or anxious to keep the question off the board until after this year's elections in order to avoid compromising that of their probable ticket leader, Gov. Nelson.

# 'The Arts of Brush and Fire' Will Be Exhibited by Fox Cities Artists

Sixteen Area Artists will participate in "The Arts of Brush and Fire" sponsored by the Silver Cross circle of The King's Daughters May 10 at Riverview Country club. The art show and tea will begin at 2 p.m. and proceeds from the show will be donated to the School for Retarded Children. Chris Borggren, above, displays some of the paintings he will exhibit in the show. The painting on the right also is one of Borggren's pieces. Below, Salvatore A. Tralongo, art teacher at Roosevelt Junior High school, gives a preview of his stone and wood carvings.

Harold P. Carlson, art instructor at Wilson Junior High school, selects paintings he will exhibit at the art show and tea May 10 at Riverview Country club. Some of the work displayed by the artists will be sold to the public.

Appleton High School Art teacher, Francis S. Conrad, sits amid a group of paintings in watercolor, oil and pastel which will be his offering to the benefit art show and tea sponsored by the Silver Cross circle of The King's Daughters.

## Pair Says Promises in Ceremony

The Rev. Robert Vandenberg officiated at the double ring ceremony at 11 a.m. Saturday at St. Therese Catholic church uniting Miss Nancy Ann Riehl and Rudolph O. Plach. Parents of the young couple are Mr. and Mrs. Nolan Riehl, route 2, Shiocton, and Mr. and Mrs. John Plach, 2523 E. Wisconsin avenue. Mrs. Lawrence Plach was matron of honor and Miss Kathryn Riehl, sister of the bride, was bridesmaid. Lawrence Plach was his brother's best man and another brother, John Plach, Jr., was groomsmen. Norbert Fuhrmann, brother-in-law of the bride, and Michael Huss, Little Chute, ushered. The American Legion club house in Shiocton was the setting for the dinner, reception and dance. The former Miss Riehl is a graduate of Shiocton High school and her husband is an alumnus of Appleton High school. They are both employed at Appleton Coated Paper company. The newlyweds will reside at 716 N. Division street.

## Couples Club To Celebrate Anniversary

The Faith Lutheran church couples club will celebrate its sixth anniversary with a buffet dinner at 6:30 p.m. Sunday in the church hall. Mr. and Mrs. Clarence Hoelt are chairmen. Committee members include Mmes. and Messrs. Menford Radke, David Buelow, James Ormson and Max Hensel. The Kimlarks and other local talent will provide entertainment.

## Pins Given to New Brownies

Mothers of Brownies of the newly organized Troop 359 of Richmond school were guests at the recent investiture ceremony at the home of Mrs. Victor Desens, 1331 E. South River street. Pins were presented to Misses Robin Afis, Janet Bartmann, Vicki Lynn Desens, Christine Leustal, Jarlene Kriehn, Susan McGregor, Debbie Moritz and Debra Sanderson. Others receiving pins were Misses Pam Schablaske, Sharon Schilling, Dianne Walenfang and Ellen Weber. Mrs. Julian Conkey, troop organizer of Richmond school, also was a guest. Mrs. Desens is the troop leader, and her assistant is Mrs. Harold McGregor. Troop committee members are Mrs. Joseph Sanderson, chairman, and Mmes. Marvin Moritz, William Bartmann and Robert Afis. After the investiture, the Brownies provided entertainment, and lunch was served.

## AHS Class Plans 15 Year Reunion

Appleton High school class of 1945 will hold its 15 year reunion June 25 at the Elks club. Donald Crabb is chairman. Lynn Miller, Menasha, will be the master of ceremonies and Floyd Jahnke will give the benediction. Joseph Kronzer and James Prink are in charge of the prize committee. Reservations for the banquet may be made with Crabb or Mrs. Robert Carew.

## AHS Sophomore Girls Plan Dance

"Swing into Spring" is the theme chosen by Appleton High school sophomore girls for the traditional spring formal dance. The Crystal room of the Conway hotel will be the setting for the event from 9 p.m. to 1 a.m. Saturday. Beverly Hay is dance chairman and is being assisted by Betty Jane Bradford, Carole Langenberg, Diane Natrop, Kathy Crowe, Natalie French, Roberta Taggart, Andrea Polisky and Carol Nass, committee chairmen. Students from each of the freshman classes in the city will serve at the dance. Chaperones will be parents of the committee members. The formal is open to all high school students and tickets will be available at the door until 10:30 p.m. Tots Togs Made Of Practical Goods Children's sportswear, sensibly enough, is being made of wash-and-wear fabrics that are rugged but at the same time soft and comfortable. The sizes range from wees ones clear up to teens and juniors, and styles are just as varied.

## Bride-Elect Honored at Tuesday Shower

Miss Jane Vander Wielen, daughter of Mr. and Mrs. Joseph Vander Wielen, 117 S. Lincoln street, Kimberly, was guest of honor at a miscellaneous bridal shower on Tuesday evening at the home of Miss Janet Hartjes, 2114 N. Racine street. Co-hostesses were Miss Patricia Burke and Miss Marjorie Mueller. The bride-elect's co-workers from the Institute of Paper Chemistry attended the shower. Miss Vander Wielen will become the bride of Charles Kampf, son of Mr. and Mrs. Carl Kampf, route 2, on May 28.

## Your Problems Gelatin-Making Discourages Ann; Gets Tips From Readers

BY ANN LANDERS  
DEAR READERS: Recently a woman wrote to bemoan the fact that she couldn't make a successful gelatin dessert. I had to admit my molds wouldn't win any prizes either. I invited the readers to help us both with inside tips.

Toronto, Canada: My mother taught me the secret of perfect molds. Mix the gelatin in a plastic bowl. Cleveland: I'm a home ec teacher. I always recommend aluminum bowls for mixing gelatin. It never fails. Lafayette, La.: Throw out that new fangled plastic bowl, Ann Landers, and use the old-fashioned clear glass bowl that Grandmother used for everything. Salem, Ore.: Call me crazy but I never made a successful mold until my neighbor told me her secret. Mix it in a stainless steel fry pan. Martins Ferry, Ohio: Add a pinch of salt. It "seals" it. Charleston, W. Va.: A teaspoon of sugar will make it congeal. Marshalltown, Iowa: My mother never fooled with measurements or directions and she was a marvelous cook. She never stirred gelatin, she shook it. One July 4th she made a mold of the American flag, using

marshmallows for stars. It was gorgeous! Syracuse, N. Y.: Your trouble is probably the mold, not the gelatin. Grease it slightly and it'll flop out in perfect condition. Madison, Wis.: Ignore the directions. Do just the opposite. Dissolve the gelatin in cold water, then add hot. San Juan, P. R.: Use ice cubes instead of cold water. It never fails. Grand Rapids, Mich.: Don't let anyone talk you into using ice cubes. The size of cubes vary and you can never be sure of the amount of liquid five cubes will produce. Chicago: I live about three blocks from you, Ann Landers. I'll make your

White Plains, N. Y.: Any one who can't make a gelatin dessert doesn't know how to boil water—and I mean it literally. When the directions say boiling water it doesn't mean hot water. I'll bet this is where you goofed. Pueblo, Colo.: I follow the directions that used to be on the box. The old instructions called for hot water. Some flea-brain changed it to boiling water. I'll bet this is why you're having trouble. Paducah, Ky.: I'll bet warm fruit is what's bawling you up. If you chill the fruit for three hours your mold will be perfect. Detroit: I'm a man but I cook better than my wife. Your gelatin will never set if you put fresh pineapple in it.

# Princess Margaret Again Will Meet Anglican Primate

BY COLIN FROST

London —A— Two principals in one of the strongest dramas of British royalty — a beautiful princess and a plain-spoken richly robed archbishop — will meet again Friday at the altar of Westminster Abbey.

"Margaret Rose," the archbishop will say, "will thou have this man to be thy wedded husband, to live together after God's ordinance in the holy estate of matrimony?"

"I will," the princess will reply.

And the archbishop may then be permitted a moment of self-congratulation.

Five years ago 73-year-old Geoffrey Fisher, Archbishop of Canterbury and Anglican primate of all England, was

AP Wirephoto  
This Picture of Princess Margaret was taken on her 29th birthday last Aug. 21 by Antony Armstrong-Jones, her fiancé. The portrait was made at Royal Lodge, Windsor, England.

On Friday Princess Margaret and the Archbishop of Canterbury will be central figures in the romantic event of the year, her marriage to Antony Armstrong-Jones. But five years ago Margaret and the archbishop were central figures in a romantic drama with a less happy ending. Here is the story, first of a series of four articles on the royal wedding.

Instrumental in breaking up Princess Margaret's romance with Peter Townsend, the divorced air hero she wanted to marry.

On Friday the archbishop will be officiating at her marriage to Antony Armstrong-Jones. Margaret's sorrow will have come to a happy ending and the church's teaching of

## League Lashes Out Against Obedience Vows

London —A— The president of the Women's Freedom league came out today against Princess Margaret promising at her marriage to obey Antony Armstrong-Jones.

Miss Marian Reeves, 70, league president, said:

"Her royal highness' decision to have the 'obey' included in her marriage vows has shocked a great many people. It is a disgraceful thing."

In an interview, she said the league tried unsuccessfully to persuade Queen Elizabeth II. to eliminate obey from her vows.

"As we were unsuccessful then," she said, "I feel it would be no good to hammer away at Princess Margaret."

Miss Reeves has been campaigning for full rights for women for more than 30 years.

"Princess Margaret's wedding more work there is for doing just goes to show how us to do," she added.

cided to put these considerations before all others."

As this public renunciation and the months that followed showed, Margaret is a deeply religious woman. Suggestions that she might enter a religious order were not entirely idle gossip.

**Religious Experience**  
And so her marriage, enriched by its incomparable abbey setting of pomp and pageantry for the royal bride will be a deeply religious experience.

The ceremonial of the Church of England has a double function. It makes the exchange of vows between bride and bridegroom a legal and binding contract, just as would a civil ceremony, and it invokes God's blessing on them.

In addition, as the archbishop writes in the official wedding program, the ceremony has three purposes: "That children may be born and brought up in the fear and nurture of the Lord," "That the sex instincts and affections may be rightly and reverently used,"

"And that each partner may find companionship, comfort and encouragement in the other."

At the heart of the ceremony, the archbishop will lead Margaret from the side of Prince Philip and clasp her right hand in that of her bridegroom.

**Make Vows**  
In turn they will make these vows:

"I, Antony Charles Robert, take thee, Margaret Rose, to my wedded wife."

"I, Margaret Rose, take thee, Antony Charles Robert, to my wedded husband."

It is the moving, traditional wording of the church's marriage contract:

"...to have and to hold from this day forward, for better for worse, for richer for poorer, in sickness and in health, to love and to cherish, till death do us part, according to God's holy ordinance."

But despite the ceremony's insistence on the lifelong nature of the marriage vows, the royal family's guests at the wedding will include a number of divorced notables.

One is Princess Georg of Denmark, Margaret's cousin, who divorced her first husband. It was on the archbishop's advice that the British royal family stayed away from this cousin's second marriage to the prince.

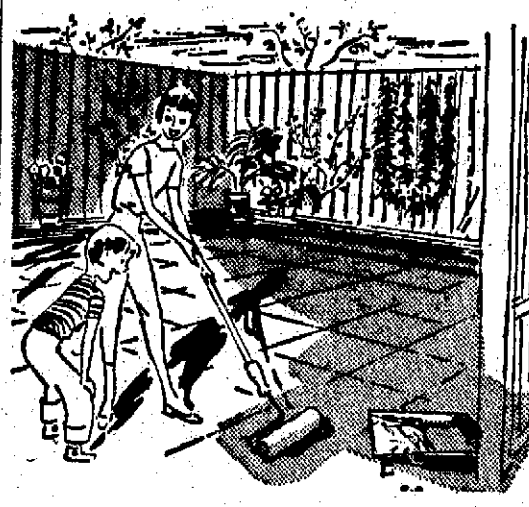

**Wives Sit in Nave**  
In the place of honor behind Queen Elizabeth and Prince Philip will stand the bridegroom's divorced parents. The second and third wives of Armstrong-Jones, Sr., will sit in the nave.

One notable divorcee still apparently is barred—the Duchess of Windsor, the twice-divorced American for whom Edward VIII gave up the throne of England.

Neither she nor the duke will be at the wedding. Twenty-four years after the abdication, the former Wallis Warfield Spencer Simpson still is unacceptable to the queen and her advisers, as Peter Townsend was five years ago.

## Designing Woman

BY ELIZABETH HILLIER

Paint Pick-Up for a Patio

Paint for the concrete of a patio can be as much of a scene changer as a new rug for the living room. The color might be a velvety green that glides into the plantings, or bright blue to contrast with them, with repeat blues and green on the furniture. Sulphur yellow below it would snap out the rich tones of redwood, a juicy melon color would be handsome with silvery metals. Use a long-handled paint roller for a fast slide, stand-up job.

The floor and deck enamel to use on newly finished concrete, or concrete which may suffer from moisture below, is the kind that is water-thinned. Rubber based floor and deck enamel that thins with solvent should be applied only to thoroughly dried concrete that has no moisture problem. Before painting, remove all traces of grease and oil, and anything that's loose or peeling on the concrete surface — which may mean a going-over with a wire brush. After cleaning, wait until any remaining moisture has dried. Good quality for the paint is important as it al-

ways is, especially because of outdoor exposure.

Mrs. C.S. "We're moving into an old house which is full of heavy woodwork and plan to refinish it downstairs, but to paint it upstairs. We like light colors for the bedroom wallpapers and feel that paint will be better to keep the light effect. What kind of curtains will be best where the wood framing is wide and fills in under high sills to the floor? We prefer lightweight curtains to drapery."

If the woodwork is handsome, let it show by keeping the curtains minimum, perhaps cafe style within the frames. But if you feel that curtains should cover it, paint the window framing woodwork the color of the wallpaper background in each room, and make curtains in the same color, to hang on rods set as wide as, or wider than the frame width. Even on the wood under the windows won't be noticeable under sheers or semi-sheers that match it. The best style might be two tiers, the lower to the floor to stay closed while the upper tier is open.

Mrs. L. G. "I like both orange and shades of amethyst and purple for pillows, scatter rugs and flowers in my living room. Now that I'm moving to a new apartment, I wonder how lilac or orchid would be for the walls to go with beige, toast and medium brown furniture, and so I could use orange accessories sometimes, and sometimes change to accessories in amethyst and purple. The apartment has beige walls now, but I am tired of beige. If the walls shouldn't be lilac or orchid, what do you suggest?"

A carefully chosen, soft, grayed shade of lilac could be very attractive with the beige and medium browns, and the toast, too, if the shade is not too rusty. Amethyst and purple will not be contrast enough for accessories — try touches of fresh yellow-greens and yellow with them. The change to orange accessories will be most successful if the shades of orange or more toward gold than a raw, middle orange.

## Sheinwold Guess, By Gosh Play Works Here

BY ALFRED SHEINWOLD

No matter how good a bridge player you are you must sometimes operate by guess and by golly. In some situations your only guide is

South dealer North-South vulnerable

NORTH  
7 6 2  
4 3 2  
7 6 5 4  
A K Q

WEST  
10 9 3  
Q 8 7  
Q 8 4

Opening lead — 4

the principle that what's good for the opponent cannot also be good for you.

Take West's seat in today's hand. You lead the jack of clubs to dummy's queen. Back comes a low diamond from dummy. Your partner plays the deuce, and declarer plays the jack.

What should you do? If you weren't thinking pretty hard, you would take the ace of diamonds and lead the four of clubs. Or perhaps you would lead the ace of diamonds and then do your thinking about the suit to lead.

Either way, declarer would make his contract. He wins the second club in dummy, finesse the 10 of diamonds, and cashes the king of diamonds. Then he gets back to dummy with a third club in time to cash dummy's last diamond. South wins three clubs, three diamonds, two spades and one heart, making the game contract.

**Better Defense**  
West can defend more effectively if he refuses to win the first round of diamonds with the ace. This simple play frustrates declarer.

South cannot continue the diamonds from his own hand. If South leads a second club to dummy for another diamond finesse, West takes the ace of diamonds and then leads a third club. This takes the last entry out of dummy, and declarer cannot cash dummy's last diamond.

There are now only eight tricks for declarer.

How does West know he should refuse the first diamond trick? Perhaps he should be able to read the situation scientifically; perhaps not.

As a practical matter, he can come to the right conclusion if he thinks South is a good player. What is good for South cannot be good for West, so West refuses the trick and defeats the contract.

**Daily Question**  
Partner opens with one NT (showing 16 to 18 points), and the next player passes. You hold: S-Q J 8 5, H-K 10 9 4, D-Q 8 2, C-6 2. What do you say?

Answer: Bid two clubs. This is the Stayman convention, asking the opener to show a major suit of four or more cards if he has one. You are ready to raise either major suit to three; and you will bid two NT if partner bids two diamonds to say that he has no major suit.

(Copyright 1960)

## Combined Choruses Delight Audience

By Marguerite Schumann

There was a time when the men's chorus and the women's glee club at Lawrence College were regarded as a sort of a junior varsity training team for the first string. But there have been increased rumblings in the last several seasons that this is no longer so: that the 4-part men's ensemble and a 3-part ladies' group are attracting students of superior talent who simply like to sing in those idioms.

This emerging thought was given firm re-statement Sunday evening in Harper Hall.

However satisfactorily the choirs performed as separates, when they massed at the end the combined total was even better than the sum of its parts.

**Vivid Performance**  
Singing under the direction of Edgar Turrentine, the 18 men and 61 ladies staged two spectaculars: first the gracefully dramatic 10-minute poem "Hear My Prayer," by Felix Mendelssohn, in which the brightly substantial soprano of Eva Tamulenas soared above the choral mass; and Giovanni Gabrieli's exciting "In Ecclesiis" filled the stage with the sound of brass choir, baroque organ and vigorous young voices. Miss Tamulenas' vivid performance was particularly noteworthy inasmuch as she had sung a full length recital during the afternoon.

Earlier, Turrentine had led his men through seven agreeable songs of different schools — "Adoramus Te" by Vincenzo Ruffo; "Ave Maria" by Jacob Arcadelt; "O Jesus, Tender Shepherd, Hear," a German folksong harmonized by Brahms; "She Walks in Beauty," by Raymond Rhea; "This Train," by O'Hara-Touchette; and the Welsh air "All

Through the Night." The men have achieved a noteworthy blend, the ability to sing unsupported by an instrument, and a sure sense of the musical phrase.

**Passel Chorus**  
The women's glee club was under direction of Inge Weiss, who shepherded her 60 daughters-surrogate into a pastel tableau as pretty as the cover on a candy box.

They performed, with a fine girlish lyricism, Verdi's "Laudate di Alla Vergine Maria" (this from a small ensemble); the expansive "Unfold Ye Portals" of Gounod; the ethereal and mystic Consecration from Wagner's "Parsifal," along with two works in the modern idiom—Irving Fine's "Father William," a witty setting of the poem from Alice in Wonderland, and William Schuman's morosely introspective "Prelude for Women's Voices." The somber hues of the latter were ornamented by the soprano voice of Carolyn Rosenthal Cornell, on loan from the senior Lawrence choir, where she also is a soloist.

A "Spring Fling" at St. Pius X parish hall is being planned by the St. Pius X Home-School association. Preparing for the dance are, from left, Walter Cotton, publicity chairman; Kenneth Lang, treasurer; Richard Murphy, financial chairman, and Richard Douglas, secretary. Verne DeBruin is president and William Bedat, vice president of the association. A local orchestra will play at the informal dance, from 8.30 p. m. to midnight May 14.

## A Lovelier You

By Mary Sue Miller

### What Does Suntan Do for You?

A gently acquired suntan should never set out to make most women look tan. When she cannot avoid tanning, or prettier, or healthier, she should avoid exposure. But many a woman a sunblock preparation, one that bars the burning, ultra-violet rays. Freckles are another cate-

gory of lovelies who should avoid prolonged sunning. Just summer's light and warmth bring out freckles. Let the sun's infra-red rays — the heat rays — linger on freckled skin, and a spotted-leopard effect soon takes over. As no preparation as yet fends off infra-red rays, the best defense is cover-up clothing.

However, many freckles have found that a sun-screen lotion is helpful. Sun screens filter out burning rays and permit a light tan. This seems to blend the light skin and the freckles to a more even shade.

If prone to any of these problems, begin now to use the prescribed safeguards when outdoors. The sun's rays have full strength at this season. So play it safe, and you won't be sorry!

What's your hair problem? You will find a way to overcome it in my 16-page booklet, "Rule Your Waves." Advice includes beauty treatments for oily, dry, and normal hair; ways to manage unruly locks; how to add color and highlights; tips on cutting, permanents and styling; grooming tricks. Write me in care of this newspaper for your copy, enclosing a large, self-addressed, stamped envelope and 20 cents in coin.

# Lawrence Lists Events' Calendar

The final month of events at Lawrence college before Commencement on June 12 contains a number of musical programs, guest speakers, and a one-man art exhibit during May.

Among the musical offerings will be a faculty recital by organist Daniel Smith at 8:15 p. m. Sunday in the Memorial chapel. Next is a benefit concert by Lawrence alumnus and harpsichordist Edward Smith, sponsored by Sigma Alpha Iota at 8:15 p. m. May 12 in Harper hall. A jazz concert by Louis "Satchmo" Armstrong is scheduled for 8:15 p. m. May 13 in the Memorial chapel, while the spring concert of the Lawrence band, directed by Fred Schroeder, will be presented at 8:15 p. m. May 15, also in the chapel. A saxophone recital by conservatory senior

## Mother's Helper

CHILDREN are usually starved when they get out of school, and really need "a little something" to tide them over. If you're taking them directly to a music lesson or other activity, bring a snack they can eat in the car on the way (fruit, or cookies in a sandwich bag—even a small can of juice with a straw).

FOR HALF-SIZE FIGURES  
The name Fontana stands for Italian couture at its best. It also stands for sewing at its simplest, to be completed in a few hours. A compliment to any figure, it is especially good for the wearer of half sizes. The long lines of the top-stitched front panel have a slimming effect. The panel has loose edges that open into pleats at the lower edge. For summer choose linen, shantung, novelty cottons; for fall, sheer wool, faille, brocade. From this size chart select the one size best for you. Our measurements are comparable to ready-to-wear sizes.

	Bust	Waist	Hips	Length
Size 14	34 1/2	26 1/2	37 1/2	36 1/2
16	36 1/2	28 1/2	39 1/2	38 1/2
18	38 1/2	30 1/2	41 1/2	40 1/2
20	40 1/2	32 1/2	43 1/2	42 1/2
22	42 1/2	34 1/2	45 1/2	44 1/2

\*FROM WAIST TO NECK TO WAIST.  
Size 16 requires 2 1/2 yards of 54 inch material for dress and 1 1/2 yards of 36 inch material for lining.

## Coordinates, Mix-Match Styles Set Fashion Pace

The age of separates and coordinates has become firmly established in the American fashion picture and clothing manufacturers are a pace ahead of the fashion-conscious woman by always introducing a new idea in mix and matches.

Last year bold flowered blouses and pastel skirts were given the big welcome and spring 1960 introduces colorful, but subdued, plaids called Madras after the old Indian cloth.

One time women frowned at wearing a plaid skirt and blouse because of the brilliant and often unflattering colors, but fashion-wise Fox Cities

women now enthusiastically accept the twosomes.

Plaids of muted blues, greens, purples and roses, with a sly stripe of yellow or white are gaining in fashion popularity. The advantage here is great, namely that plaid skirts do not show wear so much.

**Khaki Holds Own**  
However, khaki skirts are holding their own and can be mixed with a variety of blouses. An especially pretty blouse, viewed in one of the Fox Cities department stores, features a roll-up sleeve style in muted blocks of blue, yellow, pink and green plaid. This soft-toned blouse may be worn with either dark or light skirts or bermudas.

Also chic for spring are striped blouses with matching plain colored skirts piped in the same striped fabric.

Blazers in multi-colored stripes or in plain fabric also remain on top this year and are excellent duos with skirts and blouses for cooler spring days. Blazers no longer are restricted to wool fabrics—cotton cord, denim and sailcloth star in the revival of the 1930 style.

**Overblouse Popular**  
The overblouse still remains in America's wardrobes as a step forward to ease and comfort in clothing. No longer does the attractively dressed woman have to worry about her blouse pulling out to show a maze of wrinkles along the waistband. Also, in the really warm weather, a blouse which can be worn on the outside attractively and becomingly is a boon to today's traveling women.

Capri or poncho style shirts in a variety of colors and patterns mix amiably with bermudas, skirts or slacks. These gay shirts also serve as a cover up for swimsuits or halters and can be slipped over the head with ease.

## Women Join Battle to Save Lafayette Square

BY MARTHA COLE  
Washington—Five million women have joined the battle of Lafayette square. They're campaigning to save the Dolly Madison house and two other old buildings on a historic corner of Lafayette square across the street from the White House.

"We really want to do it; we're giving it all the effort we can," said Miss Sally Butler, director of legislation for the General Federation of Women's Clubs.

The federation speaks for five million women.

**Won Battle**  
Its president, Miss Chloe Gifford, noted in a letter to Sen. James E. Murray, (D-Mont), that the federation spearheaded the program for restoration of Independence hall in Philadelphia — and won.

They're joining ranks now with two representatives and seven senators to oppose the General Services administration, which wants to build a modern courts building on the old corner.

In the Dolly Madison house, the charming and beautiful wife of the nation's fourth president, James Madison, spent 12 years of her widowhood — 1837-49.

It was a great gathering place of society in those days. Now it's the home of a new age — the National Aeronautics and Space administration.

The other adjoining buildings are the Benjamin Taylor house and the Old Belasco theater.

**Regiment of Preservers**  
In the congressional regiment of historic preservers are Sens. John F. Kennedy, (D-Mass), Wayne Morse, (D-Ore), Hubert H. Humphrey, (D-Minn), Thomas C. Hennings, Jr., (D-Mo), Paul H. Douglas, (D-Ill), Ernest Gruening, (D-Alaska), and Mike Mansfield, (D-Mont); and Reps. Harris B. McDowell, Jr., (D-De), and Frank Thompson, Jr., (D-NJ).

They have similar bills calling for a study of the best location for the court buildings in order to preserve Lafayette square.

"As we plan for the future of our nation's capital, we must remember that our city is a living lesson in our nation's history as well as the center of our government operations," Humphrey said in introducing his bill.

Said Thompson: "As we grow up we place the same values on historical and beautiful things that the Europeans have done, and we'll be glad later that we did so that we'll have some trace of our heritage."

Thompson said "The administration is more interested in preserving the ancient treasures of the Nile valley than in preserving our own historic treasures right in the front yard of the White House."

## Say Vows In Catholic Ceremony

Navarise — St. Lawrence Catholic church was the setting at 10 a.m. Saturday for the marriage of Miss Nancy Lee Kable, Oshkosh, and Robert J. Brownson, Oshkosh.

The Rev. Gerard J. Van Nu-land officiated at the double ring ceremony. Parents of the couple are Mr. and Mrs. Frank Kable, Jr., route 1, Shiocton, and Mr. and Mrs. Clarence Brownson, also of Shiocton.

Miss Barbara Allen, Appleton, was maid of honor and a Myron Krusicki, Shiocton, was best man. Guests were seated

by Edward Kable, brother of the bride, and Mark Brownson, brother of the bridegroom.

A dinner was served at St. Denis parish hall after the ceremony and a reception was held during the afternoon in the hall.

Mr. and Mrs. Brownson are graduates of Shiocton High school and are attending Wisconsin State college, Oshkosh. They will reside in Oshkosh when they return from a northern Wisconsin wedding trip.

# In Good Taste Young Man Sends in Problem

BY EMILY POST

Dear Mrs. Post: I am a junior in college and throughout the school year dances are given by the various school organizations in the gymnasium. These dances are informal and usually the girls go to the dance alone, or in groups, and the boys do the same. (This is a coeducational school.) At the dances most of the boys find someone they like and dance with her throughout the evening. I like to circulate around and dance with different girls. However, this always creates a problem as I never know how to break away from one girl after the dance is over without feeling as though I had left her stranded, and as a result I am often "stuck" with her for the evening. Will you please tell me how this situation can be handled tactfully and without hurting the girl's feelings?

Answer: This is a very difficult problem to solve, and the only thing I can suggest is that you dance only with girls who are seated in groups so that after a dance you can take her back to the group and feel perfectly free to dance with someone else.

## Reception At Home

Dear Mrs. Post: How can I serve approximately 40 guests at a wedding reception which I am giving in my house for a young relative. We have no servants and will probably not be able to engage any for this occasion. What also is the typical decoration of the table?

Answer: You should not find it at all necessary to have anyone help you at a simple buffet. Put cakes and sandwiches and punch on the dining table with glasses grouped around the punch bowl, and the guests will very readily help themselves. They would do this even if you had half a dozen caterers' men. For typical table decorations—as much white as possible. White flowers, white wedding cake, white iced cakes, white and green, or white and gold china on a white damask tablecloth.

## Interruption

Dear Mrs. Post: If it is nec-

# Four Students Initiated Into Greek Groups

Four students from Appleton recently have been initiated into Greek groups at the schools they attend. Miss Barbara Giffin, daughter of Dr. and Mrs. Walter Giffin, 609 S. Walnut street, was initiated into Alpha Tau Delta, national professional nursing sorority. Miss Giffin attends Marquette university and was among 35 students so honored.

At the University of Wisconsin, Kenneth Kloehn, son of Dr. and Mrs. Kenneth Kloehn, 300 W. Prospect avenue, was initiated into Beta Theta Pi social fraternity.

William B. Dykema, Jr., and Marty Semmelhack became full-fledged members of Alpha Tau Omega social fraternity at the state university. Dykema is the son of Mr. and Mrs. William B. Dykema, 1749 N. Meade street, and Semmelhack's parents are Mr. and Mrs. Fred A. Semmelhack, 1701 N. Harrison street.

Mark Gresenz was among nine students who recently pledged Alpha Kappa Psi, professional commerce fraternity at the University of Wisconsin. His parents are Mr. and Mrs. Donald R. Gresenz, 804 S. Summit street.

## Herb-Vinegar Good In Salad Dressing

After you've let herbs steep in vinegar—so you'll have a flavorful concoction for salad dressings—strain the vinegar through a couple of thicknesses of muslin.

essary to interrupt when persons are talking, what is the most polite way to do it?

Answer: Say, "I'm sorry to interrupt," or "Excuse me, please, but Mrs. Brown is on the telephone," or "Mr. Jones is waiting to see you," or whatever it is that makes it necessary for you to interrupt.

Mrs. Post offers readers leaflets on a variety of subjects concerning etiquette. If you would like to have her leaflet E-8, entitled "Today's Typical Wedding," send 10 cents in coin to Dept. E. P. care of this newspaper P. O. Box 99, Station G, New York 19, N. Y.

# Forever Feminine

"It's a 'safe driving award' from my husband. I got it for not using the car all winter!"

# SLAMS TO ME By Patricia Scott

Now is the time to plan your summer wardrobe! Not next month or even next week, but now. No doubt the big question on your mind is, where do I start? For a good beginning, make a convertible petticoat—an absolute must for your wardrobe, and especially for vacation time.

As a fashion coordinator my work has taken me from the boutique of Emilio Pucci in Florence and the House of Dior in Paris to the busy, chaotic garment center in New York City. This meant days and sometimes weeks of traveling with only one suitcase. I well remember the time and money I spent in coordinating my petticoats with my dresses and then trying to cram them into one piece of luggage. It left little, if any room for other necessities. To solve this problem, I made one petticoat to go with everything all around the skirt on right by simply using removable and wrong side by top stitching ruffles in different fabrics and colors to match each of my dresses.

For the petticoat, choose a non-woven fabric and any pattern to your liking. Using bias binding, bind the waist, side opening, and hem edge. Sew another strip of binding five inches above the hem edge to go with everything all around the skirt on right by top stitching ruffles in different fabrics and colors to match each of my dresses. Now, take some lightweight dot snappers (they may be purchased in a kit that in-

DAVE

cludes a little device for attaching snappers to the fabric) and place them about two and one-half inches apart on this row of binding and also at the waist closing. All you have to do now is make your ruffles to match your various dresses.

To make ruffle, cut a strip of fabric seven inches wide and sufficiently long. You can usually do this with one yard of fabric, cutting four strips of fabric, cutting four strips and sewing them together to form one strip. This of course depends on the fullness of your petticoat as does the amount of binding you'll need. Now, turn one edge under one-fourth inch and stitch for hem. Then sew bias twill tape to the other edge on right side of fabric. Turn twill tape to wrong side, press and stitch down. This will act as reinforcement for the snappers. Shrink the strip and adjust fullness until ruffle fits petticoat perfectly.

To shirr use machine ruffler attachment, or set machine for longest stitch, make two rows of stitching one-fourth inch apart and pull threads to ruffle. You can also make a good ruffle by using elastic thread in your bobbin with regular thread on the top. Next you apply dot snappers to ruffle, being very careful to space them exactly as you did on the petticoat. Then, sew both ends together.

By the way, you might try a couple of accordion-pleated petticoat extensions since there are so many permanently-pleated fabrics available. Also, if you need a full-length evening petticoat, make an extension of the same non-woven fabric, unruffled. Be sure sides of extension follow the flare line of the petticoat.

# Say Vows In Morning Nuptials

A double ring ceremony April 23 at St. Therese Catholic church united Miss Joan Ann Manders, 802 1/2 W. Oklahoma street, and Daniel Peter Zuleger. The Rev. F. A. Milbauer officiated at the rite.

Parents of the newlyweds are Mrs. Helen K. Manders and Theodore L. Manders, both of Green Bay, and Mr. and Mrs. Ben F. Zuleger, Sr., 126 E. Roosevelt street.

Miss Tita L. Manders, Minneapolis, was her sister's maid of honor and Mrs. Thomas Lemons, sister of the bridegroom, was bridal attendant.

Best man was David W. Janssen and groomsman was Kenneth D. Zuleger. Robert and Ben Zuleger, Jr., brothers of the bridegroom, ushered.

A dinner and reception were held at the Hotel Appleton. The couple will live at 802 1/2 W. Oklahoma street when they return from Niagara Falls, N.Y.

Mrs. Zuleger graduated from Green Bay East High school and is employed at Kimberly-Clark corporation. Her husband is an alumnus of Appleton High school and is working at the Wisconsin Telephone company.

## Dinner Meeting Set For Nurses Group

The annual meeting of the Appleton district of the Wisconsin Nurses association will begin with a 6:30 p.m. dinner on Thursday at the Menasha Elks club.

New officers will be elected and committee reports will be given.

## Our Children

# Aversion to Embraces Normal in Youngsters

BY ANGELO PATRI

There comes a time in the lives of boys and girls, especially boys, when they have a strong dislike toward close contact with others. They shrink from the embraces of relatives and friends and even their parents. They have a strong aversion to being kissed. Parents are distressed when children reject kisses their fond relatives want to shower on them.

When this happens, the older people are likely to feel hurt. They think the children dislike them, or are angry with them for something they did unintentionally.

The children have no such feeling. They have arrived at the stage where they have discovered their peculiar self and feel they must protect it. It is more an emotional feeling than a physical one, and they cannot explain it.

## One Situation

One morning a distraught mother told me: "My boy did not come home last night. We've searched for him everywhere and notified the police but so far we can't find a trace of him." I knew at that moment the boy was in his classroom. "Wait a moment. Maybe I can find him," I said.

I went to the classroom and beckoned him out to the hall. "What's wrong," I asked. "You'll have to tell me, so I can help you. Your mother is in the office, and

the police are looking for you. What's the matter?"

For a moment the boy did not speak and then, in great embarrassment he said, "I just can't stand my mother kissing me. When I leave for school, when I get back, every time she feels like it, then at bedtime again. I can't stand it." Then he began to cry.

## Phase Passes

"I see. You go and wash your face. I'll come back for you when I explain to your mother and she will promise not to kiss you until you want her to. All right?"

When I explained this to the weeping mother she wept more. "He doesn't love me. My son—" By and by I won her promise not to kiss the boy if he came to the office to see her. When he came he stood in the doorway but got no further. I dismissed him and he promised to go home which he did when school was over.

This phase happens in the early teens. It passes in time, but when it shows it is best to respect the children's feelings and keep hands off.

Angelo Patri offers readers leaflets on a variety of subjects concerning child training. If you would like to have his leaflet "The Shy Child," send 10 cents in coin to him, in care of this paper, P.O. Box 99, Station G, New York 19, N.Y.

# Korean Action All Right, but Was Too Slow

Rhee Has Been Headache to U.S. For Long Time

BY WALTER L. LIPPMANN

If there is any criticism to be made in the state department in its dealings with South Korea, it is that it might have acted sooner. For years Korea has been an American headache.

Dr. Rhee has played the Lippmann despot and has carried on a regime which made a mean joke of the bloody struggle we waged to save South Korea for democracy and liberty. In his relations with Japan and with his powerful neighbors in East Asia he has been an irresponsible nuisance. With his war-mongering he would have been a dangerous nuisance had we not kept a close watch on him.

After the brazen theft of the elections in March his dictatorship, which we had just managed to tolerate, became intolerable. For after the violence and dishonesty of the elections, rebellion broke out all over South Korea. His government had lost the final excuse by which dictatorships can be justified—that they are able to govern. When Dr. Rhee resigned, he had ceased to be able to govern.

We are involved. In all probability the United States could not have saved Dr. Rhee had it wanted to do that. There was no reason why we should have wanted to save him. In taking its stand against Dr. Rhee and for a new deal, the state department acknowledged the inescapable responsibility of the United States. It is that we are involved in Korea and are responsible for the maintenance of a

stable and a reasonably liberal regime.

It was an honest and a healthy thing to intervene openly. For the open intervention is a public acknowledgment of the real situation, which is that the South Korean state was created by American arms, is protected by American power, and is maintained by American subsidies.

We are Accountable

All the world knows this, and therefore all the world holds the United States accountable for the behavior of the South Korean government. There is no way in which we could protect and support South Korea and at the same time act as if it were an independent country like, for example, Switzerland or Denmark. The critics of the state department's intervention cannot have it both ways. They must not ask us to withdraw from South Korea and at the same time demand that we leave it entirely alone.

It would suit most of us in American much better if we could leave Korea alone, if we did not have to intervene, if we did not have to take a part in overthrowing a government, if we did not have to worry about its successor. But the only alternative to doing these disagreeable things is to withdraw from South Korea, and to stand aside, and to let it be sucked into the orbit of Red China.

As we have no intention of allowing South Korea to become a Chinese satellite, as South Korea is quite incapable of maintaining its own independence and its own liberty, it must continue to be—not to use the word satellite—our client and our ward.

## Coast Guard Changes

6-Month Program

The age requirements for joining the coast guard reserve 6-month training program have been changed to include men up to 26.

Under the old setup only those men between 17 and 21 could take advantage of the "6-month active duty - 8-year reserve obligation."

A coast guard recruiter is at the navy recruiting station, 129 N. Superior street, from 9:30 to noon Mondays, and at the Menasha post office Monday afternoons.

## To Your Good Health

### Husbands Responsible for Half of Childless Marriages

By Joseph G. Molner, M.D.

"Dear Dr. Molner: My son and his wife are unable to have children. His wife went to a doctor and was apparently all right. Then he was examined and found to have a low sperm count."

"One doctor said the condition was hopeless. Another said he could help, and the sperm count increased, but they still have not been successful. Now he won't go to this second doctor."

—Mrs. R.C.

Either reduced fertility or sterility occurs in approximately one marriage in 10. It is used to be that wives automatically inherited all the blame, and I refer you to history for documentation of the attitude of certain monarchs of the past.

More recently, however, facts began to filter through. Perhaps it wasn't always the fault of the wife. Still, for quite some time the old notion prevailed, and women went to the doctor, had defects corrected (if there were any) and sometimes found that they still remained childless.

50 Per Cent

Finally husbands were given some attention, and it was found that they were at fault in something like 50 per cent of the childless marriages.

The normal sperm count ranges from 40 to 100 million cells per cubic centimeter of fluid. It is generally considered that 20 million is necessary for fertility. Actually, of course, a single sperm cell, theoretically, is sufficient.

Troubles the wife may have—erosion of the cervix and the common trichomonas infection—are principal causes that need correction. It is also important for both partners to attain as good health as possible. Thyroid extract has been found to be quite effective in improving the calibre of the sperm. Correction of other defects in the male may also be required.

I realize that many husbands consider it a reflection on their masculinity to imply that they need medical attention. Well, it isn't a reflection, but it is sometimes necessary.

A couple like the one we are

discussing today should make some further attempts to solve the problem. Remarkable strides are now being made in overcoming infertility.

Keep Weight Down

"Dear Dr. Molner: I have diabetes and have gone to a laboratory for tests. Is 92 normal for blood sugar? The doctor told me I should lose weight. S. N."

A reading of 92 is normal—I presume it is a test taken before breakfast. Up to 120 is normal before breakfast; 90 minutes after breaking a reading of 150 or less is normal. Many diabetics who are overweight can get back to normal blood sugar if they reduce (as you evidently have) and can live normal lives without either insulin or the relatively new diabetes pills. But you must keep your weight normal.

Contact Lenses

"Dear Dr. Molner: Please give your opinion on contact lenses.—Mrs. M.M."

Contact lenses have a definite place in the world of eye correction. Your eye doctor can tell whether they will suit your particular case, and he will give you an idea of the cost as compared to regular glasses.

Leg cramps and foot pains?

Both can be stopped! To learn how, write to me in care of this newspaper, requesting my pamphlet, "How To Stop Leg Cramps and Foot Pains," and enclosing a long, self-addressed, stamped envelope and five cents in coin to cover handling.

# Tornadoes May Have Language All Their Own

**Weather Bureau  
To Use Research  
Planes in Test**

Washington — Tornadoes may speak a strange and ominous language that will give weather stations warning of their approach.

Close up, a full-blown tornado's sounds are overwhelming, the National Geographic society says. The violent winds shriek like hundreds of jet airplanes or thunder as thousands of railroad cars roaring overhead at once. The din is developed by winds racing at 40, perhaps even 600, miles per hour.

Current speculation has it that tornadoes probably are also accompanied by low-frequency sounds inaudible to human ears. These sounds might conceivably be detected by sensitive instruments as an advance warning.

**Planes to Test Theory**  
To test the "tornado-talk" theory, the weather bureau plans to send instrument-laden research planes over the tornado alleys of Kansas and Oklahoma this spring. At the same time, navy rockets will be used to try to photograph the tops of storm fronts containing tornadoic activity.

Meteorologists watching radar screens can now identify the type of storm from which tornadoes are born. Soon actual tornadoes may be spotted from a distance by means of radar.

Little by little, scientists are unraveling the mysteries surrounding the tornado. They now know that certain conditions appear to be indispensable for a tornado's formation: moist, warm air at low levels and cool, dry air at higher levels; a southerly wind at the surface and a strong wind blowing over it from a different direction.

**Final Ingredient**  
The final ingredient is some lifting mechanism, such as a cold front or a storm line, to push up the warm air.

Suddenly, from the midst of a thundercloud, a funnel-shaped cloud lashes out with a twisting elephant's trunk of whirling air that winds across the ground, sucking up matter in its path. As it picks up material, the twister may turn black, brown, or even white, if there is snow. The tornado meanders across the country, usually at 25 to 40 miles per hour. Generally, it spends its force quickly. The average tornado travels only 16 miles. But within its area, it wreaks fantastic destruction.

Buildings literally explode. Chickens are stripped of their feathers. Straws are driven into fence posts. Water is sucked from wells.

**Lightning Display**  
Not the least of the terror is the tornado's electrical display. Forked lightning — vividly outlined with yellow, green, blue and purple — often dances against the dull glow of continuous sheet lightning.

The vortex remains a mystery, because instruments cannot survive the devastating wind. Few people have looked up into the terrifying funnel and lived to tell what they saw.

Each year tornadoes kill scores of people and cause millions of dollars worth of damage in the United States. There is still no real defense against a twister except to get out of the way. But new tools and techniques are providing better warnings and advance knowledge that may eventually lead to greater protection.

A possible approach to the old dream of controlling tornadoes may lie in softening their force by drawing off energy, perhaps through artificial cloud seeding. More basic knowledge of tornadoes and cloud physics is needed, however. Learning the "language" of tornadoes may be a big step in that direction.

## AMAZING PSORIASIS STORY

Jan. 18, 1958 — Pittsburgh, Pa. "Doctors for psoriasis 30 years. Spent much money to no avail. Then used GHP Ointment and Tablets for 2 weeks. Scabs disappeared as if by magic. In 6 weeks skin completely cleared and clean. First time in 30 years. Thanks for your marvelous product." This much abbreviated report tells of a user's success with a dual treatment for psoriasis now made available to all sufferers. Full information and details of a 30 day trial plan from Chas. Co., Dept. 990, Rockport, Mass.

# Nation's Birth Rate Drops for 6th Month

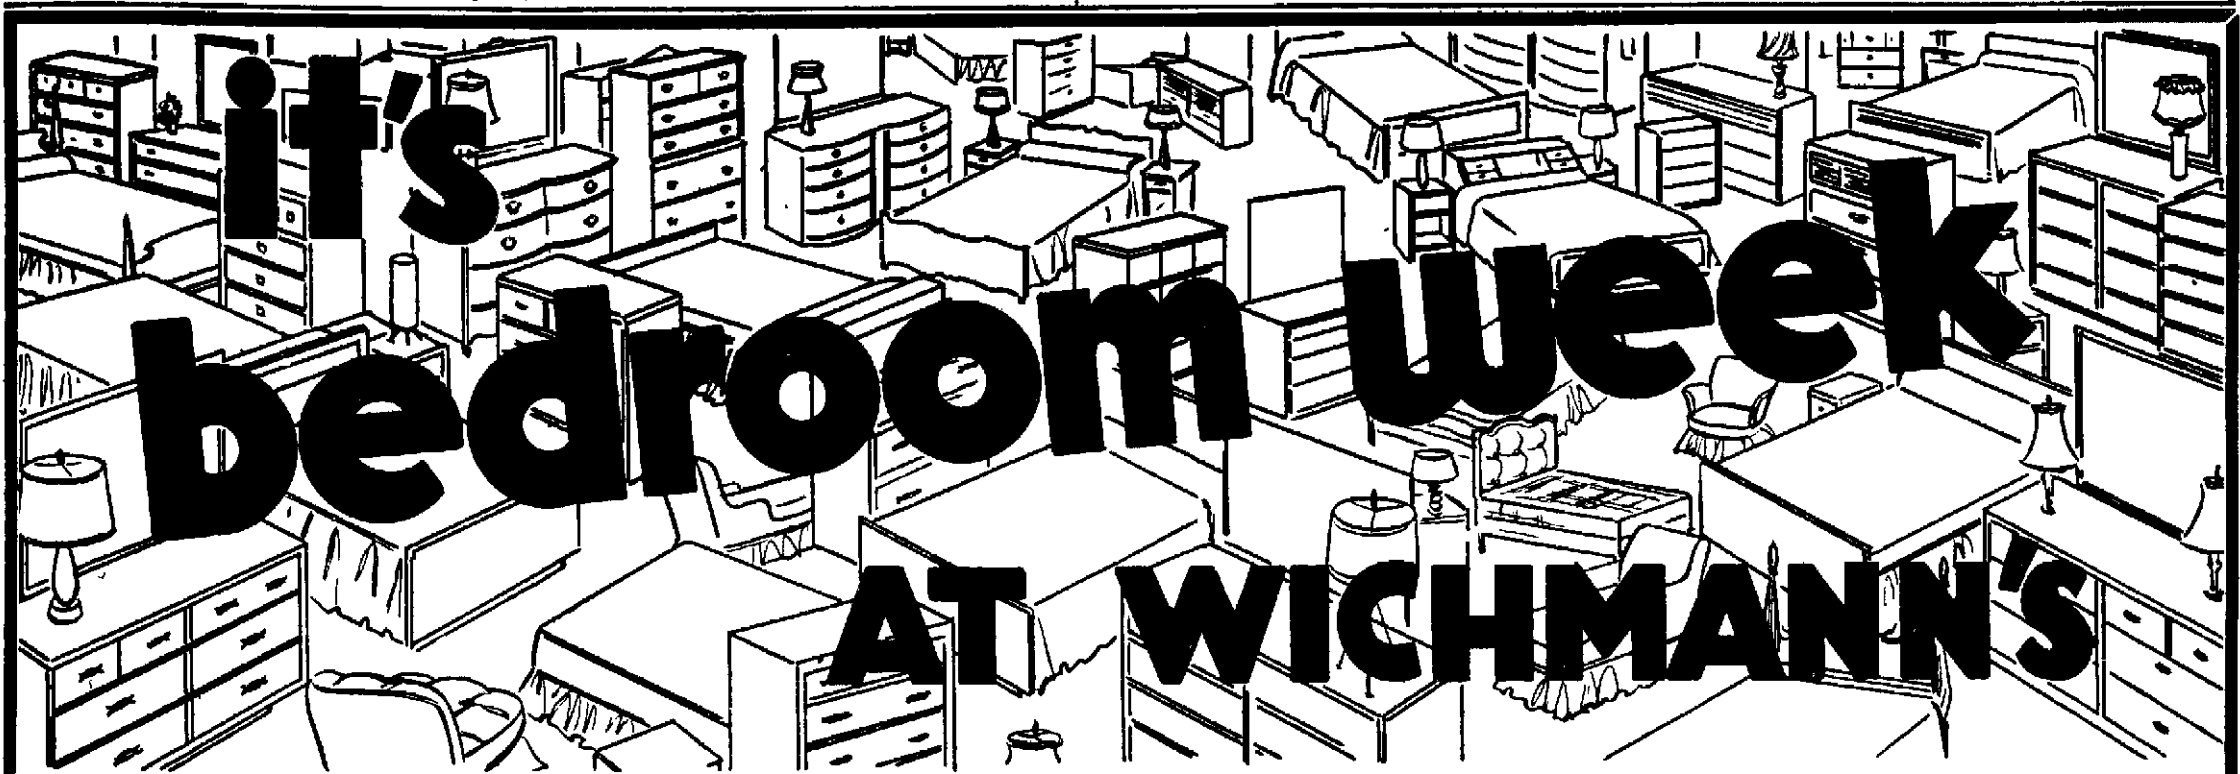

Experts at Loss for Explanation, but Say Trend May Not be a Long-Term One

The nation's birth rate continues to surprise experts by sinking below year-earlier levels. It is not yet clear, however, whether a long-term drop may be under way. Federal statisticians generally had expected births in 1960 to match last year's number. But the national office of vital statistics reported preliminary statistics indicated a so-called "crude" birth rate of 23.2 births per 1,000 persons in the population during February. This is almost 6 per cent below the 24.4 rate of February, 1959.

Moreover, the office computed that "the crude birth rate has been lower for each of the last six months than corresponding rates" a year earlier. The actual number of births in February was 229,000, about 1,600 more than the like month of last year. But February, 1960, had one more day than a year earlier, so the statisticians figure the total number of births during the month dropped 3.1 per cent. The trend in the number of

reported births over the past six months has followed the same pattern as the "crude" birth rate. "Beginning in September, 1959, the number of births has been lower each month than corresponding figures for the previous year, with the exception of November when the number of births was about the same," the monthly report declared. Federal statisticians concede their surprise that 1960 births are failing to equal 1959. Whether the decline is the beginning of a true, long-term drop, however, won't be known for a few more months, they claim. If the decline continues through the first half of 1960, they explain, it probably would mean a true drop is taking place in the birth rate. Earlier, the birth watchers had suggested that the de-

cline might be due to incomplete reporting by local registrars of the number of birth certificates filed. The continued drop in the statistics, however, tends to argue against this possibility. A look at one other set of figures, however, tends to indicate that the birth rate may reverse its current trend and jump upwards this coming winter. The number of marriages in February increased 15.4 per cent over year-earlier levels to 105,000. The marriage rate—the number of marriages per 1,000 population—climbed to 7.4, up almost 9 per cent. Pennsylvania reported a 72.9 per cent increase in the number of marriage licenses issued during the month.

**MODERN! TRADITIONAL! CONTEMPORARY! PERIOD! . . . EVERY BEDROOM SUITE HAS BEEN REDUCED FOR THIS EVENT!**

This is the week we've set aside to acquaint you with our up-to-the-minute bedroom department. Here you'll find the largest most complete selection of the latest styles and finishes ever to be assembled in this area. To make your visit even more interest-

ing . . . every bedroom suite in our huge stock has been reduced in price. Don't let this week pass without visiting our bedroom department . . . you'll be glad you did.

# Building Strike Looms in Valley

## Bricklayers' Pact Apparently Not Pattern for Construction Trades

Despite an agreement Friday between bricklayers and Fox river valley contractors, the possibility still loomed today of a valley-wide construction workers walkout in the stalled negotiations between building trades unions and the Valley Contractors association.

Saturday morning, following a Friday meeting of negotiations that produced no results, Green Bay construction and general laborers local 539 voted to authorize the Valley Building Trades council to call a strike if agreement was not reached soon. The vote was reported to be 87-20. The Appleton Laborers local also voted to authorize a strike call Saturday, according to Wilbur Raatz, Menasha, chief negotiator for the laborers, by a 97-12 vote.

No Sessions Planned  
Raatz also said the Friday bargaining session adjourned without scheduling a future meeting. He added that negotiations are deadlocked over seven issues, including wages, union security, a hiring hall clause, work classification adjustments and the wording of various clauses in the contract.

The latest employer offer, turned down by Laborers, Cement Finishers and Carpenters was reported to be a package of 22 cents an hour over the next 12 months, with a 5 cent boost May 2, 10 cents on Oct. 1 and 7 cents next April 1. This is the offer accepted by the brick layers, it was reported.

The laborers are reported seeking a 33 cent pay boost at the rate of 13-10-10 cents on the same dates. These figures could not be verified this morning.

Still involved in negotiations are general laborers,

carpenters, truck drivers and cement finishers, or about 6,000 workers in the Fox river valley.

A showdown will probably come Tuesday night, Raatz said, when the Fox River Valley district Labor Council meets. Raatz indicated that a strike was imminent and that the meeting would determine "what to do and when to do it." Saturday's strike votes in Appleton and Green Bay set no date for a walkout, referring that decision to the district council representatives.

## Valley Iron Appoints Three New Engineers

George Reynolds, chief engineer of the Valley Iron Works corporation, announced this week the appointment of three new staff engineers.

They are J. T. Strachowski, Howard K. Ainsworth, and O. N. Ellman, Jr. Strachowski was born in Poland, and was educated at the Technical university of Lwow, Poland. During the war he was a officer in the Polish Army. He worked as an engineer in Paper Mills in Poland and Italy before coming to the United States in 1959.

Ainsworth was graduated from the University of Maine in 1955 with a B.S. in mechanical engineering. He worked for Beloit Iron works before coming to Valley.

Ellman attended the University of California. He was a field superintendent for Bethlehem Steel corporation and worked for the state of California. He was a project engineer for Crown Zellerbach and worked for Beloit Iron works for a year before coming to Valley.

Robert Sherman, Minneapolis, center; past president of the international Y's men club, chats with members of the Y's men and Y's Menettes at the conference dinner Saturday night. Sherman was speaker. From left are Mrs. Joseph Schiff, John Peckham, Sherman, Joseph Schiff and Mrs. John Peckham.

## Today's Deaths

### Laura Seboria Tucker

Mrs. Laura Seboria Tucker, 75, of 1312 Madison street, South Milwaukee, died unexpectedly at 1:30 a.m. Sunday en route to Waupaca Memorial hospital. She suffered a heart attack at her cottage at Camp Cleghorn, Chautauque.

She was born in Rudolph, Wis., June 7, 1884. She lived for 39 years in Junction City and taught music in that area for many years. She also taught telegraphy to railroad employees for some time and to army trainees during World war I. She moved to South Milwaukee 11 years ago.

Funeral services will be at Molten-Bell Funeral home, South Milwaukee, at 2 p.m. Tuesday. Burial will be in South Milwaukee.

Survivors include the widow, Clarence Tucker, South Milwaukee; two daughters, Mrs. Robert Anderson, Shorewood, and Mrs. N. W. Jantz, Rosendale; three sons, Lester H. Seboria, Neenah, Judge David H. Seboria, Chilton, and Kenneth Seboria, Spokane, Wash.; eight grandchildren, and one great-grandchild.

### Anton J. Barth

Anton J. Barth, 73, of 1918 W. Tillman street, died at 8:30 a.m. Saturday after three weeks illness. He was born June 5, 1886, in the town of Maine. He lived for the last 36 years in Appleton, where he was a sewer contractor. He retired seven years ago.

Funeral services will be at 2 p.m. Wednesday at the Brettschneider Funeral home with the Rev. L. R. Buckman of Wesleyan Methodist church in charge. Friends may call at the funeral home after 3 p.m. Tuesday. Burial will be in Highland Memorial park.

Surviving are two daughters, Mrs. Chester Lau, Menasha, and Mrs. George Rosenthal, Appleton; six sons, Earl, Elmer, Clifford and Armin Barth and Robert Clark, all of Appleton, and Kenneth Barth, Little Chute; one sister, Mrs. Frank Schout, Chicago, Minn.; 27 grandchildren and four great-grandchildren.

### Ono Schley

Ono Schley, 64, Forest Junction, died in Green Bay Sunday after a short illness. He was cashier at Forest Junction State bank for the last 41 years. He began working for the bank in 1914. After serving in the army from March, 1918 to May, 1919, he returned to the bank and became cashier in September, 1919.

He attended Oshkosh business college.

Funeral services will be at 2 p.m. Wednesday at Zion Evangelical United Brethren church, Forest Junction, with burial in the church cemetery. Friends may call at Wieting Funeral home, Brillion, Tuesday afternoon and evening and Wednesday morning.

Survivors include the widow; one son, Clyde, Forest Junction; three sisters, Mrs. David Schabel, Speedway, Ind., Mrs. Lawrence Blum, Whitefish Bay, and Mrs. Wilmer Thiele, Camstota, S.D.; and three grandchildren.

### Henry J. Kranzusch

Henry J. Kranzusch, 84, of 1110 Shawano avenue, Green Bay, died Sunday morning in that city after a long illness. He was born Sept. 23, 1895, in

Black Creek. He had been active in Green Bay fraternal lodges and was a veteran of World war I.

Funeral services will be at 2 p.m. Wednesday at Grace Lutheran church, Green Bay, with burial in Nicolet Memorial garden. A VFW unit will perform military rites. Friends may call at the Lyndahl Funeral home, Green Bay, after 7 p.m. today. There will be Masonic services at 7:30 p.m. today and an Odd Fellows service at 7 p.m. Tuesday.

Survivors include the widow, a daughter, Miss Anna, Milwaukee; a son, Vernon, Las Vegas, Nev.; four brothers, Charles, Herman and Arnold, all of Seymour, and William, Appleton, and two sisters, Mrs. Felix Cayemburg, Ensign, Mich., and Mrs. Edward Kersten, Oconto.

### Mrs. Katherine Letter

Mrs. Katherine Letter, 81, of 531 N. State street, died early this morning after a long illness. She was born Nov. 21, 1878, in Black Creek. Funeral services will be at 11 a.m. Wednesday at St. Mary Catholic church with burial in the parish cemetery. Friends may call at the Brettschneider Funeral home after 3 p.m. Tuesday. The rosary will be said at 7:30 and 8 p.m. Tuesday.

Survivors include five daughters, Mrs. J. Burns, Chicago, Mrs. Roy Kuhr, Neenah, Mrs. William Roberts, Oshkosh, Mrs. Paul Helmar, Appleton, and Mrs. Thomas Coyle, Neenah; three sons, Victor A., Milwaukee, Walter, Appleton, and Norbert, Omaha, Neb.; two sisters, Mrs. Bertha Hassmann and Mrs. Joseph Dudek, both of Appleton; 26 grandchildren and 11 great-grandchildren.

### Alfred Vogel

Alfred Vogel, 68, of 626 W. Winnebago street, died at 3:10 a.m. Sunday in Appleton after a long illness. He was born March 22, 1892, in Freedom and had lived in Appleton for the last 50 years. He was employed at the Interlake mill for 27 years.

Funeral services will be at 9 a.m. Tuesday at St. Therese Catholic church. Friends may call at the Wichmann Funeral home after 3 p.m. today. The rosary will be recited at 8 p.m. today. Burial will be in St. Joseph cemetery.

Vogel is survived by his widow; one daughter, Mrs. James Keddell, Appleton; two sisters, Mrs. Minnie Loitzke, Menominee, Mich., and Mrs. Reinhart Gresenz, Appleton; six grandchildren and 2 great-grandchildren.

### Leslie L. Johnson

Leslie L. Johnson, 38, route 2, Black Creek, died unexpectedly at 4:10 p.m. Sunday of a cerebral hemorrhage.

He was born in Forest Lake, Mich., Sept. 4, 1921, and lived in this area for the last two years. He worked at the Fox River Knitting mill.

Funeral services will be at 2 p.m. Thursday at Wichmann Funeral home, with the Rev. F. C. Reuter, of First English Lutheran church, in charge. Friends may call at the funeral home after 2 p.m. Wednesday. Burial will be in Highland Memorial park.

Survivors include the widow; father, Alex Johnson, Forest Lake, Mich.; one daughter, Darlene, Inkster, Mich.; two sons, Michael, Inkster, Mich., and Leslie, Jr., Ebbesen Junction, Mich.; two brothers, Alex, Chatham, Mich., and Tolve, Ebbesen Junction, Mich.; and one sister, Mrs. Elaine Hase, Munising, Mich.

### Theodore Kugler

Theodore Kugler, 69, of 1312 E. College avenue, died at 6:20 p.m. Saturday after a 2-day illness.

He was born in Appleton on July 31, 1890, and worked for the Consolidated Water Power and Paper company for 34 years before retiring in 1950. He also owned and operated the Kugler greenhouse.

Kugler served in the army medical corps during World war I.

Funeral services will be at 10 a.m. Tuesday at Sacred Heart Catholic church, with burial in St. Joseph cemetery.

Friends may call at Wichmann Funeral home, where the rosary will be recited at 8 p.m. today.

Surviving are the widow; one brother, Michael Kugler, Sr., Appleton; and three sisters, Mrs. Lawrence Schmidt, Mrs. Michael Goehler, and Mrs. Frank Van Rossum, all of Appleton.

### Carl Sauter

Carl Sauter, 71, of 1400 First street, Stevens Point, a former Appleton resident, died at 3:40 a.m. Saturday after a long illness.

He was born in Appleton on May 9, 1888, and later moved to Michigan. In 1942 he moved to Stevens Point where he was a salesman and agent for Standard Oil company.

Survivors include the widow; one daughter, Mrs. Carol Adamski, Stevens Point; two sons, Kenneth, Nekeosa, and Robert, Thiensville; one sister, Miss Lena Sauter, Escanaba, and ten grandchildren.

Funeral services were at St. Joseph Catholic church, Stevens Point, today, with burial in the parish cemetery.

### Frank Millard

Frank Millard, 76, Weyauwega, died at 8:30 a.m. Sunday at Waupaca after a long illness. He was born June 21,

## Council of Churches To Elect Officers

The Appleton Council of Churches will meet at 7:30 p.m. today at Trinity Lutheran church to elect officers. Members also will discuss merger movements in the Lutheran church.

1883, at Oshkosh and lived in the Weyauwega area for 68 years. He was a retired farmer.

Friends may call after 7 p.m. today at the Bauer Funeral home, Weyauwega. Funeral services will be at 4 p.m. Tuesday at the funeral home, with burial in Oakwood cemetery, Weyauwega.

There are no immediate survivors.

## Stutzman Services

Funeral services for Cyril W. Stutzman, 21, Bonduel, who died at 1:30 a.m. Saturday after an auto accident in Shawano county, will be at 2 p.m. Tuesday at Zion Evangelical United Brethren church, Bonduel, with burial in Highland Memorial park, Appleton.

Friends may call at Wendt Funeral home, Bonduel, today and at the church after noon Tuesday.

Stutzman, a telephone lineman, lived in Bonduel the last 14 years. He was graduated from Bonduel High school in 1957 and served in the U.S. army and army reserves.

Survivors include the parents, Mr. and Mrs. Earl Stutzman; and three brothers, Robert, Stevens Point, Ray, Kimberly, and Bruce, a student at Stevens Point State college.

## Rollins Funeral

Funeral services for Arvin L. Rollins, 84, of 627 W. Eighth street, who died Friday morning after a short illness, will be at 10 a.m. Tuesday at Brettschneider Funeral home, with the Rev. Edward T. Soper, Pewaukee, in charge. Burial will be in St. Joseph cemetery.

Friends may call at the funeral home.

## 3 Teenagers Hurt As Cars Collide On Curve Friday

Three teenagers were hurt, none seriously, when the car in which they were riding was hit by another on County Trunk E about a half-mile east of County Trunk N Friday night.

A car driven by Sherry S. Sabee, 16, of 728 S. Summit street, edged across the center line on a curve and collided with one driven by Roy Pingel, 21, route 2, Shiocton, knocking it into a manure spreader off the highway, police said.

Miss Sabee and her two teenage passengers were not hurt.

Riding in Pingel's car and receiving minor injuries were Thomas Jochman, 18, of 723 E. Circle street; Jackie Jaeger, 16, of 506 W. Pershing street; and JoAnn Simon, 17, of 1312 W. Spencer street.

County police estimated damage at \$2,900.

A pickup truck driven by Marvin A. Wenzel, 48, of 1903 Green Bay road, Kaukauna, traveled 126 feet out of control on Highway 41 in Kaukauna and rolled over Saturday afternoon. Wenzel was tossed out of the truck. He suffered a broken cheekbone and bruises.

## Golden Ager Dies at Dance

Edward F. Pettit, 71, of 128 Grant street, Kaukauna, collapsed and died after a heart attack at a Golden Age club dance at the Catholic Women's club in Green Bay about 8:30 p.m. Saturday.

He was born May 28, 1888, in New London. He farmed in the New London area most of his life and moved four years ago to live with Mr. and Mrs. Joseph Van Vonderen, his daughter and her husband, in Kaukauna.

Funeral services will be at 10 a.m. Wednesday at Most Precious Blood Catholic church, New London, with burial in the parish cemetery. Friends may call after 7 p.m. today at the Cline and Hanson Funeral home, New London. The rosary will be said at 8 p.m. today and at 8 p.m. Tuesday.

He is survived by two daughters, Mrs. Van Vonderen, and Mrs. Harold Heid, Appleton; seven sons, Leo, Berlin, Adrian, Hortonville, Glen and Raymond, both of New London, Vernon and Mark, both of Appleton, and Leander, Kaukauna; 44 grandchildren and one great-grandchild.

## Charles Rohrdanz Succumbs at 90

Charles Rohrdanz, 90, route 4, Chilton, died in DePere Saturday after a long illness. He was born Dec. 18, 1869, in the town of Hickory, Pa., and moved to Brillion at 16. He farmed in the town of Chilton, Calumet county, until 1946, when he retired to Brillion. He moved to route 4, Chilton, two years ago to live with his son in the town of Rantoul.

Funeral services will be at 2 p.m. Tuesday at Trinity Lutheran church, Brillion, with burial in the church cemetery. Friends may call at Wieting funeral home, Brillion until 10:30 a.m. Tuesday and at the church after 11 a.m.

Survivors include the widow; two daughters, Mrs. Edwin Hillmann, route 2, Brillion, and Mrs. Fred Wunsch, Brillion; two sons, LeRoy, Brillion, and Norman, route four, Chilton; six grandchildren and six great-grandchildren.

## Funeral Tuesday for Albert Ferg, 97

Albert Ferg, 97, of 1824 W. Spencer street, died unexpectedly at 5 p.m. Saturday. He was born March 22, 1863, in Freedom, and has lived in Appleton for the last 45 years. He was a retired farmer.

Funeral services will be at 2 p.m. Tuesday at the Wichmann Funeral home, with the Rev. Karlton Wagner, assistant pastor of Trinity Lutheran church, in charge. Friends may call after 4 p.m. today. Burial will be in Riverside cemetery.

Ferg is survived by one sister, Mrs. Fred Sprister, Appleton.

# Seminar on Religion, Mental Health Planned

Counseling, Rehabilitation  
Among Subjects of 4 Workshops

An all-day conference on "Religion and Mental Health" will be held Thursday, May 12, at the Conway hotel under the joint sponsorship of four mental health associations.

The conference is designed to provide clergymen with background to aid them in handling mentally ill in their congregations, and to train lay leaders to accept counseling responsibilities, according to Francis Sumnicht, president of the Fox Valley Mental Health Association.

The seminar is sponsored jointly by the Brown county, Winnebago County, West Fond du Lac county and Fox Valley Mental Health associations.

**Workshop Leaders**

Four workshops will be on psychiatry for lay leaders, recognizing mental illness, rehabilitation and personal mental health. William Aills, president of the state mental health association, will give the welcoming address.

The keynote speaker at the noon luncheon will be Dr. Lawrence Blum, consulting psychologist.

Among the workshop leaders are the Rev. Vincent O'Flaherty, S. J., of the Marquette Medical school, Dr. John Bouquet, pastor, Presbyterian church, Neenah, Robert Ellsworth, Central State hospital, Waupun, the Rev. Reinhold Gutmann, Neighborhood House, Milwaukee, and Mrs. Louise Erickson, Racine County Mental Health association.

**Began Fund Drive**

Other workshop leaders will be Rabbi Gilbert Silverstein, Appleton, Moses Montefiore congregation, the Rev. Arnold Schinlen, O'Praem, St. Norbert college, Dr. Elizabeth Wright, assistant professor of religion, Lawrence college, Miss Mary Bartosie, R. N., Winnebago state hospital, Mrs. Edward W. Porter, Milwaukee County Mental Health association, Dr. Harry Colgan, Neenah, and the Rev. Carl Stuenkel, Grace Lutheran church, Ripon.

The Fox Valley Mental Health association began a fund drive Sunday. The Fox Valley group since 1954 has been independent of the national or state mental health associations.

Funds collected in the county are used entirely in the county.

Francis Sumnicht, Appleton postmaster, and Mrs. Thomas Catlin, are in charge of program arrangements for the seminar.

Reservations may be made with Sumnicht.

## Summer Typing Offered at Chilton

Chilton — Beginner's and advanced typing courses will be offered at Chilton High school during the summer, according to A. W. Gordon, superintendent.

Six weeks in length, the courses will start June 13. Advanced typing will be from 8 to 10 a.m. and the beginner's course from 10 to noon Mondays through Fridays.

Miss Rosemary Haskey, a Chilton High school faculty member, will be the instructor.

These classes are open to adults as well as students. Deadline for the registration, at the high school office, is May 9.

## Travelers Attend Weyauwega Dinner

Weyauwega—The Rev. Pym Smith, Lancaster former pastor of the First Presbyterian church, who had been attending a conference meeting at Green Lake, was a guest at the mother daughter banquet at his former church.

Miss Lois Keeney, Monticello, W. V., daughter of Mr. and Mrs. Charles Keeney, who was en route from St. Paul, Minn., where she attended a conference, also attended the banquet.

## Birth Record

The following births were reported by Fox Cities area hospitals today:

**Appleton Memorial:**  
Sons to:  
Mr. and Mrs. Gerald Bohl, 1314 W. Harris street.  
Daughters to:  
Mr. and Mrs. Lawrence Peterson, 425 1/2 W. Winnebago street.  
Mr. and Mrs. Ronald McIlroy, 924 E. Glendale avenue.  
Mr. and Mrs. Lawrence Alford, 832 W. Winnebago street.

**St. Elizabeth:**  
Sons to:  
Mr. and Mrs. Roy Casey, 330 W. Lindbergh street.

Twin sons to Mr. and Mrs. Gordon VanderWyst, 2313 N. Owaissa street.

Daughters to:  
Mr. and Mrs. Dennis Uiten, block, route 4, Appleton.  
Dr. and Mrs. R. K. Burns, 214 S. Main street, Kimberly, Kaukauna Community.

Son to Mr. and Mrs. Arnold Lamers, Jr., route 4, Appleton.

Daughter to Mr. and Mrs. Francis Reed, 708 Ida street, Menasha.

**Theda Clark:**  
Sons to:  
Mr. and Mrs. Mike Harn, 202 River street, Neenah.

Mr. and Mrs. Robert Miller, 404 Broad street, Menasha.

Mr. and Mrs. Robert Cowling, Jr., 1131 Higgins avenue, Neenah.

Daughters to:  
Mr. and Mrs. Clarence Eckholm, route 2, Menasha.

A son was born to Mr. and Mrs. Sheldon Rusch, Adams, April 24. Grandparents of the baby are Mr. and Mrs. Eugene Weyenberg, Menasha, and Mr. and Mrs. Walter Rusch, Fremont.

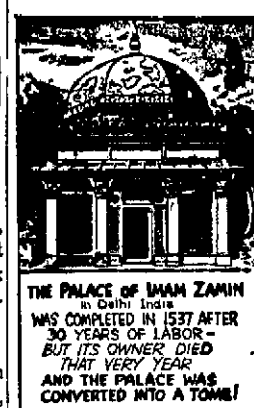

**Clintville Community:**  
Daughter to Mr. and Mrs. Orville Young, Bear Creek.

A son was born recently to Mr. and Mrs. Richard Baschky at St. Cloud, Minn. The great-grandfather is R. F. Schliebe, Fremont.

**Chimney Fire**

The town of Grand Chute volunteer fire department put out a chimney fire at 11 45 a.m. Sunday at the Northland home, 803 W. Northland avenue. No damage resulted.

## New Books

### Practical Politics Outlined In Manual for Businessmen

With elections of one sort or another drawing attention from coast to coast, a citizen may get the feeling he is missing something by not getting in on the excitement.

"Politics is Your Business," a new book by William H. Baumer and Donald G. Gerzberg, tells the average businessman how he can become a practical political worker. The volume is one of 13 new fiction and 21 new non-fiction books currently on display at the Appleton Public library.

It includes information on what business firms can do to become effective in politics, how workshops in politics are conducted, and what happens to businessmen who become candidates.

The inside story of a famous theatrical family is told in another new non-fiction volume, "Ed Wynn's Son," by Keenan Keenan, as a boy, had too much money and too little parental control. The conflict between father and son and the recent reconciliation are disclosed in the book.

An eyewitness to the Hungarian revolution and conditions in eastern Europe has written a volume which evaluates the political forces within Hungary and the outside elements that sparked the revolt. "The Reluctant Satellite," by Leslie B. Bain, portrays the atmosphere of the cold war and the moral deterioration in both camps.

Other new non-fiction titles are "The Death of Africa" by Peter Rither, an analysis of America's role in the social and political awakening of Black Africa, "Waterloo," by John Naylor, an illustrated account of the battle that has become synonymous with defeat; and "The Stature of Man," by Colin Wilson, an essay on the concept of the hero.

In a first novel by Anthony C. West, the hero comes to Dublin, Ireland, to sell eels and find the man who raped his fiancée. To complicate matters, he finds his best friend may be the man he's sible.

## Cub Scouts Tell About Great Lakes

BY JEAN HAMMOND

It's the monthly get-together of wolf, bear and lion Cub Scouts and their respective parents. This particular "pack meeting" took place on a Monday night at Morgan school. It's a family affair. Mother and Dad bring 3 year old Laurie and toddling Mike, in addition, of course, to a shing-faced blue-shirted cub.

"Now you girls shouldn't run between the rows like that!" a mother calls back to two toddlers who think it's great fun to play tag and hide-and-seek under the auditorium seats. The children are giggling too loud to hear.

"Go back and get them, Joe, before one of them knocks her teeth out."

a laughing boy places a barrel on it and rolls over.

"Not everyone can say he went over Niagara Falls in a barrel," he says proudly.

Lake Erie is next. Green crepe paper water is stretched across the stage. From the right a cardboard canoe decorated with Indian signs moves across it on what appears to be centipede feet. A raceoon-capped explorer sits in front. An Indian with an orange and green feathered headdress stirs the water with a paddle. As another boy tells the history of the lake the centipede feet grow bodies that rise out of the center of the boat. They become a missionary, a farmer in a straw hat and overalls, a young woman in a sunbonnet with a lipsticked mouth that stretches from ear to ear, and an old granny in a black dress and shawl.

In the audience a 4 year-old who has just learned to whistle displays his talent.

## Meeting Begins

Joe carries a squealing child under each arm and sets himself between them in the center section.

The meeting begins with the Flag Ceremony. A youngster with a flag twice as big as he and a grin bigger than that carries the banner.

"This month's theme is the Great Lakes," the first Den Mother announces. "Den 1 has Lake Ontario."

Sailor capped 10-year-olds who will one day make feminine hearts bounce hold a map of the lake. They tell its depth and area. Then one of them carries out a curtain rod from which hang two white dish towels colored with blue crayon. "Niagara Falls" is printed at the top. They lay it on the floor and

## Then Lake Huron

Lake Huron is described by five yellow kerchiefed cubs who kneel in a canoe and tell about the products—iron and copper ore, grain coal and limestone—which are transported on her waters. They laugh and blush and poke each other in the ribs. A real boat would long ago have capsized.

"How'd it go?" the den mother asks a friend when her boys have finished. "I sure can't make that one sit still."

"Which one?" the friend laughs.

Lake Michigan is next. In the audience you can tell whose child is performing by the parents who are paying the most attention. A pretty curly headed blond whose shirt declares "I'm a bucky Badger" pulls at her daddy's sleeve.

"When is it Bobby's turn?" she wants to know.

"Pretty soon" he slides her back on the seat. "Be quiet now."

Finally Lake Superior has its day. Two boys hold the map. Next to them stand a fisherman in a slicker, a boy with a miner's headlamp, and an Indian with a familiar looking orange and green headdress.

"I can't do it," the Indian

## AAL Branch Meets at Wilmer Seifert Home

Greenville — The Aid Association for Lutherans, Branch 754, met at the home of Mr. and Mrs. Wilmer Seifert, route 1, Appleton, Thursday evening for its quarterly business meeting.

Cards were played after the meeting with John Stolzman, Erwin Tellock, Mrs. Melvin Siegert and Mrs. Eldred Tellock winning prizes in schafskopf.

Mr. and Mrs. Arnold Schroeder and Mr. and Mrs. Emory Tellock are on the committee to make plans for a picnic for the July meeting.

## More Comfort Wearing FALSE TEETH

Here is a pleasant way to overcome loose plate discomfort. FASTEETH, an improved powder, sprinkled on upper and lower plates holds them firmly so that they feel more comfortable. No gummy, gooey, pasty taste or feeling. It's alkaline (non-acid). Does not sour. Checks plate odor breath. Get FASTEETH today at drug counters everywhere.

# Research Growth Called Good News

BY SYLVIA PORTER

Of every \$100 of goods you'll be buying only three years from now, at least \$12 will go for products not even being made today — for absolutely new things or products so changed that they reasonably can be called new.

Of every \$100 of sales that the transportation equipment industry (largely aircraft) will be chalking up in 1963, at least \$27 will represent products still in the blueprint stage now. The electrical machinery industry expects \$18 of every \$100 of sales will be in new products, the chemical industry expects \$14 will be in new products, the auto industry expects \$11 will be.

Even the relatively stable food and beverages industries anticipate \$7 of every \$100 of sales in products not yet available and probably not imagined by most of us on this day.

**Conservative Estimates**  
Startling though these projections are, they are likely to turn out exceedingly conservative. They are the forecasts of leading companies in the industries, and the companies traditionally tend to underestimate on predictions of this sort.

Regardless of the precise

figures, though, the vital news is that a flood of new products and processes will be roaring into the American marketplace in the next few years as a result of industry's ever-rising spending on research — spending which will hit an all-time high of \$9.5 billion this year, will climb to a minimum of \$10.7 billion by 1963.

This disclosure of the steadily rising level of research spending is, I submit the brightest note in the generally encouraging report on industry's plans for spending on new plants and equipment in 1960 and through 1963 just released by McGraw-Hill.

**Industry in Itself**  
It's difficult to exaggerate the significance of this upward trend. For research will bring into being new products, thus create new markets and, quite probably, whole new industries. It will spur us to want and buy things we never wanted or bought before, because we couldn't even dream of the products or their availability. It will compel a continuing revolution in our way of living. It will be a new dynamic force for growth. It will help us maintain an advancing standard of living, absorb our millions of new workers.

Research is not just a part of industry today. It is an industry in itself, and a huge one. The \$9.5 billion being spent in 1960 for research is 6 percent more than was spent last year, compares with spending of less than \$1 billion at the start of World War II. McGraw-Hill reports that every industry is planning more spending on research this year than last with the sole exception of the aircraft industry; this industry gets a major part of its research funds from the federal government. Close to one-third of all large manufacturing companies will be devoting "a significant share" of their 1960 spending for new plants or facilities to make new products. The chemical industry will be putting 55 percent of all its expansion funds into new product facilities.

**7-Year Lag**  
If at this point you wonder when you'll be seeing all the new products, the answer is: At any time now. The boom in research by industry didn't start until the mid-50s, and earlier McGraw-Hill studies emphasize that there is an average lag of at least seven years from the beginning of research on a new product to the time of large-scale production.

The upsurge in spending for research in 1953-55 should start to pay off now. The new consumer products and processes which were laboratory dreams seven years ago should be reaching us in these early years of the new decade. There well might be an explosion of new things.

The research spending isn't leveling off. Quite the contrary, the growth continues at a phenomenal rate. Here is the best hope for our nation's and our own economic future.

## Methodists OK Plan for Uniting Church

**Jurisdictional Setup Meets Southern Objection**

Denver—M—Reforms aimed at tying the far-flung parts of the Methodist church closer together today had approval of its law-making general conference.

The changes provide: That new bishops will be consecrated by the national convocation of the church — instead of by the regional jurisdictions that elect them at present.

That bishops may be transferred from one jurisdiction to another, if both agree and the bishop consents, rather than being limited to service only in a geographic section naming them.

That delegations to both regional and national gatherings be the same.

**Southern Protest**  
That jurisdictional conferences be held at the same time and place as the church's general conference, or not more than 60 days prior to it if they specifically choose to meet elsewhere.

Some southerners protested this feature when it was debated Saturday as an infringement on regional autonomy, even though the regional jurisdictions were given an alternative as to a meeting place.

The Rev. Lester Rumble of Atlanta argued that if northern and western jurisdictions met simultaneously with the general conference there would be some implication that southerners were being perverted if they didn't.

**Not a Package**  
The revision was among those recommended by a 70-member study commission, headed by Charles C. Parlin, New York.

Recalling that northern and western delegates had conceded to southern demands that jurisdictional integration be left on a voluntary basis, Parlin said the provision for concurrent regional-national meetings was "the concession to be made by the south."

"The two things are coupled together," he said. "They have to be taken as a package."

Various amendments to modify the plan were offered by the Rev. Henry J. Chitwood, Tuscaloosa, Ala.; The Rev. Ted Hightower, Louisville, Ky., and the Rev. Nat G. Long, Atlanta, but all were defeated.

## Youths Questioned When Seen in Car

Two Appleton youths, 16 and 17, were taken to the police station for questioning Friday night after Appleton police spotted them going through a car parked on E. College avenue.

The youths said they thought the car belonged to a friend who was visiting his girl friend.

Police said both had been drinking. The boys claimed they found the beer behind a tree in Tetelak park.

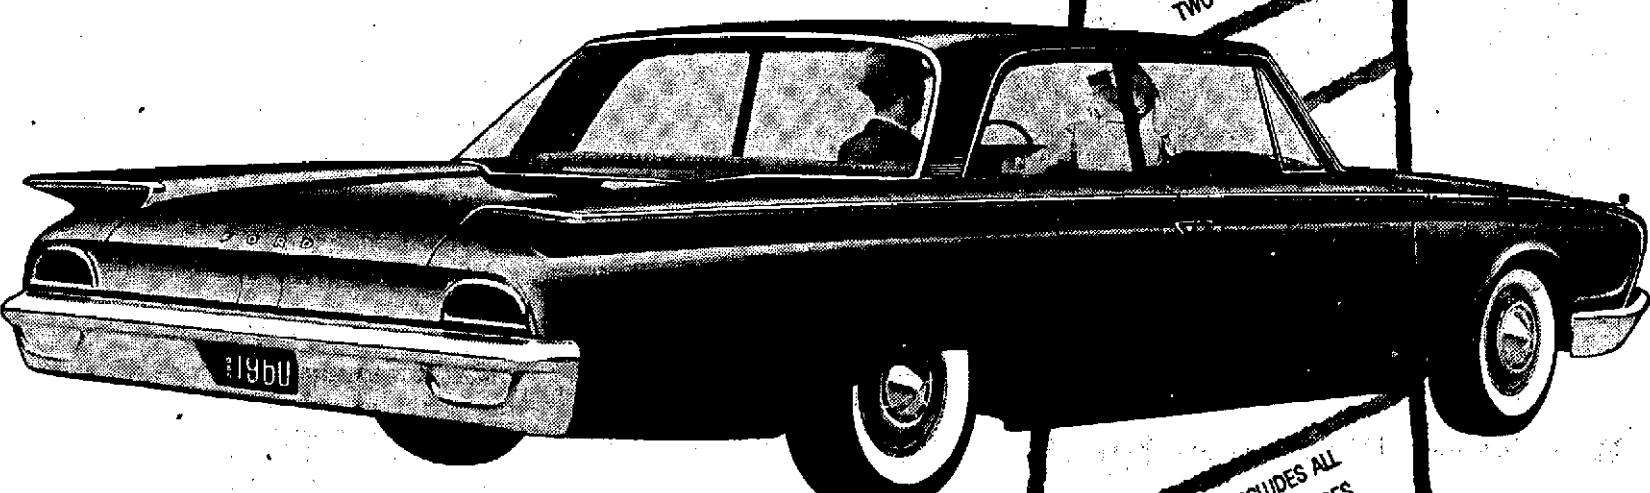

They were referred to the Juvenile Aid bureau.

Final Event for 14 Foreign guests of the Menasha Rotary club over the weekend was a dinner Saturday night. Club pres. Richard Mathews, standing, and his wife, at left, chatted with Mr. and Mrs. Mahmoud Hussein. Hussein, a University of Wisconsin student, is Egyptian and his wife Swedish. The guests returned to Madison Sunday. Below guests and hosts emerged from George A. Whiting Paper company's mill on River street after a Saturday plant tour. Before that, they toured Marathon facilities.

# Printers Hold 29th Annual Fete But Start Planning for No. 30

**Dinner Attended By 150 Including Present Classes**

Menasha — The Menasha High school Alumni Printers club held its 29th annual banquet Saturday night at Clovis-Grove school but really started looking towards the 30th anniversary next year. About 150, including the juniors and seniors who are members of the high school club, attended.

However, the 30th annual dinner also will be the last for H. O. Griffith, the founder of the club, as a member of the Menasha High school faculty. He will reach retirement age during the next year.

**Reminiscence**

New officers of the club are William Zeininger, class of '46, president; Roger Rippl, '57, vice president; and William Springer, '59, secretary-treasurer. Because of the contemplated 30th anniversary celebration and the work needed on the new alumni directory, the retiring officers will serve as a board of directors to aid those elected Saturday. They include Erwin Pakalski, '37, president who acted as master of ceremonies at Saturday's dinner; Thomas Lingnolski, '52, vice president; and Richard Young, '46, secretary-treasurer.

As customary, alumni came from far and near for the annual gathering with almost all of the classes represented. H. O. Griffith reminisced of past events, pointing out the attendance was about 25 per cent of the membership.

Old copies of the "Nicolet," Menasha High yearbook, and of the school paper were displayed. Griffith pointed out the yearbook has been printed by the school printing department 27 of the 29 years of publication and has earned 20 All-American ratings. Few high schools in the state print their yearbooks in their own departments.

Speakers for the specially honored classes were Gene Funk, '35; Harold Witt, '40; Richard Heindl, '45; Wayne Wiechmann, '50; James Quillan, '55; and William Kulick, '60, president of the current high school club.

Merritt Clinton of the vocational school board and M. J. Gegan, superintendent of schools, also spoke. Colored motion pictures of southwestern Wisconsin, the area missed by the ice age glaciers, and of Wisconsin birds were shown by the Rev. Howard L. Oriens of Milwaukee, a member of the Audubon society,

## POST CRESCENT News of the Twin Cities Menasha - Neenah

### Chamber Annual Dinner Set for Elks Club May 23

**Mingnesota Economist to Talk On 'Russian Impact' at Meeting**

Neenah — Named as speaker for the 20th annual dinner meeting of the Neenah-Menasha Chamber of Commerce is Dr. Robert J. Holloway, professor of marketing at the University of Minnesota. The dinner will be at 7 p. m. on Monday, May 23, at the Elks club.

New board members and officers will be introduced at the dinner meeting as well as those retiring from the board.

### Boy, 2, Saved After Fall Into Flooded Hole

**Pulled Out of Excavation by 8-Year-Old Neighbor**

Neenah — Two-year-old John Scovronski, son of Mr. and Mrs. Robert Scovronski, 1130 Maple street, was saved from possible drowning by Steven Miller, 8, son of the Roger J. Millers, 219 E. Peckham street, when the younger boy stepped into a flooded hole about 5 feet deep.

The hole was about six feet off Maple street near his home and was surrounded by Turn to Page 4, Col. 6

### Twin City Deaths

**Mrs. Henry Cera**

Menasha — Mrs. Henry Cera, 43, of 810 Seventh street, died at 8 p. m. Saturday after being in poor health for 13 years. She was born July 5, 1916 in the town of Stockton in Portage county and came to Menasha in 1940 from Auburn-dale.

A solemn high mass will be sung at 9 a. m. Wednesday at St. John's Catholic church with burial in the parish cemetery. Friends may call at the Laemmrich Funeral home after 7 p. m. today and the rosary will be said there at 7 and 8 p. m. Tuesday.

**Survivors are the husband; two daughters, Delores, who is at St. Joseph's convent at Stevens Point, and Nancy, at home; her parents, Mr. and Mrs. Felix Ropella, Sr., of Menasha; four brothers, Ambrose, Ernest, Gregory and Felix Ropella, Jr., all of Menasha; four sisters, Mrs. Ernest Wierzbowski of Plover, Mrs. Steve Rekowski of Chicago, Mrs. Herbert Buss of Menasha and Mrs. Eugene Wenzel of Kaukauna; and a grandfather, Nicholas Trzebetowski of Marshfield.**

**Wilbur Burr**

Neenah — Wilbur "Spade" Burr, 58, 937 Riverlawn, Neenah, died about 1 p. m. Saturday after suffering a heart attack. He was born Oct. 12, 1904 in Neenah and was a lifelong city resident. He was employed by Manhattan Rubber company.

Surviving are his widow,

Dr. R. J. Holloway

He also visited Rostov, Sochi and Moscow and then headed 3,000 miles east into Siberia and to Lake Baikal.

His talk will cover housing, trade, business and transportation in Russia today. He holds a bachelor of science degree from the University of Iowa and his master's and doctor's degrees from Stanford university. At present he is a consultant for 10 business firms and the state of Minnesota's bureau of business development and aeronautical division.

Mary, a daughter, Mrs. Lyle Kronberg, route 2, Neenah; a son, Brian, Neenah; a brother, Edward, Shiocton; a sister, Mrs. Josephine Williams, Sugar Bush; and five grandchildren.

Services will be at 2 p. m. Tuesday at the Westgor Funeral home, with the Rev. R. E. Norenberg, pastor of Immanuel Evangelical and Reformed church, officiating. Burial will be in Oak Hill cemetery. Friends may call after 4 p. m. today. A prayer service will be at 8 p. m. tonight.

The First Dirt for the New Martin Luther school addition in Neenah was turned over by the Rev. Paul G. Hartwig, pastor, in a ceremony Sunday morning. Watching are members of the church building committee, school board and congregation. The church congregation has planned a series of additions to its present school with the first one to be ready this fall.

### Oshkosh Man County's Fifth Traffic Victim

**Jacob Brewer, 25, Route 4, Struck by Car While Talking to Driver Who Had Stopped**

Oshkosh — A rural Oshkosh man became Winnebago county's fifth traffic victim of the year when he was struck by a car while talking to a motorist who had stopped to assist him on County Trunk J in the town of Oshkosh early Sunday morning.

Jacob D. Brewer, 25, route 4, Oshkosh, was pronounced dead at the scene by Dr. G. A. Steele, Winnebago county coroner.

**Stuck in Ditch**

Four cars were involved in the mishap in which three other persons were injured. The injured were Julia Klein-schmidt, 17, route 5, Oshkosh, a passenger in the Brewer car, who received right shoulder and thigh injuries; Eugene P. Kissinger, 21, route 5, Oshkosh, treated for a contusion of the right knee and a bump on the hip; and Mrs. Robert Herring, 530 Evans street, Oshkosh, who sustained a bump on the head and a bruised neck. The injured Two passengers in the Kissinger car became stuck in the ditch when he attempted to turn around in the road. She said he blinked his headlights to stop a car driven by Marvin R. Hintz, 24, route 1, Green Lake, which was traveling east.

Brewer went to Hintz's car to speak to him when a third auto driven by Kissinger struck the Hintz car, Brewer and Brewer's car. Brewer was knocked across the highway and landed face down in a water-filled ditch. The Brewer vehicle was spun around and rolled over.

The fourth auto was driven by Robert F. Herring, 30, 830 Evans street, Oshkosh, which ran into the Kissinger car, Oshkosh, went into the ditch and rolled over. Herring said he was traveling west behind Kissinger at about 45 miles per hour street, Oshkosh, who sustained a bump on the head and a bruised neck. The injured Two passengers in the Kissinger

### Workman Cuts Arm

Neenah — Dennis Danielson, 22, 522 North street, Waupaca, cut an artery in his left arm when a chisel he was using slipped while he was working at the Bergstrom Paper company plant on W. Wisconsin avenue at 9:34 a. m. Saturday. He was taken in the Neenah ambulance to Theda Clark hospital where he still is confined.

ger car and three in Hintz's auto were uninjured. Last year at this time the county had eight traffic fatalities.

# Colors Can Change Room's Appearance

Oshkosh — "An attractive home doesn't just happen, it is created," young homemakers were told at the first of a series of meetings for new homemakers Wednesday evening at Winnebago county courthouse.

Miss Lois Klumeyer, county home agent, is conducting the program, planned by Mrs. Greg Zurn, Oshkosh, Mrs. Charles Beck, Neenah, Mrs. Richard Jones, Oshkosh, and Mrs. Arthur Busse, Omro, county homemaker committee members.

The program was centered on color selection and construction of furniture. The appearance of a room can be changed by the lightness or darkness, the dullness or brightness of color. When buying furniture, consideration should be made for its functionality, flexibility, construction, kind of fabric and the amount of care necessary.

**Furniture Selection**

Furniture serves a family over a period of years and should fit the needs of the family. Miss Klumeyer reminded. In planning furniture to be purchased, make a list of what is necessary for each person's comfort and the amount of money available. It is best to buy the best furniture possible for the amount of money one has to spend. She listed two buying guide rules as know what you need and don't buy anything else until you have it.

Dual purpose furniture, articles that will serve two needs, is an advantage in small apartments, she pointed out. When selecting chairs, choose one with the best construction of frame as well as springs. The type of padding and springs help determine how the upholstered chair will hold up under family use.

**Floor Coverings**

The next program in the series, floor coverings and characteristics and care of furnishings, is scheduled for 8 p.m. May 4 at the YWCA, Neenah. Miss Gertrude Hoffman, home furnishings specialist from the University of Wisconsin extension division, will attend.

The third meeting, window treatments and accessories, will be held May 11. The series will end May 18 with a topic on combining all home furnishings into a pleasing arrangement.

## 4 to Attend State WRC Parley

Menasha — Mrs. Margaret Reetz, Mrs. Ray Syring, Mrs. George Volkman and Mrs. Chris Steinfort will be delegates from J. P. Shepard Women's Relief corps to the state convention in Madison in June.

At its Thursday meeting, the corps honored Grand Army daughters and heard readings by Mrs. Oliver Olson and Mrs. M. J. Grode and a declamation by Gary Gooding.

Guests at the Thursday meeting of H. J. Lewis Women's Relief corps were Mrs. Violet Thiele, Milwaukee, department president, Mrs. Myrtle Jerome, Milwaukee, Mrs. Helen Moder, Appleton, department press correspondent, and Mrs. Ruth Hintz, Appleton corps president.

Past Presidents club will meet at 7 p.m. Wednesday at Mrs. Anton Dare's home. Committee members for the May 14 meeting are the Mmes. Ole Moseng, Philip Maas, E. W. Palmbach, N. G. Philis and Ella Smith.

The unit is making jackets for patients at King veterans home and voted a donation for a hospital machine at King.

## Homemakers Hear Talk on Dental Health

Allen — The health topic "Dental Health for You and Your Family" was given by Mrs. Christ Meltz at the meeting of Progressive Homemakers held at the home of Mrs. Oscar Eckstein Thursday.

The sales tax was explained by Mrs. Wallace Bartlett and Mrs. Joseph Cowling. Miss Lois Klumeyer was a visitor.

The next meeting will be held May 12 at the home of Mrs. Alfred Gaukerke.

Mrs. Marge Burns was elected president of the Hi Neighbor Bowling league at the banquet held Wednesday evening at the Viking.

Other officers elected were Mrs. Marie Gilman, vice president, Mrs. Patricia Thompson, secretary, Bethel Belser, treasurer and Mrs. Delores Popp, sergeant at arms.

## Children's Party

Menasha — Elks Ladies of Neenah-Menasha will hold its annual children's party Wednesday. Entertainment from 5:30 to 6:30 p.m. will precede a dinner. General chairman is Mrs. William McFadden.

# Dancers Present 'Happy Holidays' Revue

The Special Days of the Year, birthdays, summer vacation days and holidays were featured in the "Happy Holidays" revue presented by over 120 children of Neenah Recreation department dance classes Sunday afternoon. The revue, under the direction of Mrs. Esther Anderson, who also designed and made the costumes, was held at Neenah High school. The "Spirit of the New Year" is Judy Hickey, daughter of Mr. and Mrs. William Hickey, 212 Second street, Neenah. Patricia Pagel danced as the "Queen of

Hearts." She is the daughter of Mr. and Mrs. Robert Pagel, 306 Third street, Neenah. Deborah Yardley, posing in the center, daughter of Mr. and Mrs. R. E. Yardley, 726 S. Park avenue, Neenah, danced "Yankee Doodle Went to Town," for the 4th of July number. In her witch's costume for a Halloween dance is Christine Whitcomb, daughter of Mr. and Mrs. Robert Whitcomb, 308 Lincoln street, Neenah. The "Spirit of Christmas" is Michelle Murphy, daughter of Mrs. Mary Murphy, 310 Oak street, Neenah.

# Brownie Units Hold Teas, Investiture Ceremonies

Menasha — Members of ned by Mrs. Donald Ehrigott, Brownie troop 378 of St. Mary school received pins at a Wednesday mother-daughter tea held at the school.

Pins were awarded to Slim-one Smith, Bonita Kopitzke, Terry Sullivan, Lynn Resch, Carol Theilen, Diane Huelsbeck, Carol Wittman, Nancy Borenz, Lynn Gullekson, Ann Zimmerman, Shirley Mayefski, Lynn Grode, Judith Walburn, Lois Rohloff, Connie VanDyke, Becky Wilfling, Elaine Bayer and Carol Schedick.

Mrs. Douglas Smith and Mrs. George Borenz are leaders. Mrs. Betty Sullivan heads the mothers committee and Mrs. Irvan Resch is cookie chairman. Mrs. Robert Theilen is transportation chairman and Mrs. Gilbert Huelsbeck, telephone chairman.

Brownie troop 353 of Hoover school held its investiture ceremony Tuesday at Mrs. William Murray's home, 817 Betty avenue, Neenah. Invested were Kristine Allen, Joy Borofka, Susan Chicoine, Diane Demichei, Jean Ehrigott, Deborah Freier, Deborah Foth, Diane Koepsil, Mary Elen Kozy, Cathy Landskron, Betty Jo Langdon, Jackie Murray, Lori Suess, Susan Urban and Linda Van Linn.

The program included a flag ceremony, dramatization of the Brownie story and songs. Leaders are Mrs. Frank Borofka and Mrs. Murray. The ceremony was planned by Mrs. Donald Ehrigott.

A pantomime of the Brownie story was given at Brownie troop 366 investiture Thursday at St. John school. Mrs. Joan Smith was narrator and cast members were Susan Brown, Ann Prast, Connie Krueger and Kathy Arno. Shirley Landskron, Kristine Steinfort, Mary Kay VanHarpen and Kay VanVreede participated in the flag ceremony. Decorations were made by Linda Long and Kathy Arno. Connie Gregorius and Paula Heindl served refreshments. Table settings were made by Patty Noskowiak and Nancy Suttner.

Hostesses were Margaret Wroblewski, Kathy Swederski, Susan Smith and Christine Brochtrup. Seating arrangements were planned by Betty Wanserski, Janet Kolasinski, Sharon Babbitts, Patty Bruehl and Barbara Popp.

Leaders are Mrs. Peggy Prast, Mrs. Smuts, Mrs. Eula Asmus and Mrs. Bernice Landskron. Troop committee members are Mrs. June Brochtrup, Mrs. Lucille Brown, Mrs. Oliver Babbitts, Mrs. Vi Van Harpen and Mrs. Cyril VanVreede.

## Sarah Doty Club

Neenah — Sarah Doty Study club has postponed its meeting scheduled for tonight at Mrs. R. H. Quade's home to May 16. A program on architecture will be presented.

## Karen Krings, Thomas Weeks Marry in Omro

Omro — Miss Karen Lee Krings and Thomas C. Weeks exchanged nuptial vows at 9:30 a.m. Saturday at St. Mary Catholic church. The Rev. Francis Francart performed the double ring ceremony for the daughter of Mr. and Mrs. Alvin Krings, route 2, and the son of Mr. and Mrs. Clyde Weeks, Antigo.

The bride's aunt, Mrs. Leo Krings, was soloist. She was given in marriage by her father.

Maid of honor was Miss Jeanne Krings, Oshkosh. Serving as bridesmaids were Miss Virginia Rieves, Neenah, and Miss Kathleen Morrissey.

William Walsdorf, Madison, was best man for the bridegroom with Donald Mertens and Joseph Vandenhagen, both of Oshkosh, serving as groomsmen. Ushering guests to their places in the church were Charles Weier and Gerald Crozier.

A dinner for the wedding party was served at the Columbus club, Oshkosh, with a reception and supper held in the afternoon and evening.

The bride is a graduate of Omro High school and is employed at Theda Clark hospital, Neenah, after completing her studies at the Neenah-Menasha School of Practical Nursing.

The bridegroom is a senior at Wisconsin State college. Following a wedding trip to Minocqua the young couple will live in Oshkosh.

## Miss Janice Arno, Bride In Colorado Ceremony

Menasha — Wedding vows were exchanged by Miss Janice Lee Arno and John Anthony Brittain in a candle-light ceremony at 7 p.m. Sunday at Emmanuel Lutheran church, Colorado Springs, Colo.

The Rev. Walter Enge officiated at the ceremony for the daughter of Sgt. and Mrs. Hugo Arno, Colorado Springs, and formerly of Menasha, and the son of Mr. and Mrs. Elmer Brittain, Colorado Springs.

The bride was graduated from Munich American High school, Munich, Germany, and is employed at the Preferred Rich Insurance company, Colorado Springs.

Mr. Brittain attended Colorado State college and the University of Colorado. He now is a pre-medical student at Colorado college, Colorado Springs.

## Mary Solis Weds Keno Sanudio in Catholic Rite

Neenah — Miss Mary A. Solis, daughter of Mrs. Mary Solis, 129 Union street, became the bride of Keno J. Sanudio, Milwaukee, at 10 a.m. Saturday at St. Gabriel Catholic church.

The bride was given in marriage by her brother, Guadalupe Solis. The Rev. Lawrence Stingle officiated at the double ring ceremony. Mr. and Mrs. Tony Rangle, Greenville, were the only attendants.

Following the ceremony a breakfast and reception were held at the home of the bride. Mr. and Mrs. Sanudio will make their home in Milwaukee.

## Women's Group To Hear Review

Menasha — Mrs. Donald Olski will review "Days With Albert Schweitzer" by Frederick Frank at the 7:30 p.m. program of Women's fellowship at First Congregational church.

Officers will be elected at the business session. Devotions will be led by Mrs. Irving Merrill and members of BBB sorority will serve as hostesses.

## Charter Member

Oshkosh — Eileen Osborne was installed as a charter member of Gamma Tau chapter of Kappa Delta sorority Saturday at Ripon College when the pledge colony was activated.

The colony was established Feb. 27 from the Ripon local sorority, Delta Phi Sigma.

## Announce Engagement Of Nancy Kay Mortenson

Neenah — At a dinner party at the home of Mr. and Mrs. Fred Hollenbeck, 315 Cleveland street, Menasha, Saturday evening, Mr. and Mrs. Martin F. Mortenson, 1009 E. Forest avenue, announced the engagement of their daughter, Nancy Kay, to Theodore Robert Bare.

Mr. Bare is the son of Mr. and Mrs. Theodore Edward Bare, Lake Mills.

Miss Mortenson was graduated from the University of Wisconsin and is employed at the University of Wisconsin Cancer Research hospital.

Her fiancé attended the University of Wisconsin and received his bachelor of science degree at Kansas State university, Manhattan, Kans. He is employed by the United States Geological survey at Rolla, Mo.

An August wedding is being planned.

Funeral Tuesday

Neenah — Richard J. Alyward, 30, town of Vinland, vice president and plant manager of Neenah Foundry company, died at 5 a.m. Sunday at St. Agnes hospital at Fond du Lac. He had a lung infection.

Born Feb. 14, 1930, he was a graduate of Wayland academy at Beaver Dam and attended Ripon college and the University of Wisconsin, graduating from the latter with a bachelor of science degree in metallurgy. He was a member of Alpha Delta Phi fraternity.

R. J. Alyward

The entire production of the Neenah Foundry company will be closed down Tuesday in his memory.

Was Vestryman

He had served as a first lieutenant in the air force and was a member of the Neenah Rotary club. He also was a member of the vestry of St. Thomas Episcopal church.

A memorial in his honor is being established at the church.

Funeral services will be at 10 a.m. Tuesday at St. Thomas Episcopal church with the Rev. Thomas K. Chaffee in charge. Burial will be at Oak Hill cemetery. The Westgor Funeral home is in charge of arrangements.

Survivors are the parents, Mr. and Mrs. E. J. Alyward, town of Vinland, a brother, William, route 1, Neenah, and a sister, Mrs. C. M. Powers, Palatine, Ill.

School for Deaf PTA Will Sponsor Benefit Card Party

Oshkosh — A benefit card party sponsored by the PTA of the school for the deaf will be held from 7:30 to 10:30 p.m. Wednesday at the Webster-Stanley school.

Proceeds will be used to finance field trips for school students and to purchase other special equipment not covered by the school budget. The PTA also sponsors two scholarships for young people interested in becoming instructors in schools for the hard of hearing.

Dog Ran Loose

Neenah — Mrs. Martin Kuehler, Congress street road, forfeited \$20 at the police station for letting her dog run at large. The dog was picked up at 11 a.m. Sunday in the 800 block on Higgins avenue.

## Boy, 2, Saved After Fall Into Flooded Hole

CONTINUED FROM PAGE 1

several square feet of standing water. Several older children of the neighborhood were walking through a nearby field and the younger ones were following them when the youngster stepped into the flooded hole. The total rainfall was 1.54 inches.

Mayor Bell said he was called by Mrs. Scovronski about 8 p.m. Sunday and that he contacted Herman Achterberg, public works foreman, who had been working consecutively for about 36 hours trying to relieve sewer flooding conditions as the result of Friday night's and Saturday's rain.

Achterberg had a snow fence placed around the flooded spot as a temporary protection.

The mayor said this morning his attention has been called to another flooded field in the area behind the 600 block on Quarry lane where there is a low area covered with water to a depth of as much as 5 or 6 feet. This area is about 150 feet by 60 feet.

He asked that parents warn their children not to play in such flooded areas because of the hazards. He said he is planning to find out what protective measures may be taken to seal off such areas.

Street department crews put all available pumps into service and used other precautionary measures to handle the sewer problems resulting from the steady rainfall Saturday. Areas in the western part of the city and in the southeastern corner were reported to have been affected but the extent was not as great as from the previous Sunday's torrential downpour.

There is considerable water still standing in fields and around some homes that have low areas, the mayor mentioned. The slough also is up to about the height of its banks and the lake level is high as well.

Harry Wilson, government lockmaster at Menasha said the lake height is 18 inches over the crest of the Menasha dam while the legal limit is 21 inches over the crest. There are eight of the 20 sluice gates open, four in Menasha and four in Neenah.

Correction

Menasha — Bids for gravel awarded by the town of Menasha board Thursday night to Courtney and Plummer, Inc. and Badger Highways, Inc. were for \$1.05 per cubic yard, not \$4.95 per cubic yard as erroneously mentioned in Friday's Post-Crescent.

Among Local Points of interest shown the foreign students and guests was the Jean Nicolet landing monument in Smith park, Menasha, commemorating the French explorer's coming ashore here in 1634. From left are Sumadji and Indonesia, Syed Pasha of India, Theodore Hetzel, Pasha's host, Miss Chang Ja Mo, of Korea, guest of the Douglas Gundersons, Mrs. Hayward Biggers, hostess of the Sumadjis, and Mrs. Sumadji. Fourteen Rotary guests of the originally scheduled 28 did not come up this weekend because of a misunderstanding on the date by a university faculty member.

## Menasha Mayor to Appoint 3 Commissioners Tuesday Night

Menasha — Mayor John Klein will appoint three commissioners at Tuesday night's common council meeting.

Posts to be filled are weed commissioner, presently Evan Baldwin, a police and fire commissioner, to succeed John Novakowski, and a planning commissioner, to succeed Carl Lenz, who has resigned.

The council will meet at 8 p.m. tonight in the council chambers as a committee of the whole to confer with citizens on the storm water problem, especially in the Third ward.

Also to be discussed tonight are a request by Robert Van dehey to purchase the city owned parking lot behind the Valley theater building, or to change parking regulations on the land, and a proposed

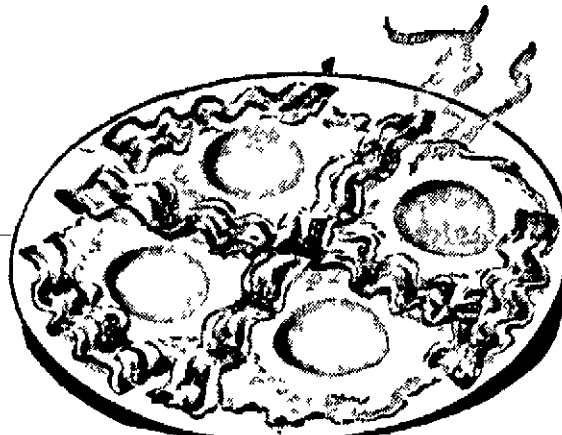

which vitrified clay pipe would be prohibited and cast iron pipe specified for sewer laterals.

Over the weekend, Klein said, crews worked at Keyes street intersections with Park and Cleveland streets to make sure rain water did not overflow the Keyes street sewer, which has caused sewage backups into many homes in that area. A fire department pumper truck was on the scene from 8:30 a.m. to 2:30 p.m. Saturday, pumping the sewer's excess water into the river.

One major contributor of excess water, Klein said, was a manhole draining much of Smith park, which has been the land, and a proposed

Schnoor Jars 660 In Couples Wheel

Ann Alberts Smacks 575 in Fox Valley Women's Circuit.

Menasha — Dick Walbrun smacked a 226 game and Dick Schnoor powered a 600 series to pace the Mid-Town Mixed Couples Bowling league Sunday night at the Mid-Town alleys.

"Hettie" Lang fired 628, "Hank" Plath 601, Walbrun 583 and Clancy Braun and Harold Becker each had 555.

Women's honors went to Bernice Lang with her 211 game and 528 threesome.

Morton Drugs won the championship with a 36-12 record, placing eight games ahead of Hedberg's and Mid-Town, but not which had 28-20.

Wanserski's rolled 26-214, Sommerhalder's and Badger Oil 23-25, Jitter and Joe's 22-26, Brantmeier's 20-23, Lewis

Rockets, Jays Clash in First Intercity Test

Both Teams Take 3-0 Tennis Marks Into Tuesday Test

Neenah — Both owning unbeaten records, the Neenah and Menasha tennis squads will collide Tuesday afternoon on the Rocket courts.

Not only do the Rockets and Jays have 3-0 slates but neither has lost a singles or doubles match. Neenah was rained out in Saturday's match at Wauwatosa.

The Rockets have blanked Appleton, Shawano and Kimberly by 7-0 scores while Menasha has taken care of Appleton, Shawano and Sheboygan Central by the same tallies.

The Bluejays have lost one of 43 sets while Neenah has dropped two of 44.

Probable singles players for Neenah are Dick Wilson, Jack Ankerson, Steve Price, Doug Ankerson and Dale Mrotek and for Menasha Jim Stenson, Tom Kryslak, Fred Hollenbeck, Dan Artt and John Bertram or Bill Ritchie.

Stenson - Ritchie and Hollenbeck - Kryslak are possible Menasha doubles combinations while Wilson - Ankerson is one Neenah duo with the other expected to be Doug Ankerson - Price or Mrotek - John Schmelein.

Neenah won both of last year's meetings by 5-2 scores. The Jays haven't beaten their intercity foe since 1944.

The Blue and White hasn't played since downing Sheboygan Central on April 23. Neenah beat Shawano Tuesday in its last start.

Grocery 184-311 and Otto's Bar 18-22.

**Balls 313 Loner**  
Ann Alberts slammed a 575 series and Bernice Lang had a 212 game in the first section of the Fox Valley Women's league which ended its season Thursday night at Mid-Town.

The former included a 190 game in her peak series while Mrs. Lang closed with a 513 count. Other honor totals included 191-529 by Bernice Resch and Rose Mignon's 539.

Grove Clothing (53-37) won the championship by one game over W-W Bar (52-38).

**Final Standings**  
Town Club had 514-381, Gressler Brothers 40-41, Linsdau's 471-421, Hedberg's 45-45, Ralph's 44-46, Menasha Superette 37-521, Mid-Town 36-54 and Herb's Food Town 341-551.

Mary Lauson collected a 509 count in the Fox Valley Women's No. 2 section Thursday night at Mid-Town.

Wettengel's Bar (56-34) took first place by four games over Earl's Litho 52-38.

Club Ravena had 491-401, Sommer's 49-41, Alex's and Lakeside Bar 46-44, Brantmeier's and Teltz Insurance 41-49, Jeffrey's 40-50 and Lyon's Restaurant 291-601.

Page Crashes 619 Series in Neenah Wheel

Griesbach Fires 614 Set to Spear Runnerup Honors

Neenah — Bill Page jolted a 619 series to lead the way in the Cocktail Mixed Couples Bowling league Sunday night at Muench's Recreation alleys.

"Bud" Griesbach fired a 614 count, Paul Stordock rolled 578 and "Nubs" Milliken had 564. First place belongs to the Grasshoppers with a 321-181 record but its margin is only a half game over Tom Collins and Manhattans.

No honor totals were rolled in the Automobile Mixed league which ended its season Sunday night at Muench's.

Pontiacs won the championship with a 33-21 record, placing three games ahead of Oldsmobiles and Plymouths, both of whom have 30-24.

Chevrollets posted 27-27, Ramblers 281-271, Fords 26-28, Jaguars 251-281, Studebakers 25-29, Cadillacs 24-30 and Packards 23-31.

**District Tourney Carded May 16-17**  
Menasha — The Menasha district baseball tournament will be played May 16 and 17 at the Menasha ball park, according to Leo Kenney, athletic director.

Menasha and Winneconne will play at 4 p.m. on May 16 and Neenah and Oshkosh vie at 6 p.m. The winners will play at 4:30 p.m. on May 17.

Marathon Packers, Bergstrom Paper, Main Office, Banta's, Neenah Foundry and Lakeview.

**Bowlers Pocketed Over \$875 in Central Fox Valley Tourney**  
Neenah — Twin City bowlers pocketed over \$875 in prizes in the recent Central Fox Valley Women's Bowling association tournament according to the prize list released by Mrs. Leone Uetzmann, secretary-treasurer.

Team events brought \$340.50, Twin Citizens received \$282 for doubles scores and there were \$201 in singles awards and \$46 in all-events prizes. In addition, the Morning Glory team received \$5 for the top game in class C.

Fox Cities five, a team composed of Neenah area bowlers, was first in class A with a 2,623 handicap total. Navy Sox of the Kimberly - Clark Girls league won class B with 2,602 and Morning Glory was the class C winner with 2,510. Other Twin City winners in-

Menasha High Enters Ripon Invitational

Kimberly, Winneconne Also Send Squads to 3rd Annual Meet; Beaver Dam Defends Title

Menasha — Menasha and Kimberly will be two of the 17 central Wisconsin high schools competing in the third annual Ripon High school invitational track meet Tuesday night.

The Bluejays and Papermakers will take part in class B along with Ripon, Beaver Dam, Berlin, Columbus, Mayville, Omro and Portage.

The class C entries include Amherst, Cambria, Horicon, Juneau, Randolph, Wautoma, Westfield and Winneconne.

Field events and trials in the sprints and hurdles will get underway at 5:30. Finals in the running events will start at 7 p.m. and the sprint relay, which will conclude the program, is slated to start at 9:35.

Kimberly and Beaver Dam are expected to fight it out for class B honors while Winneconne and Horicon are favored in class C. The Wolves downed Horicon in last week's Beaver Dam invitational. The Beavers and Horicon are defending champs in the Ripon affair.

The Jays finished third to Beaver Dam and Ripon in a 3-way meet to kick off their season. The Beavers are sparked by Merlin Norenberg, a rare combination shot putter and dashman. Mike Campbell, one of the area's best milers, paces Ripon.

Darrell Jansen, a good bet to pick up firsts in both hurdles and the high jump leads the Papermakers.

Menasha's leading contenders are Bill Gerhardt and Dave Ristau in the dashes, Dexter Below, hurdles, high jump and broad jump, and Bob Klapper 440.

Beaver Dam took last years meet with 61 points. Menasha was second with 44, Berlin had 38, Kimberly 35, Portage 291, Ripon 211, Waupun nine and Mayville and Omro one each. Menasha's only first place was picked up by its 880 yard relay team. Jansen won both hurdles events.

**Industrial Loop Schedule of 112 Games Planned**  
Neenah — A 112-game Twin City Industrial Softball league schedule was announced today by Wayne Long, league president.

The first round will begin May 10 and close on June 23. The weeks of June 23 and July 5 have been set aside for makeup games. Several of the industries which sponsor teams annually shut down for a week or more during those weeks.

The second round begins on July 12 and closes on Aug. 25. Aug. 30 and Sept. 1 have been reserved for makeups. Division playoffs are scheduled for Sept. 6 with the grand championship on Sept. 8.

The league all-star games are planned for June 30 at Menasha's Jefferson park.

American division teams are Gilbert Paper, Wisconsin Tissue Mills, Menasha Wood-ene Ware, Neenah Paper, Soo Line and Strange Paper. National section entries are Marathon Packers, Bergstrom Paper, Main Office, Banta's, Neenah Foundry and Lakeview.

**Mac's Play Zephyrs In Practice Game**  
Menasha — The Menasha Macs will play a practice game against St. Mary at 4:30 p.m. Tuesday at the ball park according to Manager "Fritz" Heiss.

Heiss said that it is imperative that all candidates who plan to play with the Macs be present because team rosters are due at Tuesday night's league meeting.

Twin City '9s' Oppose Kimberly, Truckers

**Rockets Attempt To Top .500 Mark Against Clints**  
Neenah — Neenah is host to Clintonville and Menasha goes to Kimberly for Tuesday's Mid-Eastern conference baseball games.

The Rockets were rained out in Saturday's tangle at Shawano and no definite date for a makeup has been established. Menasha is scheduled to entertain Two Rivers today in a makeup of last Friday's rainout.

Going into today's encounter, the Bluejays owned undisputed possession of first place with a 2-0 record. They gained the top spot alone when winless New London blanked Clintonville 3-0 last Thursday.

Kimberly, Menasha's Tuesday foe, defeated Shawano in its opener but bowed to Clintonville in its second start. In last year's meeting, Menasha scored five unearned runs in the fifth inning to register a 7-5 win.

It was the only loss suffered by the Papermakers in league play and they went on to capture the championship. The Jays later repeated the triumph in the Weyauwega district meet.

Neenah attempts to move above the .500 mark at the expense of Clintonville. The Rockets have been involved in a pair of 1-run contests, defeating New London and losing to Menasha by a single marker.

Clintonville, which has a 2-1 league slate, edged the Rockets 3-2 in last year's meeting at the Trucker city.

3 Marathon Loop Games On Docket

Neenah — The Marathon Softball league will swing into 1960 play with three encounters tonight at Jefferson park.

Canal Plant and River Street are matched at 5:15, Neenah Office and Research and Development are paired in the 6:30 p.m. contest and it will be Office-Washington against Carton Press at 8 p.m.

The league has 11 teams and all but Industrial Relations will see action this week. Wednesday's pairings are Carton Miehle versus Central Shipping at 5:15 p.m., Carton Finishing versus Neenah Plant at 6:30 p.m. and Canal Plant versus Neenah Office at 8 p.m.

Canal Plant and Office-Washington are the new teams replacing Main Office and Office Service. Carton Miehle nipped Research and Development 3-2 for last year's championships.

# Menasha Man Wins Prize In Brand Names Contest

## 'Sell Yourself Before Selling Product,' Says Edward Terrell

Menasha — "Sell yourself before selling the product." That idea, from Standard Oil dealer Edward G. Terrell, has resulted in fourth prize in National Brand Names Foundation contest.

He and his wife, Helen, will be honored next week at the foundation's 3-day convention. He was one of 14 gasoline retailers of the year, selected from among 571 finalists.

Terrell and 136 other top retailers in 26 categories will receive certificates of distinction at the New York convention.

He will be asked to tell of his merchandising methods. Terrell believes "the public is brand name-minded. It goes for proven and tried products." In his station, he carries a complete line of Standard petroleum products and the Standard accessory line, under the brand name "Atlas."

Factors besides simply selling oneself, also have led customers to steadily patronize his station for 36 years, Terrell says.

His station's cleanliness and appearance from the street is another factor in his business success. In 1953 his station was cited in "The Merchandiser," a bimonthly magazine published for Standard dealers. Last year, he was cited in a Standard contest for station cleanliness.

In selling brand-named merchandise, Terrell says, "Sell on value, not on price." Brand-name items are guaranteed both by the makers and by the sellers, he maintains.

**Makes Up Booklet**

To get to the runner-up class this year, he made up a booklet describing how he advertised, used creative thinking and trained his employees to sell brand-name goods. Employee training alone counts up to 25 points of the possible 100.

Ten years ago, Terrell celebrated 25 years in the location and business by giving away fruitcakes. "Every once in a while these days, some-

one will stop me on the street and ask: 'Ed, when are you going to give away those fruitcakes again?'"

He says he doesn't like giveaways, "because people tire of them and they fall down. You should keep reminding people of your service without annoying them. And you have to humor them — take their minds off spending money," Terrell concluded.

The Brand Names foundation convention begins Wednesday morning with registration. For lunch that day, Terrell will be guest of the American Newspaper Publishers' association, of which the Post-Crescent is a member.

Other trade associations have congratulated him and will entertain the Terrells during their New York stay. They will leave Menasha Tuesday and return home Saturday, May 7.

Terrell was born in England and came to Menasha in 1920. He worked for John Strange Paper company and the old Menasha Printed Carton company (now Marathon division of American Can company) before entering the auto service business.

He was a Brand Names finalist in 1953, 1956 and 1957.

### Around Home

Traffic along Highway 41 near Kaukauna this morning was slowed by the sight of an 80-year-old home burning. Some 50 to 60 watched the blaze and without the state patrol hurrying along motorists the crowd would have been larger.

All of the furor really was over nothing. The Kaukauna fire department set the fire at the 2-story frame home on Lincoln street about 8 a.m. to raise it for an extension of Tobacco street to 41. The building is owned by the Kaukauna Machine corporation.

Real efficiency was shown in setting the blaze. The barn was ignited first and the fire traveled to a chicken coop, a shed and then to the house—all with one match.

## Brand Names Convention Schedule Full

### North Carolina's Governor, Mayor of New York to Speak

New York — A full schedule of activities for a 3-day stay in New York City by the winners of the national "Brand Name Retailer-of-the-Year" awards has been announced by Brand Names Foundation, Inc., sponsors of the competition.

The May 4 to 6 schedule includes an awards banquet at the Waldorf-Astoria hotel on Friday evening, May 6, attended by more than 1,500 industrial, civic and retailing leaders. Awards will be given for excellence in the "presentation of manufacturers' advertised brands to the public in 1959." Honored will be 137 merchants in 26 retail categories, representing 108 cities in 36 states and the District of Columbia.

Keynote speaker will be Luther H. Hodges, governor of North Carolina, and will be followed by a show produced and staged by the Columbia Broadcasting system, starring Gordon and Sheila Mac Rae, Trude Adams, Alan King and Bob Lewis, with Ray Bloch's orchestra.

New York Mayor Robert F. Wagner, who with mayors and governors elsewhere in the nation has proclaimed

## Trade-Marks Suggest Nature, Personality Of Manufacturing Firm

### Old Ones May be Streamlined To Keep Abreast of New Times

A trade-mark is more than a means of product identification. It's a thumbnail sketch of a corporate personality.

According to the Brand Names foundation, the average American family is exposed to 1,361 advertising messages a day—1,561 trade-marks, slogans, promises of performance.

A trade-mark can suggest the nature of the company. Crisp, bold lettering for a firm noted for its manufacture of incomparably efficient machinery; relaxed, flowing script for a soft-drink manufacturer; lower-case, modern type for a typewriter manufacturer. Each of these trade-marks suggests a corporate image.

**Needs Image**

Before a company can design a trade-mark, it has to know the kind of message it wants that trade-mark to send. In other words, it has to have a clear image of the sort of corporate personality it wants to project. A good corporate image can be worth uncounted millions in sales.

Different sorts of firms need different sorts of personalities. For example, a large bakery firm might select an old-fashioned sort of symbol to remind buyers of the old days when the yeasty odor of fresh baked bread filled the home. An airline would require a streamlined symbol to suggest speed, but one that would have enough solidarity about it to imply safety. Most baby foods picture a healthy, smiling baby.

After the message is determined, and the design set, it is necessary that the trade-mark be adaptable, that it will look as well on newspaper as on glossy stock, that it will reproduce in dime-size or billboard-size, that it will be

May 1-8 as Brand Names week, will officially welcome the retailers and open the public exhibit of the winning presentations at the Astor gallery of the Waldorf on Wednesday.

The merchants will be the guests of honor at a series of functions sponsored by Life magazine, Curtis Publishing company, newspaper publishers, brand manufacturers, trade associations and trade publications.

The 3-day series of events will also include tours to such places as the N.Y. Botanical gardens, Good Housekeeping institute and the United Nations.

### Congratulations to ED. TERRELL

## TERRELL'S STANDARD SERVICE

OUR SINCERE

# CONGRATULATIONS

We are very happy to join with the many friends, fellow retail merchants and business associates of Terrell's Standard Service station, in commending him for his outstanding achievement in having been selected as one of the outstanding service station retailers of the year. This is truly an impressive citation when you realize that it was won in competition with outstanding service station retailers throughout the entire United States. This distinction, conferred by the Brand Names Foundation for excellence in the promotion and presentation of brand name merchandise, is one of the highest honors that can be realized in the field of retailing.

We feel a particular sense of pride and partnership in having helped to bring this honor to the Fox Cities. Mr. Terrell himself has emphasized the fact that his consistent, carefully planned and executed advertising in the Post-Crescent over the years has played an important part in the growth and success of his business... as well as being a major factor in gaining this award.

The people of the Fox Cities may be proud indeed, to have the Terrell firm as a business neighbor. We feel certain that we express the sentiments of all in wishing him continued success in the future.

### WISCONSIN'S VITAL NEWSPAPER

## Hotel Fire Loss Estimated at About \$500,000

Canton, Ohio — The Drake hotel in downtown Canton was swept by fire Sunday night, and unofficial estimates were that the loss would amount to at least half a million dollars.

Tenants were removed safely from the 127-room hotel, which is about 80 years old. The hotel was about half full.

More than 80 firemen and every available piece of equipment was in action in the spectacular blaze. Flames broke through the roof at one point and shot into the sky above the 4-story brick veneer building.

**Fireman Injured**

A crowd estimated at 5,000 to 6,000 gathered to watch as flames reduced the building to a shell.

One fireman, Jack Meister, was injured when a hose coupling broke. He was sent to Mercy hospital.

First firemen on the scene found fire in a stairway. Spreading upward rapidly, the flames sent smoke pouring out of the sides of the hotel.

Cause of the blaze was not known.

**Safe Crackers Seem to Have Clinic at Building**

St. Petersburg, Fla. — A weekend "workshop" in cracking safes was held by burglars who broke into the Ballam Safe company building.

Besides burning and peeling off safe doors, apparently for practice, the thieves tinkered with safe mechanisms and lugged off every item of safe-cutting equipment they could find—plus two safes.

Loss and damage was estimated at \$7,000.

**Ads Have News**

There are over 1,700 daily newspapers in America; almost 10,000 weekly newspapers. These papers carry not only local and world news but news about branded products in their advertising col-

# Americans Becoming Package Addicts at Snowballing Rate

New York — Americans are becoming package addicts at a snowballing rate. And the various segments of the container industry expect to get consumers even more attached to packaging this year and decade.

The value of containers, department of commerce records show, is growing 16 percent faster than the nation's total dollar volume of goods and services. And packaging consumption is growing faster than the population, which takes some doing.

The growing demand of consumers for convenience packaging of an increasing number of products sparks

the manufacturers to try new materials and new processes. New packages reached store shelves last year in greater volume than any previous year.

**Big Business**  
The packaging industry is now estimated to be doing a \$10 billion a year sales business.

Carl R. McGowan, president of Owens-Illinois Glass, thinks a record 23 billion glass bottles and jars will be produced this year, a six per cent gain over last. Some eight billion of the bottles and jars will hold baby foods, salad dressing, preserves, jellies, catsup, chili sauce, pickles,

olives, honey and instant coffee.

R. K. Turner, president of Union Carbide's plastic division, says that industry should turn out 64 billion pounds in 1960, compared with 54 billion last year (and 14 billion in 1950), and a sizable proportion will be used for packaging industrial and consumer products.

**Container Rivalries**

Among the container rivalries that will grow hotter this year, it says, are the battles between glass, tin and aluminum cans, aerosols, high density polyethylene bottles, squeeze tubes, folding cartons, boiling paper pouches, attractively packaged ones.

transparent films, metalized paper and stretchable paper. The last already is a factor in the multiple bag field.

**Wrapping Paper**  
Rapidly expanding is the practice of wrapping paper products and soft goods in polyethylene. The trade publication thinks tobacco and candy may be next.

Older packaging materials also are busy learning new tricks.

Many glass containers have been cut in weight by one third, and a further 20 per cent slimming is predicted.

Corrugated carton makers crunt on a boost from an economical glue-flap construction, tear strip opening, cost saving end opening construction and a self sealing carton. It's all aimed at luring more consumers to buy more packages, or at luring them away from one product to a more attractively packaged one.

## BABY WEEK MAY 1st to 7th

Graduation Certificates for a course in small boat handling and navigation were presented to Fox Cities area residents by the Appleton Power Squadron. From left are Abbott Byfield, commander of the Ap-

pleton squadron; Alfred Kayser, DePere, past district commander; Edward F. Douglass, Jr., Appleton, district staff captain, and two of the graduates, Tad Meyer, Port Edwards, and Everett Stecker, Appleton.

#### For Former Teacher

## Oshkosh Dormitory Named Clemans Hall

Oshkosh — A name for the newest building on the Oshkosh State College campus, a dormitory for men which will be completed this summer, was approved Friday by the board of regents of state colleges.

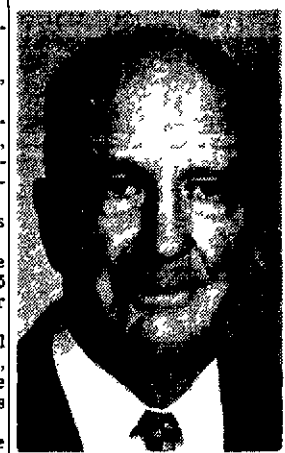

The building is named Clemans hall in honor of Earl A. Clemans, Oshkosh, who served on the college staff for 38 years as a teacher and administrator.

Born on the outskirts of Oshkosh on Dec. 26, 1874, Clemans joined the college staff in 1906, after graduation from the University of Michigan in 1901, and after spending five years teaching in Michigan secondary schools.

Acted as President During his career with the college, he taught physics and general science, was dean of men, and later served as vice president. In 1930 to 31, he was acting president between the

in 1912, the erection of Dempsey hall, the administration building, in 1917, and the erection of the Rose C. Swart Campus school in 1928.

After his retirement, he witnessed erection of two dormitories for women, erection of

Earl A. Clemans

a new health and physical education building, and erection of a new student cultural recreational center. Clemans hall will house 208 male students and will in-

crease the normal college dormitory capacity to 564.

The name, Clemans hall, was selected by the college faculty and administration, and submitted to the board for approval.

Consideration is being given to names for other buildings which will be built in the near future, including a new library, two new dormitories, a science building, and a training school.

Construction of the library is expected to begin before the end of 1960.

#### WSES Compiles List Of College Seniors Available for Jobs

The Wisconsin State Employment Service has compiled a register of college seniors who will become available for job placement upon graduation in June. Fred R. Gehrke, Appleton district manager, announced today.

In the register are summaries of graduates' educational background, interests, abilities, job preference and salary requirements.

More than 2,000 employers who hire college graduates will receive copies of the register. Others can request it from their district WSES office.

History Proves there is Only ONE Best Paint:  
**PURE WHITE LEAD PAINT**

Consumers Guide, a U.S. Agriculture Dept. bulletin, states: "this paint (pure white lead paint), if used exclusively, remains best for homeowners wishing to allow long intervals—longer than the durability of any other white or tinted paint—to elapse between jobs."

# SCOTCH LADDIE

## Charlie Talks of Indians, Gold, Rivers, Earnings, Song Writing

**BY CHARLES HOUSE**  
*Post-Crescent Staff Writer*

**POTPOURRI** — The violet has been Wisconsin's official flower since Arbor Day of 1908 when thousands of our school children selected that flower in a state-wide school vote. Incidentally, although there are many species of violets, no particular one was specified in the vote . . .

There is a real probability that the famed Hiawatha was kidnapped by the man who made him famous. Longfellow took this Onondaga Indian and made him a Chippewa. He lifted him out of the region of Cross Lake in New York state and transferred him, moccasins, calumet and tomahawk, to Minnesota. And that, probably, is where he will have to stay in legend — even if he is an Auslander . . .

Perhaps you didn't know it, but the only two rivers in Wisconsin (and we have a total of 66) which do not drain into the Mississippi are named the Fox. Our own Fox drains into Lake Michigan; the Fox River near Waukesha drains into the Illinois . . .

And did you know that Wisconsin has 8,677 inland lakes in addition to Lake Michigan and Superior? And that 3,000 miles of our rivers are navigable. Our longest river is the Wisconsin with 430 miles. Its headwaters are on the Wisconsin - Michigan border at Lac Vieux Desert.

One of the saddest unsolved mysteries in Wisconsin's history had its beginning with a jar of mustard. Just 78 years ago

**Suffering from Headaches??**

Thousands of people are suffering from headaches; some of them for many years. Headache sufferers are continually treating the effect rather than trying to determine the cause of their trouble.

Your family Chiropractor is best qualified to determine the cause of headaches. The human body can only be healthy if there is an uninterrupted nerve energy flow to all the tissue cells and organs. However, spinal misalignments may cause pressure on nerves, thereby interfering with the normal nerve flow to the various parts of the body. This nerve interference is the cause of such adverse symptoms as headaches.

If you are one of the multitudes who suffer from headaches, you will save time, money and misery by consulting your family Chiropractor. Once the cause of your headaches is corrected, normal health will ensue.

This message sponsored in the interest of public health by: Chiropractors of the Fox Cities and Locals.

**NO MORE LAZY SAVINGS FOR US**

From now on we pay ourselves first, — before any money goes into "extras" or "miscellaneous." Our savings account gets treated just like one of our regular household bills. You'd be surprised at how a modest easy-to-pay amount can become a substantial cash reserve and it earns a good return for us right along.

## Home-School at Holy Cross to Name Officers

**Kaukauna** — Election and installation of officers will highlight the final meeting of the season for the Holy Cross Home-School association at 8 p.m. Tuesday in the school auditorium.

Program will be in keeping with the general theme for the year, the school and family working together. Boy and Girl scout units, sponsored by the school, will demonstrate skills learned in that activity.

John Hartjes, eighth grader, will give an original talk, "Conquering Space," while the school gym class will dance the "Highland Fling," third graders will dance the "Virginia Reel," and the eighth graders will sing various songs.

She moved to Chicago and there first began serious compositions. She supplemented her small income from her songs by operating a boarding house.

After success came, she moved to California and it was there that she wrote her

most famous song — "End of a Perfect Day." Her "I Love You Truly" and "Just a Wearyin' for You" were not written while she lived in Wisconsin.

been dipped into gold. You get the least amount of gold in this kind of an article.

We speak of Carrie Jacobs Bond as being a Wisconsinite, which she was, but none of her famed work was written while she lived here.

Her first marriage in her home town of Janesville was a failure. Her second ended in the tragic death of her husband who died as a result of a fall. They lived in Iron Mountain, Mich., then.

She moved to Chicago and there first began serious compositions. She supplemented her small income from her songs by operating a boarding house.

After success came, she moved to California and it was there that she wrote her

## Area High Schools to Give 2,715 Diplomas

**Classes Range in Size From 17 to 537; Birth Rate Forecasts Future Increase**

More than 2,715 students will be graduated from public and parochial high schools in the Fox Cities area in May and June, figures compiled for the Post-Crescent's circulation area show.

Appleton High school, with 537 expected to graduate, has the largest senior class in the area. Other large classes, in order of their size, are Neenah, 307; Kaukauna, 194; Menasha, 162; Seymour, 131; St. Mary, Menasha, 130; Clintonville, 117; and New London, 116.

The smallest ones are Scandinavia, 17; Bear Creek, 19; Stockbridge, 22; Hilbert, 32; Iola, 38; Shiocton, 41; Brillion, 47; and Marion, 49.

Bigger in Future

Others include Fox Valley Lutheran, Appleton, 75; Kimberly, 62; St. John, Little

## Two Men Suffer Cuts, Bruises In 2-Car Mishap

**Kaukauna** — Two city men were kept overnight at Kaukauna Community hospital Friday for observation as a result of a 2-car accident on Crooks avenue about 9:40 p.m. Friday.

Michael Walsh, 21, 811 Spring street, suffered lacerations to the lip and mouth and David Rausch, 21, 210 Amanda street, suffered a contusion to his head in the accident.

The two were passengers in a car driven by James Walsh, 20, 811 Spring street. The Walsh vehicle was traveling north on Crooks avenue and struck the back end of a car driven by Merle J. Hammond, 17, 518 Whitney street. Hammond was also traveling north on Crooks. The Walsh vehicle glanced off the left rear of the Hammond vehicle and traveled 300 feet before stopping, almost striking the police car which was going south on Crooks.

## Denies Non-Support

**Clement Metzger, 28, Ooshda, has denied a non-support charge. His case was adjourned on a week-to-week basis on the condition he supports his wife, Mary and six minor children. Bond of \$500 was set.**

## Couple's Loop Winners Named At Kimberly Lanes

**Kimberly** — Winners were crowned in both the Fish Couple's and Bird Couple's leagues, sponsored by the Kimberly Recreation association, at Jerry's lanes.

Elmer Kobs rapped a 588 trio to pace the Fish loop while Cecil Van Daltwyk hit three consecutive 128 scores. The Herring team of Elmer and Marcy Kobs finished first with a 32-13 mark followed by the Eels with a 28-17 mark.

Phil Frassetto rapped a 572 trio to pace the Bird league. The Gulls consisting of LeRoy and Inez finished first with a (the Orioles with a 27-18 record.

Locks Paper Mill Donates Site for School

Property Previously Offered for \$16,000; To Build This Year

Combined Locks — Members of the Combined Locks school district voted to accept an offer of 5.66 acres of land for use as a school site from the Combined Locks Paper company.

In a letter from G. D. Muggleton, mill president, Frederick Ziemann read the offer for the land, without charge, to approximately 120 district voters. Muggleton pointed to the importance of education and the responsibility of a community to meet the increasing demands for schools due to the growth of a community. In the spirit of providing good schools and cooperation, the offer was made, according to the letter.

Previously the company had asked \$16,000 for the property which is located west of Park street and is about two blocks from the present school building. The offer was read at a meeting to consider four possible school sites.

Other Sites — Other offers considered was a 10-acre plat in the Wallace plat area costing \$24,000, another 10-acre plat at the south end of the village, now

Juvenile Shack Movers were busy on Little Chute streets. The boys took the shed across Highway 96 and down County Trunk N to the Fox river, almost six blocks. Four wagons were used in the moving project. Front left to right are John Sprister, Dave Hammen and Don Sanders. Back in the shed are Bruce Hammen and Tom Bongers.

Holy Cross Parish Women Schedule 'Hot-Dog Day'

Kaukauna — Women of the Home-School association at Holy Cross Catholic parish will sponsor a "Hot-Dog Day" Wednesday in the school cafeteria with serving to get underway at 11:20 a.m., according to Mrs. Ervin Rosenow, general chairman.

Youngsters will be served in two shifts with women to supervise playground activities while different groups are eating. Fourth and fifth graders are to donate celery, carrots and cupcakes. Members of the playground supervisory committee are Mrs. Robert Hoehne, Mrs. Stuart Black, Mrs. Jerome Yingling and Mrs. Jerome Heindel.

Other Committees — Mrs. Fred Reuter is chairman of the kitchen committee assisted by Mrs. Richard Stefens, Mrs. Harold Feller, Mrs. Herbert Weber, Mrs. Joseph Appleton, Mrs. John Reuter, Mrs. Joseph Schuh, Mrs. William Meulemans, Mrs. Merritt Kavanaugh, Mrs. Louis Weiland and Mrs. Anthony DeBruin.

Serving on the dining room and tables committee are Mrs. Henry Tatro, Mrs. John Vandenberg and Mrs. Norbert Driessen. Members of the serving committee include Mrs. Clyde Fleming, Mrs. Arthur Kerry, Mrs. Robert Weisler, Mrs. Eugene Van De Hey, Mrs. Ben Verhagen, Mrs. John Vandenberg, Mrs. Robert Walker, Mrs. Kenneth Heindel, Mrs. Arthur Lamers, Mrs. Francis Grogan, Mrs. John Russo, Mrs. Ralph Bayorgeon, Mrs. Harold Kiffe, Mrs. Joseph Krings, Mrs. Roman Simon and Mrs. Henry Tatro.

Firemen Called When Furnace Motor Burns

Kaukauna — Firemen were called to the Arthur Borres residence, 420 Whitney street, about 4:45 p.m. Friday when a motor on a furnace blower burned.

Firemen cut off electrical power to the motor and cleared the house of smoke.

242-589 Lead Thilco Tourney

Bowling Meet Has Record Number of Teams, Individuals

Kaukauna — Wayne Sager with a 343 singleton and Byron Bielek with a 500 series are currently leading individual bowlers in the ninth annual Thilco Bowling tourney being rolled at the Bowling bar.

Cletus Gerow is second in individual game count with 224 followed by Les O'Dell 223, Byron Bielek with 220 and Carl Giordana with 217.

Trailing Bielek in series counts are Fabian Arnoldussen, 587; Carl Giordana, 587; Jim Maasa, 558, and Ed Miskinaki, 552.

The Big Steins of the planning department are setting the pace in the team events with a 2,653 followed by the Flunkie Five of finishing with a 2,577, the Pie Eyed Pipers from the pipe shop with 2,575, the Darby farmers of shipping with a 2,571 and the Kilowatts of the power department with 2,555.

Events are based on handicap with both men and women competing although none of the women's events have been held to date.

Registration Set for Kindergarten Pupils

Kaukauna — Registration for youngsters to attend Trinity Lutheran school for the 1960-61 term will be from 1:30 to 4 p.m. Wednesday at the school.

Children, to be eligible for classes, must have reached their fifth birthday on or before Oct. 1. Enrollment for children in other grades who have not previously attended the school will be accepted from 7 to 8 p.m. Wednesday at the school.

to a daughter.

McCoy told his many friends as he passed the caskets around, but when he brought wife and baby home three days later the daughter was a son. The doctor was red faced. "Most embarrassing incident of my practice," he apologized.

It's a Girl, Doctor Said, but It Wasn't

San Diego, Calif. — The doctor came out of the delivery room and told Arthur McCoy his wife had given birth

Young Hobby Club Dancing Clothespin Clowns Easy to Make, Fun to Operate

BY CAPPY DICK

A set of dancing clothespin clowns is easy to make. Attached to a length of clothesline, the clowns will dance when the rope is jiggled.

The diagram shows how to make the clowns. Start with an ordinary clothespin. On the head of it draw the clown's eyes, nose and mouth with pen and ink. For arms, tie a pipe cleaner around the clothespin just below the head (Figure 1).

The clown's hat is a strip of white or red crepe paper an inch wide. Paste the ends of the strip together and gather one edge into a tight ball for the top of the hat. Tie it with thread. Turn the other edge back to form a band that will fit around the clown's head.

The clown suit (Figure 2) is two squares of crepe paper pasted together at the edges with a clothespin between them. One corner of the double paper should be turned inside out to form a collar. Two other corners become the cuffs of the sleeves, you may poke the ends of the pipe cleaner through them to show the clown's hands, if you wish.

Clothespin clowns dance on a rope.

Through the fourth corner thrust the two legs of the clothespin. Shoes made of crepe paper may be pasted to the ends of the clown's legs.

After making several clowns, put them on the clothesline as you would ordinary clothespins (Figure 3). Then jiggle the rope to make them dance up and down and swing in the air.

FINANCIAL BATTING AVERAGE

You can read your financial batting average in the pages of your Savings Account Bank Book. Pay days are your "times at bat." Deposits are your "hits." A high batting average is the surest way to put your "home team" way out in front in the success and happiness standings!

The Braves' Lee Maye starts his retreat back to third base as he gets chased by Philadelphia catcher Jim Coker in the fourth inning of Sunday's game in Milwaukee. Third baseman Al Dark forms the other end of the trap. The play started when Del Crandall grounded to shortstop Joe Koppe, who threw to Dark to start the rundown. Dark finally made the tag. The Braves won, 5-4.

## Braves Capture Fourth Straight, Open Series Against Giants Tonight

Billy Bruton Has Perfect Day, Aaron Drives Home 3 Runs in 5-4 Win

Milwaukee —(AP)— Billy Bruton, after leading off the first inning with a double, but then scored three runs on his next three hits. His single in the eighth was wasted because of a double play.

Hank Aaron, who flanks Bruton in right field, also had a field day against the Philadelphia pitching, driving in three runs with a double and a pair of singles and boosting his average .35 points to a .415.

Fidgely Lew Burdette, Milwaukee's 21 game winner a year ago, settled down after a shaky start but then ran into trouble in the ninth and had to be rescued by relief artist Don McMahon.

The Phillies picked up a run in the first, but the Braves tied the count in the third on a walk. Bruton's single, a force out at third on an at-bat, and Aaron's double to left.

Bruton picked out a delivery from Philadelphia starter Don Cardwell for his first homer of the season in the fifth. The ball soared high over the 392-foot mark in right center.

Torre Doubles

The Braves clinched the verdict in the seventh on singles by Bruton, Red Schoendienst, Eddie Mathews and Hank Aaron and a double by Frank Torre. A walk filled the bases with none out, but Felix Mantilla, pinch-hitting for Johnny Logan, who had been thrown out of the game for arguing with the umpire, fanned and Del Crandall bounced into a double play.

Burdette was chased in the

AP Wirephoto

Johnny Callison, Philadelphia center fielder, makes a desperate lunge for Billy Bruton's liner in the first inning of Sunday's game in Milwaukee—but the ball gets by him for a double. The Braves went on to win, 5-4.

## Beloit Tops Lawrence's Golfers, 4-1

The Beloit college golf team shaded Lawrence, 4-1 Saturday in a rain-abbreviated match at Beloit.

The teams were able to play only nine holes because of poor weather conditions. Most of the matches were close with the Vikings trailing by just one hole at two positions. Lawrence's Ray Sherman was the only Lawrence winner beating Beloit's Evan Robbins, at No. 5.

The Bucs at Giersbach, at No. 1, was medalist with a 42. Lawrence is slated to play at Oshkosh Tuesday. The Vikings are now 0-2 on the season.

The Saturday summary

Al Giersbach (B) 42 beat Jim Rasmussen (L) 41  
Phil Lindley (B) 42 beat Dan Gilmore 41-10  
Tom Cook (B) 43, beat Chuck Engberg 46-10  
Dave Bell (B) 44 beat Tom Hillman 46-10  
Ray Sherman (L) 42 beat Evan Robbins 44-10

## Wisconsin Crew Is Poor Third to Harvard, Rutgers

Cambridge, Mass. —(AP)— Harvard set a new course record and Wisconsin, the defending Intercollegiate Rowing association champion, finished a poor third Saturday over the Charles river course. Stubborn Rutgers was second.

The Harvard crew covered the mile and three quarters in 8 minutes, 43.4 seconds. The old mark of 8:54.4 was set by Harvard last year. Rutgers finished in 8:48.5.

Wisconsin, perhaps handicapped by a late training start and a borrowed shell, finished three lengths back of Rutgers, in a tight battle with MIT for third.

Boston university was last in a field of five.

## Oles Topple Lawrence Nine In Twin Bill

Neenah's Davis Wins 4-Hitter In Second Game

The Lawrence college baseball team, which had fielded like a major league club in its first two outings, didn't come up to Little League standards Saturday.

The Vikings committed 17 errors in dropping a double-header at St. Olaf, 14-1, and 4-2. The games opened the Midwest conference season for the Vikings, St. Olaf is now 4-0 in the Northern division, in which the Oles were champs last year.

Lawrence had 13 errors behind Neenah's Dave Thomsen in Saturday's first game. Only three of the runs off him were earned. Thomsen allowed nine hits and seven walks, striking out four, over the nine inning route.

Jim Schulze, (who suffered a muscle pull in the second game and had to leave the contest) was charged with three errors in one inning of the first affair. He had two of the six hits off winner George Miner. Miner fanned three and walked four.

Lawrence took a 1-0 lead in the top of the second but St. Olaf erased it during a 7 run second frame.

Lawrence's Karl Franke and St. Olaf's Denny Davis of Neenah, matched 4 hitters in the 7-inning second game. Franke struck out three and walked six while Davis fanned six and walked three.

The Oles broke up a 2-2 tie game with a pair in the fourth, on a walk, a fielder's choice and two errors. Lawrence got the tying run on base in the fifth but couldn't score.

Steve Gilroy's 1-run double in the top of the fourth had given Lawrence its tie.

## Braves are Earning Tag of 'Go-Go' Team Under Dressen's Leadership

BY DAVE O'HARA

Milwaukee —(AP)— The Milwaukee Braves still have the big punch which topped the National league with 177 homers in 1959, but they're slowly earning the tag of a "go go" team under Manager Charlie Dressen.

Confident that his charges have plenty of speed, Dressen has given the Braves the go sign on the basepaths.

Milwaukee has stolen nine bases in winning 8 of 13 starts this year as compared with only two in the same number of games under Manager Fred Haney last season. But more important has been the Braves' daring — and mostly successful — attempts to

# Foxes Make Belated Home Debut Tonight in Twin Bill

Chance, Narum to Face Bees At Goodland Field; First Game Will Start at 6 p.m.

The stage for the Fox Cities and "Buster" Narum are set for some time now, and the curtain is finally due to go up at 6 p.m. today.

After being weathered out of five straight games (on four dates), the Foxes will play a two-night double-header with the Burlington Bees at Goodland field today.

The gates will open at 5:15 p.m. The first game (a scheduled 7-inning affair) will start at 6 p.m. The traditional opening-day ceremonies will be staged between the games. The second game, slated for the 9-inning route, will open immediately after the ceremonies.

Admission tonight will be by the orange, opening game booster buttons. The buttons will be on sale at the gate for those who haven't purchased them ahead of time.

The Foxes will be shooting for the Three-I league's season-opening attendance award. The figure to beat is a 2,433, which is the first-day crowd drawn at Cedar Rapids. This is the highest figure for the seven openers that might have been staged to date.

Saturday night's game—the original planned home opener—was rained (and snowed) out. Sunday's split double header was called off because of wet grounds.

Right-handers Dean Chance

## Bobcats' Bid For IHL Berth Is Rejected

The Green Bay Bobcats' bid for a franchise in the Pro International Hockey league was rejected Sunday in a Chicago meeting. The IHL granted a franchise to Muskegon Mich., at the session after listening to applications from a total of six other cities.

The cities were St. Louis, Denver, Washington, D.C., Winnipeg, Man. Windsor, Ont., and Green Bay. General Manager Don Clark said the Bobcats wanted a schedule of about 50 games. The IHL may jump from 68 to 70 games.

Muskegon with a population of 69,000 was represented by two bidders. The successful one was Pat Therkettle former operator of a team in Toledo. Muskegon apparently will have the Louisville team of last year. The Louisville franchise was suspended.

## Brazil Netters Gain Forfeit Win Because Of Turkish Riots

By The Associated Press

Brazil's tennis stars joined 14 other nations in the second round of the European zone Davis cup tennis competition Sunday without playing a match.

The Brazilians were scheduled to meet Turkey in Istanbul but the matches were called off as the result of student riots against the Turkish regime. Martial law forced cancellation of all sports gatherings.

## Only one match is yet to be decided in the first round

In that one Luxembourg leads Monaco, 2-1.

The second round pairings, which must be completed by May 15, are: Spain vs. Sweden; Poland vs. West Germany; France vs. Argentina; Denmark vs. Austria; Brazil vs. Belgium; Holland vs. Great Britain; Hungary vs. Italy; and Chile vs. the Luxembourg-Monaco winner.

## Sherbrooke, Quebec—Burke Emery, 187, Sherbrooke, knocked out Gordie Baldwin, 168, Toronto, 7 (for Canadian light heavy title)

## Green Bay Ends Braves' Streak, Beats Huebner

By The Associated Press

Andy Semmick, nearly bald manager of Des Moines' Demons, may be completely naked on top if his youthful club doesn't snap out of the Three-I league doldrums soon.

The 1959 Demons won more games than anyone in the league, but Semmick's 1960 outfit is still looking for its first victory after dropping a doubleheader Sunday to Lincoln that extended its losses to seven games, 5-3 and 4-3.

Meanwhile, at the other end of the league, Topeka vaulted into sole possession of first place by sweeping a 3-0, 10-7 twin bill from Sioux City. The Reds have lost only one of seven stats.

Other Game

In the only other game played, third place Green Bay ended Cedar Rapids' winning streak at three games, 4-3. The second game was postponed because of wet grounds. Burlington's two contests at Fox Cities were called off for the same reason.

Lincoln checked a Des Moines rally to win the nightcap after a 5-run second inning, including Dean Lock's 2-run homer, had wrapped up the opener.

Billy Dashner cracked two home runs and Marv Schultz, Ted Farley and Marty Rosell each one to spark Topeka's sweep. Rosell's smash in the eighth inning of the nightcap came with the bases full.

We Don't Sell Tires, But!!

... If you are buying tires, here are some tips to protect your investment:

- ★ Always have the wheel alignment checked when you install tires
- ★ Always buy tires in sets or at least in pairs. If you must buy a single tire, buy one of the same grade and make as your present tires. Tires vary in size from one manufacturer to another.
- ★ Always balance wheels both statically and dynamically to eliminate shimmy and abnormal wear.

LET US ALIGN and BALANCE THE WHEELS OF YOUR CAR, TODAY!

# 2 Indian Rookies Go Route for Wins Over Kansas City

## White Sox Take Over Undisputed Lead, Beating Tigers Twice

By The Associated Press

When Frank Lane traded away Cal McLish, his 19-game winner, the Cleveland Indians announced that they were going to gamble with young pitchers.

Wynn Hawkins and Dick Stigman, two 24-year-old members of the 1960 rookie crop, made General Manager Lane and Manager Joe Gordon look good Sunday when they managed complete games in a doubleheader sweep over Kansas City.

Hawkins, a right-hander from the Mobile farm, allowed 10 hits but lasted nine innings to win his second game, 6-4, with the help of five runs batted in on two homers by "Bubba" Phillips.

**Steady 6-Hitter**

Stigman, a southpaw out of San Diego, turned in a steady, 6-hit effort in the 3-1 second game, won by Vic Power's 2-run single.

Despite the success of these precocious Indians, the defending champion Chicago White Sox took over the undisputed American league lead for the first time this season. The White Sox whipped Detroit 6-3 and 5-2 on the relief pitching of Gerry Staley and Frank Baumann to run their win streak to five.

Baltimore's young Chuck Estrada survived a 3-run first inning and went all the way to a 9-5 decision over the New York Yankees. A Washington Boston doubleheader was rained out.

Hawkins might have needed relief if it hadn't been for Phillips' slugging. He was nicked for two homers by Norm Siebern and one by Whitey Herzog among the 10 Kansas City hits. The Indians piled up an early lead off loser Ned Garver.

Stigman helped himself in the second game. He started a rally with a single to open the fifth. After a sacrifice and a single by Johnny Temple, the pitcher bumped into catcher Harry Chitt at the plate and the catcher dropped the ball. The only run off the lefty was unearned.

**Allowed One Hit**

Staley, crowding 40, gave the Tigers only one hit after replacing Bob Shaw in the sixth inning. Al Smith homered for the Sox and Al Kaline for the Tigers, but the winning blows were doubles by Sherm Lollar and Billy Goodman in the 3-run sixth that knocked out Jim Bunning.

Baumann, former Boston Red Sox left-hander, took over for Dick Donovan with two out in the first inning of the second game and Detroit leading, 2-0. He shut out the Tig-

ers the rest of the way, allowing only three hits. Luis Aparicio, who had driven in a run in the first game, snapped out of his slump with three RBIs in the second game.

The Yankees who had humbled Baltimore, 16-0, Saturday afternoon, started out as though they planned to do the same thing Sunday. They scored three in the first on Estrada but faded when the Orioles attacked three New York pitchers for six runs in the fourth inning.

When Jack Beers (Dallas news photographer) returned from a fishing trip Saturday, he asked his son, Jon, 2, to pose with these black bass. The boy broke into tears because he said he wanted his father to bring little fish. These bass weighed 5 and ¾ pounds (left) and 4 and ¾.

## They'll Do It Every Time

## Bally Ache and Tompion Won't Run Tuesday

Louisville, Ky. —(AP)—Twelve or 13 horses whose owners are hoping they'll show something worthy of a place in the Kentucky derby are expected to vie Tuesday in the Derby trial at Churchill Downs.

However, there is plenty of support for the contention that the Derby winner isn't scheduled for a start in the 1-mile trial.

Bally Ache picked up backers on the strength of his impressive, 3-length win over Venetian Way in the 7-furlong Stepping Stone Saturday.

Tompion winner of Thursday's Blue Grass stakes at Keeneland, has been the winter book favorite for the eighty sixth run for the roses.

Neither is expected to run again before Saturday.

Calumet, which has furnished seven derby winners, will have the entry of Hillsborough and Pied D Or going in the trial. Others expected to race are Bourbon Prince, Beau Purple, Spring Broker, Yomoka El Zag, Fighting Hodge, Effionly, Cuvier Relic, Orbit's Top and Command Pilot. Eagle Admiral is a doubtful starter.

## 'King Kong' Keller's Son Homers in Win Over Aberdeen

By The Associated Press

Northern league newcomers Don and Charlie Keller, sons of former Yankee slugger Charles "King Kong" Keller, scored both runs Sunday as Fargo-Moorhead beat Aberdeen 2-0 in an opening game of the Class C loop's season.

In their first-day action, Grand Forks edged Duluth Superior, 3-2, Winnipeg beat Eau Claire 9-8 in 10 innings, and Minot squeezed past St. Cloud 9-8.

At Fargo-Moorhead, Don Keller hit a home run in the second inning scoring his brother who had walked. A total of 3,960 fans witnessed the contest.

St. Cloud's Rox hit three homers against Minot, but it wasn't enough. The Mallards' winning margin came in the top of the seventh when Dick Farley slammed one out of the park with a man on base.

Winnipeg scored six runs in the ninth and tenth innings as they spoiled Eau Claire's home opener.

Grand Forks scored two

Q: What's he doing?  
A: Cleaning his engine.

To boost power and mileage,  
Engineers say, "Clean up your engine."  
Skelly says:

"Why not do it every day  
...just by driving"

A dirty engine is a sluggish engine. It's also a "gas eater." Every mile you drive, it costs you money you could save.

Engineers know what to do. They say, "Clean up your engine." In other words, get rid of carbon and lead deposits that have built up in your engine's combustion chambers. And with Skelly Keotane Gasoline, you can do it every day — just by driving.

Tests show that a Keotane-Clean engine can deliver an average of 12.7% more mileage, 14.6% more horsepower output and the performance effect of 3.1 extra octane points. Engineers figure that Keotane's cleaning benefits add up to 6.1c extra value per gallon — at no extra cost to you.

Keotane's extra value is why we believe it is the most economical gasoline for any car — including the new "compacts."

Although results are gradual, the more you drive with Keotane, the more you clean. You should expect peak results in 1,000 to 3,000 miles — miles you are going to drive anyway. So why not drive them with Keotane and clean up your engine at no extra cost — just by driving.

See your Skelly dealer. Drive your engine clean with Skelly Keotane Gasoline.

General Manager Lee MacPhail. The other is Farm Director Jim McLaughlin.

Harry Dalton, the assistant farm director has also carried on many of the dealings with the Foxes. Paul Richards is the club's field boss.

MacPhail, 42, launched his baseball career in 1941 as business manager of a Class B team and was director of player personnel for the World Champion New York Yankees before joining the Baltimore organization. As general manager he succeeded Richards — who had held the dual role of field and general manager.

A native of Nashville, Tenn., he is a graduate of Swarthmore college and the son of former major league executive Larry MacPhail.

22 Years  
McLaughlin, 45, has been in pro baseball 22 years — all in the majors. He broke into the game in 1939 as office assistant to Bill DeWitt of the St. Louis Browns and the St. Louis native rose rapidly in the Browns system. He was named farm director in 1948 and is the dean of major league farm directors in time of service, having stayed in the post when the Browns' franchise was switched to Baltimore.

Richards, 50, has been a manager for 19 of his 35 seasons in organized baseball, serving as an established minor league pilot before he made the grade as a catcher in the majors, with Detroit.

He had four first division clubs in Chicago before moving to Baltimore as field manager-general manager of the Orioles.

In five seasons at Baltimore, Richards — an excellent handler and developer of pitchers — has guided the club to seventh, sixth, fifth, sixth and sixth place, finishes, successively.

Bill Nieder, Left, and Parry O'Brien shake hands after Nieder won what was billed as grudge shot-put match Saturday in the Drake relays, at Des Moines. O'Brien told reporters, "we're not enemies. That's just what you guys do to us — misquoting us and everything." Nieder just smiled and didn't say a word. Neither spoke to the other before or during the event. Nieder's toss went 63 feet, 11½ inches; O'Brien's 63-1¼.

## Topeka Stops Soos Twice, Grabs Solo Lead

CONTINUED FROM PAGE 1

Steve Shurina pitched a 3-hitter in the first game.

Pitcher Ric Warren swatted a 2-run homer in the ninth to put Green Bay past Cedar Rapids. He also hurled a 6-hitter.

Warren's home run came off Hortonville's Larry Huebner, who was the loser in the televised game. The Dodgers' home opener attracted 2,322

fans.

## Collins Leads At Houston By 2 Strokes

Palmer Second, Fleck Third After 3 Rounds

Houston, Tex. — (AP) — Big, blond Bill Collins, who claims he doesn't even think of the pressure, led the Houston Classic golf tournament into its final round today but the story still was: Will Arnold Palmer make it six?

Collins, the man from Baltimore who plays his golf out of Crystal River, Fla., shot a 4-under-par 68 Sunday to snare the lead by two strokes over Palmer, the Masters champion from Ligonier, Pa., who has won five tournaments this year and is the greatest money earner for the period involved in golfing history. He has banked \$44,257.57.

Collins had 205 for 54 holes. Palmer, who shot a 70 in the third round, had 207. Palmer was looking at the scoreboard Sunday when he came to the eighteenth green. He was finishing just ahead of Collins and at that time was three strokes behind. He ran down an 18 foot putt for a birdie and looked confident as he strode off the green.

Jack Fleck, who had been tied for the lead bogeyed the last hole by 3-putting and had a par 72 for the day. He fell to third place at 209.

At 211 were Doug Ford of Crystal River, Fla., and amateur Richard Crawford, the Houston collegian. Crawford, the NCAA champion, had the day's low round, a 67.

## Dick Beall Sets Only 1959 Record In 3-I League

Only one individual record was set in the Three-I league during the 1959 season.

Topeka's Dick Beall walked 137 times. This broke the 1-year-old record set by Dick Rogers (Rochester - Winona) in 1958. Rogers strolled 133 times.

Two team records were broken last year and another was tied. Cedar Rapids struck out 993 times, erasing the club's own record — 893 — set in 1958. Burlington catchers were guilty of the most passed balls in league history — 47. This broke the Bees' mark of 40 in 1958.

Green Bay committed only 150 errors in the season. This tied the record for least miscues first set by Madison in 1940 and tied by Terra Haute, 1950.

## Cubs Cut Jim Goetz, Pick Up Ellsworth

By The Associated Press  
The Chicago Cubs assigned rookie pitcher Jim Goetz outright to Houston to make room for lefty Dick Ellsworth, called in from the same club. Ellsworth will report Monday.

## Better Wins \$43,000 On \$4 Investment

San Juan, Puerto Rico — (AP) — An unidentified better won a record \$42,994.35 on a \$4 investment Sunday by picking six straight winners in the five-six pool at El Comandante Race track.

## MU Loses Another Quarterback

Milwaukee — (AP) — The Marquette football team lost another quarterback Sunday when Joe Schulte, last year's top reserve, suffered what appeared to be a shoulder separation during a 2-hour scrimmage. The injury to Schulte

## 7 Is Foxes' Longest Winning Streak

The Fox Cities Foxes' longest winning streak in 1959 means Coach Liz Blackburn will have to finish the spring drills without his first two quarterbacks. Freshman signal-caller Terry Zang suffered a dislocated shoulder two weeks ago and has missed the spring drill.

was seven straight. It also represents the best in the club's history.

The Three-I league's best victory skein last year — 13 in a row — was put together by Lincoln.

Cedar Rapids had the longest losing streak — 10. The Foxes' most durable reverse streak in 1959 was six — it happened twice.

# Thomas Brings World Mark to United States

## Sets High Jump Record in Penn Relays

Philadelphia —(AP)— John Thomas, a solemn-faced 19-year-old, can relax now and watch the others try to catch up to him because he has finally become "the world high jump champion."

Even though there's no one

who comes even remotely close — that includes the Soviets — Thomas was strictly

## Cedar Rapids

## Proved Best

## 'Draw' Here

## Green Bay Slips To Sixth in Attracting Fans

Cedar Rapids replaced Green Bay as the best draw-in card at Goodland field in 1959.

In nine games with the Foxes, Cedar Rapids drew a total of 10,937 patrons to Goodland field in 1959.

Green Bay was the most popular attraction here.

Last year, Green Bay was sixth on the list, outdrawing only Sioux City here. Burlington was last year's second best attraction — with a 9,320 total.

Best at Cedar Rapids

On foreign soil, the Foxes threw best at Cedar Rapids— 11,209 watching their nine games in the Iowa city.

On the basis of total draw, Topeka was the best road attraction in the league — averaging 1,102 in the other seven cities.

The Foxes were one of three clubs to average fewer customers during the second half of the season than the first. The others experiencing the decrease were Cedar Rapids and Sioux City.

Only two clubs — Des Moines and Cedar Rapids — finished above the 1,000-mark in average home attendance.

Final 1959 home totals:

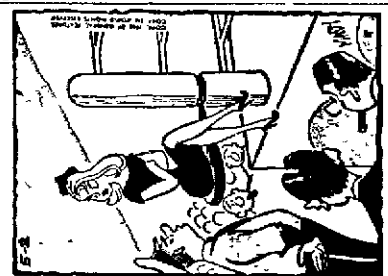

Club	Total
Burlington	10,937
Des Moines	8,023
FOX CITY	11,209
Green Bay	10,937
Sioux City	8,023
Topeka	9,320
Totals	44,057

## U. S. Open Course Is Fifth Longest Ever

Denver —(AP)— The nation's top golfers will tackle the fifth-longest course in U.S. open history when the 3-day medal play test opens at Cherry Hills June 1.

The course has been lengthened to 7,064 yards and par set at 35-36-71. It will be longer, and probably tougher, than when the first U. S. open ever held in Colorado was played at Cherry Hills.

sharp issue with his old boss. "He says I can't steal—and that's a laugh," Hammerstein said.

He said: "When he did let me go last year, he saw me steal eight times without being caught. And I'm 3-foot-3 this season."

Aaron said he plays "the way the manager wants" and indicated strongly he didn't go along with Haney's conservatism on the field.

"We've got a lot of fellows on this club who can run, but under Haney," Hank said, "I don't know what is."

Now it's different. "Now we're playing baseball the way. Now we can go," Aaron said.

Dressen praised Aaron and said: "He's already won one game for me by stealing third. And in the same game he tagged me up at first and took second on a fly to left. If that isn't running, I don't know what is."

What about the possibility of such valuable players as Aaron and Matthews getting hurt on the basepaths?

"Look we're not panics," Dressen snapped. "We don't go out there thinking we're going to be hurt. When you play ball you play ball all the way. And speed can help us win."

The Braves captured their fourth straight victory to reset for action in San Francisco behind co- and Bob Buhl and Lew Burdette in Pittsburgh by de-

Ray Norton, ex-San Jose State sprinter, equalled the world record of 20.6 for the 200 meters around a turn. He, Andy Stanfield, Thane Baker and Bobby Morrow all held a piece of it.

## Gopher Nine

## Leads League

## Drubs Michigan Twice as Rain Hampers Schedule

By The Associated Press

Minnesota, shooting for a third straight Big Ten baseball championship, took command in the Western conference race Saturday by drubbing Michigan twice in a doubleheader.

The Gophers scored 10-3 and 11-2 victories while much of the conference schedule ran into weather difficulties.

Three doubleheaders were rained out and Illinois and Indiana split with the Illini, winning 8-0, and losing 5-4.

Minnesota look a full game lead over both Ohio State and Wisconsin, who won their openers but were weathered out Saturday.

The Gophers slammed five homers Saturday among their 10 extra base hits behind the route-going performances of Howard Nelbe and Clyde Nelson.

In the only other doubleheader played Saturday, Emory played Saturday, Emory's four hits while his Illini teammates piled up 11 hits.

However, Terry Gelling was not as effective and gave up four runs in the first inning of the second game to suffer the loss.

## Lawrence-Beloit Net Match Is Postponed

The Lawrence college-tennis match, slated for last Saturday at Beloit, was postponed by rain. The match is re-scheduled for Friday.

*Your Choice of Any 2 of These Special Purpose Maps*

\*(Plus Bonus Map of Menominee Co.)

**with the purchase of CLARKSON'S 1950 edition of**

These maps are produced in co-operation with State and Federal agencies, and as the name implies, are designed to fill some specific purpose in an area. There are maps for the boaters, fishermen, hunters and sightseeing tourist. Most maps fulfill more than one purpose. Each covers one of Wisconsin's most beautiful and popular areas complete in detail. All maps are attractive, in 4 colors, large 22 x 28 size, ideal for gifts. Regular price per map \$1.00 each. Two free with deal.

## 4 FABULOUS WOLF RIVER

— This map shows every twist and turn of the beautiful Wolf River from Front to Shotton. Accurate to minute details, the map shows the river, all tributaries, marshes and swamps and the river plus intermittent streams and spawning areas. Partridge Lake, Partridge Creek and Grand Lake are also shown. Over 320 spots of interest of Waupaca and Outagamie County are shown. All highways, roads and buildings are shown. 22 x 28 inches. Reg. price \$1. each, 2 free with deal.

## 9 LAKE WISCONSIN

— Printed in 4-color, showing roads, streams, beautiful Lake Wisconsin from Portage to Prairie du Sac. Map gives a detailed chart of the graduated depth of Lake Wisconsin. This water is surrounded by some of the most picturesque scenery. 22 x 28 inches Reg. price \$1. each, 2 free with deal.

## 11 THREE LAKES

— Large scale, printed in 3-color, 22 x 28 showing the entire Chain of Lakes Eagle, Koshong, Sugar Camp, all roads, streams, swamp land, everything necessary to use these waters to the fullest Reg. price \$1 each, 2 free with deal.

## 7 MINOCQUA

— This map is 22 x 28 in 3-color, giving detailed information on Minocqua, Hazelhurst, Woodruff, Lake Tomahawk, St. Germain areas, showing in minute detail every lake, road, trail and landmark and swamp areas. Reg. Price \$1. each, 2 free with deal.

## 10 LAKES POYGAN, WINNECONNE AND KUTVIG

DES MOINES — A definite help for boaters, showing channel from Oshkosh to Fremont, giving detailed outline and channels of Lake Koshong, Lake Winneconne and Poygan, and Wolf River. All roads shown giving access points to these waters. Reg. price \$1. each, 2 free with deal.

## 8 WAUPACA CHAIN OF LAKES

— Printed in 4-color, large size 22 x 28 showing all roads leading into lakes. The following lakes are shown, the depth of the water from the shoreline right out to the deepest holes, Taylor, Otter, Sunset, Rainbow, McCrossen, Miners, Dake, Round, Columbia, Long, Otterman, Young, Bass, Bessley, Mud, Marl, Pope, Knights and Old Taylor. The Waupaca Chain offers wonderful vacation atmosphere. Reg. price \$1. each, 2 free with deal.

## 2 HORICON MARSH

— One of the most fertile and productive wild life areas in America. Includes both federal and state controlled Horicon National Wildlife Refuge and state controlled Horicon Marsh Wildlife Area. 31,000 acres of hunting, fishing and viewing lands. Hundreds of birds, water fowl, wild animals, and fish are present in the marsh. This map lists them all. All access points, roads, highways and trails are given. Closed areas, check stations, and other areas are shown by easy color guides. Reg. price \$1. each, 2 free with deal.

## 3 LAKE WINNEBAGO

— Over 137,000 acres of superb fishing, boating and swimming waters. One of the nation's largest lakes, Winnebago is surrounded by beautiful parks, harbors and picnic areas. All of these, including the new High Cliff Park in Calumet County, shown in detail. Lake depths, reefs, sand bars, weed beds, marshes and lake points by name. Harbors, boat lights, buoys and signals shown in their exact locations. All highways, roads and trails, even public boat landings shown. Houses, cottages and buildings are shown and towns are in detail. Reg. price \$1. each, 2 free with deal.

## 3 WAUKESHA

— Area has many fine lakes for boating, fishing, swimming, fishing and good vacation atmosphere. Map in line detail showing all state, county and town roads, streams and more than 15 lakes, among them Lac du Belles, Oconomowoc, the Menominee Chain, Neenah, Koshong, Koshong, etc. Give much time in setting around. Reg. Price \$1. each, 2 free with deal.

**2 Drivers Charged After Cars Hit, Injure Pedestrians**

Elkhoff's children were standing nearby but were not hit, police said.

George M. Hopfensperger, 36, of 508 E. Wilson street, was ordered to appear in traffic court after his truck hit Miss Esther Garvey, 48, of 325 S. Memorial drive Saturday afternoon at Lawrence street and Memorial. Miss Garvey received a possible broken hip and bruises. She was taken to St. Elizabeth hospital by Larry's ambulance.

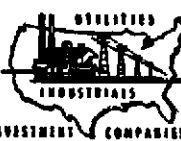

John Hinkens, 33, of 932 W. Brewster street, posted \$150 bond after his car hit Harlie Elkhoff, 39, of 1131 W. Hawes avenue, as Elkhoff stood beside his car in the 700 block of W. Brewster Friday night.

## We Have Prepared A Report On Bergstrom Paper Company

Class A Common Shares, Non-Voting

BERGSTROM, a leading producer of uncoated printing papers for publishers of textbooks, law-books and encyclopedias is now benefiting from an aggressive diversification program which has added offset, office printing safety papers to its line. Already accounting for some 25% of sales, these new products appear to offer impressive growth potentials. An alert management has been successful in directing research to maintain a special place for the company in a highly competitive field as well as to assure an economical raw material supply, unique in the industry. Bergstrom has in recent years demonstrated a record of earning growth and stability for outpacing all but a few paper producers, and further increases in sales of its expanded line can have a significant effect on earnings of this moderate-size company.

## WE RECOMMEND ITS PURCHASE

## Pleads Guilty To 2 Charges

Menasha Fined  
Total of \$135,  
Will Lose License

Neenah — Gene R. Haufe, 23, 644 1/2 Broad street, Menasha, pleaded guilty to charges of drunken driving and driving without wearing his glasses when arraigned before Police Justice E. P. Arpin Saturday morning. He was arrested after an

accident at N. Commercial and Clybourne streets in Neenah at 9 p.m. Friday involving his northbound car on N. Commercial street and two southbound cars driven by Mary F. Walker, 16, of 612 Roosevelt street, Neenah, and Richard F. Hamilton, 16, route 1, Neenah.

The two southbound drivers said Haufe turned wide out of a parking lot and collided with their cars. Haufe tested 19 on a drunkometer. Miss Walker was treated at Theda Clark hospital in Neenah for a chin laceration. Haufe was fined \$125 for drunken driving and \$10 for driving without his glasses. His license was automatically revoked for one year.

## Bowling League Sets Organization Meeting Tonight

An organizational meeting for a scratch league at Appleton's new "41 Bowl" bowling alleys will be held in Menasha's Recreation alleys at 7:30 tonight.

Officers will be elected and a name for the loop will be chosen, according to Lloyd Schreiber, Sr., who is organizing the league.

Individuals or teams wishing to enter should be represented at the meeting. Seven more teams are being sought to complete a 24-team league. Teams must have an average of 850, or better.

The league will bowl Thursdays at 9 p.m.

## Flying Club to Meet

The Appleton Flying club will meet at 7:30 p.m. today at the motorcycle club in the town of Menasha to see an air force training film and accept new members. The club now has 23 members.

## COMPLETE Insurance Protection

It will be milder in the northeast tonight while cooler weather is expected in the upper Mississippi valley and the northern Lakes region. Scattered showers are forecast for northern New England, the eastern Lakes area and southwestern Louisiana. Eastern Texas will have occasional rain.

## Spring Fever?

## Young Man's Fancy Is Other People's Cars

Spring and its traditional police problems of youthful car thefts and drinking kept county, city and village police busy this weekend.

Shortly after 2:30 a.m. Sunday, a 16-year-old Kaukauna youth collided his stolen car with another when he could not find the headlight switch. A short time before that, he had run another stolen car into the ditch. Both incidents were on County Trunk Z about a mile east of Kaukauna.

He fled the crash scene into a swampy field, losing his shoes in the process.

Spice and Sheriff's Lt. Jack Zuelzke got admissions of eight car thefts from 16- and 17-year-old Little Chute youths after they were taken into custody on County Trunk Z after a stolen car stopped operating.

One of the youths was very intoxicated after drinking a portion of a stolen bottle of whiskey, police said.

The youths for the last month or two have been stealing cars in Little Chute, Kimberly and Appleton and abandoning them after joyrides, investigation indicated. They also admitted petty thefts from the Appleton Eagles lodge and the Masonic temple.

A 13-year-old and his 17-year-old companion admitted stealing a pickup truck from a County Trunk A home Sunday morning after they were stopped by County Police Sgt. George Elise.

All the juvenile offenders have been referred to the juvenile court with investigations to be made by the county welfare department and Appleton Juvenile aid bureau.

The non-support charge was dismissed Friday in municipal court. The Post-Crescent inadvertently published conditions of a temporary court order issued April 1.

## EVERY DAY IS MOTHER'S DAY WITH ELECTRICITY AT HER SERVICE

Have you ever stopped to count up the work-saving ways electricity serves you around the house? Try it—and then guess how much time it would take you to do the same jobs without your electric service.

The time and energy you save are just part of the value you get in your electric service. When you think how little it costs, you'll agree that it's just about the best bargain you can find.

NOTE TO HER FAMILY: A new electric appliance is a wonderful way to say "We love you, Mom" on Mother's Day.

Chatting at the Reception at the Worcester Art center after the 26th annual MacDowell Male chorus concert Sunday night at Lawrence Memorial chapel are, left to right, Daniel P. Smith, organist, guest

## Audience Sings Along With MacDowell Men

BY KATHLEEN REARDON  
Post-Crescent Society Editor

April's final showers gave rise to a delightful and auditorium-resounding songfest Sunday evening as Appleton's MacDowell Male chorus presented its 26th annual spring concert at the Lawrence Memorial chapel.

Fifty male voices, ably directed by Edwin F. Zordel, filled the chapel with magnificent and brilliant tones on the first day of May. And the audience joined in for part of the show.

The opening selection was Sigmund Romberg's "Stout-hearted Men," which seemingly transplanted the audience to Morocco with the leopards where "The Desert Song" took place. Even

the innocent bystander couldn't help tapping out the beat on the seat in front of him.

### Tenor Solo

Dr. Robert Johnson, singing a tenor solo in another Romberg work, "Deep in My Heart, Dear," exhibited great tone quality. Tenors William Book and Clarence DeBruin, also pleased the audience with their solos in the "Drinking Song" and "In the Still of the Night."

The second part of the program was an organ concert by guest artist Daniel P. Smith, member of the Lawrence Conservatory faculty. He played four delightful selections on the four-manual organ exhibiting great skill in

artist and chorus accompanist; A. A. Glockzin, former conductor and founder of the chorus; Mr. and Mrs. Edwin F. Zordel; and Mrs. Glockzin. Zordel now conducts the 50-voice group.

soft passages as well as the powerful movements. As an encore he performed "The Fishers," by Drew. Smith also accompanied the chorus on piano and organ.

Leonard Krueger soloed in "The Navy Hymn" as his rich baritone voice carried the strains to the last row of the audience. Baritone Kenneth Schroeder was featured in the "Battle Hymn of the Republic" accompanied on the drums by Kenneth Mueller.

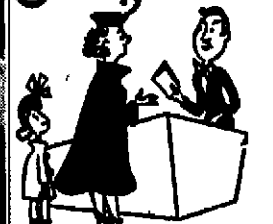

### Audience Participation

The surprise twist to the show came during the intermission when the master of ceremonies, Karel Richmond, led community singing of some old favorites. They included "When You Were a Tulip," "Let the Rest of the World Go By," "I Had a Dream, Dear," "I've Been Working on the Railroad," "Home on the Range," and concluded with the audience singing Alfalfa Hay to the tune of "Sweet Adeline."

### Use Many Pencils

New York — Americans used 14 billion pencils last year, or about nine per person, reports the Lead Pencil Manufacturers association. American industry was the biggest pencil user, followed by schools and government.

## Social Security

### QUESTIONS AND ANSWERS

Q. I am planning to file for disability benefits. I have worked under social security as a farmer for five years counting 1959. How disabled must I be to be eligible?

A. You must have a very severe disability. You must establish by medical evidence that your disability is not only severe, but that it is also expected to last indefinitely or result in your death. If your disability is slight or only temporary in nature, you could not qualify for disability protection. On the other hand, if your disability is so severe, for example—that you can no longer do your farm work or do any other kind of work, you should inquire at the social security office immediately.

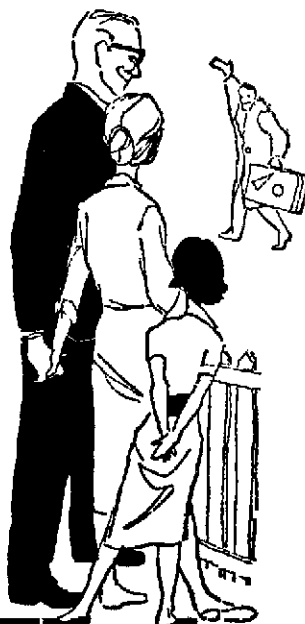

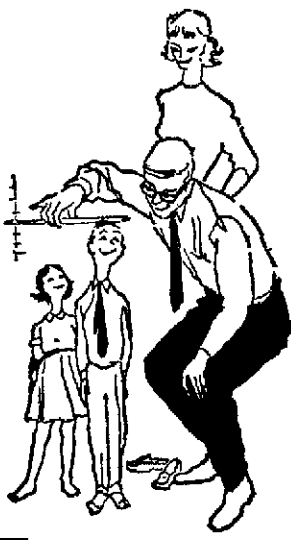

Q. Please excuse the handwriting as I lost my right hand in a cornpicker last year. Can I get disability payments because of my injury? I have to hire help on the farm now because there are so many jobs I cannot do.

A. No, you would not be considered sufficiently disabled to qualify for payments. You have a handicap which will require adjustment but will not prevent you from working in any substantially gainful work.

The social security administration office is in the courthouse annex, 461 S. Elm street, Appleton.

# How to plan ahead with much more confidence

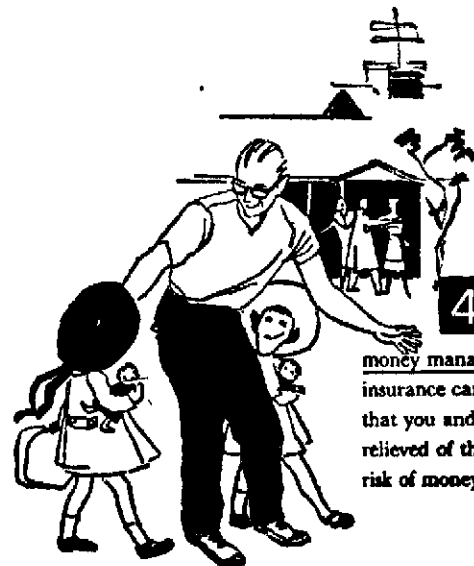

With adequate life insurance, you and your family are fully protected...now...during an emergency... at big expense time like college...and when you're set to take it easy. These are all advantages unique to life insurance.

**1** Peace of mind at the stroke of a pen. You guarantee your family an amount of money far greater than you could possibly save in many years.

**2** Guaranteed protection at any given time. You and your family know, in advance, exactly how much money will be available in an emergency.

**3** Guaranteed benefits at big-expense time. You can make certain that specific expenses such as your children's education and your mortgage will be met.

**4** Experienced money management. Your insurance can be so arranged that you and your wife are relieved of the burden and risk of money management.

**5** Guaranteed income when you're set to take it easy. Your life insurance can build an income which neither you nor your wife can outlive.

Life Insurance Is America's Most Widely Used Form Of Thrift

Life insurance, in addition to providing for family security, plays an important role in our national growth. Savings, through life insurance, help provide the funds for new schools, new factories and the new jobs a growing America needs. The money saved and used in this way also helps in the continuing fight against inflation.
